Masks Of The Outcasts:

Masks of the Outcasts Andre Norton, 2005 Catseye Night of masks Masks of the Outcasts Andre Norton, 2004-04-01
The planet Korwar was a glittering jewel of a world inhabited by the galaxy's wealthiest visited by the upper classes of other worlds in search of diversion. The jewel had a flaw, the Dipple, its name coming from a contraction of displaced person where the misfits, the hopeless, the penniless eke out a wretched existence on the dole. Two young men hoped to escape from the Dipple. Troy Horan was deported from his own planet after it lost an interstellar war. When he had a chance to work in an unusual pet shop offering exotic creatures from other worlds to the wealthy, he thought his luck had changed. But the owner was playing a dangerous game of intrigue and when he was murdered, Troy barely escaped with his own life. Aided only by telepathic animals from old Terra who had befriended him, he had no choice but to hide in ruins left behind by the now vanished original inhabitants of Korwar, ruins which explorers had entered without returning. Nik Kolherne had a face so cruelly scared and disfigured that he wore a mask to cover it. When he was recruited with a promise of being given a new face, a face which would make a young heir think he was someone else, he was uneasy but accepted the offer. Then he found out that he was party to a kidnapping for more sinister purposes than he had been told and he was the only hope of the young heir's survival if the two of them could survive on a planet veiled in eternal night, swarming with dangerous predators. Comedy and the Public Sphere Árpád Szakolczai,2013 The book aims at reframing the discussion on the public sphere usually understood as the place where the public opinion is formed through rational discussion The aim of this book is to give an account of this rationality and its serious shortcomings examining the role of the media and the confusing of public roles and personal identity It focuses in particular on the role of the theatrical and comical in the historical development of the public sphere and in this manner reformulating definitions of common sense personal identity and culture

Permanent Liminality and Modernity Arpad Szakolczai,2016-10-04 This book offers a comprehensive sociological study of the nature and dynamics of the modern world through the use of a series of anthropological concepts including the trickster schismogenesis imitation and liminality Developing the view that with the theatre playing a central role the modern world is conditioned as much by cultural processes as it is by economic technological or scientific ones the author contends the world is to a considerable extent theatrical a phenomenon experienced as inauthenticity or a loss of direction and meaning As such the novel is revealed as a means for studying our theatricalised reality not simply because novels can be understood to be likening the world to theatre but because they effectively capture and present the reality of a world that has been thoroughly theatricalised and they do so more effectively than the main instruments usually employed to analyse reality philosophy and sociology With analyses of some of the most important novelists and novels of modern culture including Rilke Hofmannsthal Kafka Mann Blixen Broch and Bulgakov and focusing on fin de si cle Vienna as a crucial threshold chronotope of modernity Permanent Liminality and Modernity demonstrates that all seek to investigate and unmask the theatricalisation of modern life with its progressive loss of meaning and our deteriorating capacity to distinguish between what is meaningful and what is artificial Drawing on the work of Nietzsche Bakhtin and Girard to examine the ways in which novels explore the reduction of human existence to a state of permanent liminality in the form of a sacrificial carnival this book will appeal to scholars of social anthropological and literary theory

The Mask of Art Clyde Taylor,1998-11-22 Taylor exposes the concept of art as a tool of ethnocentricity and radical ideology He challenges the history of aesthetics as a recent invention of privileged Western consumerism and questions the myth of its ancient Greek origin

Sebastian Berlich,2023-10-27 Pop stars are close to us In their songs their pictures their stories on Instagram What we are looking for is an authentic impression Real feelings on real faces But what happens when they cover their face with a mask Permanently as a second face The phenomenon can be found in the mainstream as well as in the underground The mask does not break with the ideal of authenticity Rather depending on how it is staged it refers to the most diverse discourses can appear cool or grotesque become a logo or create anonymity The essay uses mainly two examples Sido Slipknot to show how the mask constructs the persona of pop stars and thus reveals structures of pop music The translation was done with the help of artificial intelligence A subsequent human revision was done primarily in terms of content Artistic Utopias of Revolt Julia Ramírez Blanco,2018-03-13 This book analyses the aesthetic and utopian dimensions of various activist social movements in Western Europe since 1989 Through a series of case studies it demonstrates how dreams of a better society have manifested themselves in contexts of political confrontation and

how artistic forms have provided a language to express the collective desire for social change The study begins with the 1993 occupation of Claremont Road in east London an attempt to prevent the demolition of homes to make room for a new motorway In a squatted row of houses all available space was transformed and filled with elements that were both aesthetic and defensive so when the authorities arrived to evict the protestors sculptures were turned into barricades At the end of the decade this kind of performative celebration merged with the practices of the antiglobalisation movement where activists staged spectacular parallel events alongside the global elite s international meetings As this book shows social movements try to erase the distance that separates reality and political desire turning ordinary people into creators of utopias Squatted houses carnivalesque street parties counter summits and camps in central squares all create a physical place of these utopian visions
