The Children in Our Lives Jane Adan, 1991-01-01 I was born at midnight. That means I can see ghosts when they want to be invisible, writes fourth grader David, demonstrating a child's capacity for making sense of personal experience. *The Children in Our Lives* explores this capacity as well as how adult misperceptions of children's experiences affect those children. It invites dialogue between teachers, parents, other caregivers, and the general public who value children for their own sakes. Adan looks for disparities between a child's experience and the adult's interpretation of that experience. In questioning middle class nurturance, she focuses on connections between experience and interpretation based on dominant traditional or mainstream values. She argues that force of habit as well as a preoccupation with public image predisposes adults to embrace the abstractions that distort perception. Consequently, children are impaired as adults are in their ability to generate communities that are grounded in a creative concern for all human beings.

Stalking the Tricksters Christopher O'Brien, 2011-08-11 Manifestations of the Trickster persona such as cryptids, elementals, werewolves, demons, vampires, and dancing devils have permeated human experience since before the dawn of civilization. But today very little is publicly known about The Tricksters. Who are they? What is their agenda? Known by many names including fools, sages, Loki, men in black, skinwalkers, shapeshifters, jokers, jinn, sorcerers, and witches, Tricksters provide us with a direct conduit to the unknown in the 21st century. Can these denizens of phenomenal events be attempting to communicate a warning to humanity in this uncertain age of prophesied change? Take a journey around the world stalking the tricksters. Since 1992, Christopher O'Brien has investigated the mysterious San Luis Valley in CO, NM, possibly America's most anomalous region. Among the many high strange events he has investigated there and elsewhere are dozens of reports of unusual trickster characters including Bigfoot, devils, crypto creatures, and witches. He also has experience with other fantastic trickster-like phenomena worldwide. O'Brien's *Mysterious Valley* book series and numerous TV and radio appearances have been appreciated by millions. Join him on this intriguing quest to identify the tricksters impacting the world in the modern age.
