Masonic Light On The Abduction And Murder Of William Morgan 1886:

Masonic Light on the Abduction and Murder of William Morgan P. C. Huntington, 2014-03 This Is A New Release Of The Original 1886 Edition Shadows of the Past: Chronicles of Life in Antebellum America B. P. Stricker, 2025-02-15

Antebellum history often focuses on the national and state circumstances facing the American people at the time From the end of the War of 1812 until the beginning of the Civil War America was struggling to find common ground on numerous problems dividing the country Ultimately the government failed to prevent the outbreak of civil war But behind the scenes during all the decades of political maneuvering ordinary citizens throughout the country were still living their lives People worked married had families and interacted daily Shadows of the Past is about those people Through fifteen intriguing chapters Shadows of the Past offers a unique look into how lesser known changes events and social interactions in cities and towns across the country affected the lives of ordinary citizens A few descriptive incidents will better illustrate the approach of Shadows of the Past Steam power revolutionized how Americans traveled and shipped commodities The new technology was an extreme benefit to the individual the economy and the country as a whole But the steamboat also had its complications This new form of energy had not wholly been mastered and if crews were not adequately trained to operate the dangerous equipment malfunctions could easily occur This is precisely what happened to the Lexington and Princess steamboats The experience of the calamity for the people on the boats and those who witnessed the events is extraordinary Personal honor was a complex set of mores in Antebellum America When a man of honor was dishonored by another the result was often violent retribution It could be a duel legal in some regions but not others or spontaneous violent retaliation The latter occurred in 1859 when two political newcomers in Washington D C settled a problem involving one of their wives An arrest and trial in the case offered a unique legal defense that had never been successfully attempted in America The Mormons struggled in Antebellum America to establish their religion Incidents across the country forced them to move further and further West But even then they found no peace Constant harassment caused them to develop a more offensive position than they preferred When an emigrant wagon train heading to California in 1857 attempted to cross the Utah Territory in an area known as Mountain Meadows the encounter they had with the Mormons changed their lives and the course of Mormon history Freemasonry in the United States has a long and ancient history It began in America in colonial times and grew to such an extent that its power and influence in the country was without reproach However in 1826 in New York when an offended Freemason who threatened to reveal the fraternity's secrets disappeared without a trace the public began to develop a less friendly attitude toward the secret society The investigation into the missing man's disappearance and what was believed to be murder changed the view of the public toward the Freemasons in America The theater was one of the most popular pastimes during the Antebellum Period It was one of the rare venues where all social classes intermingled much to the chagrin of the upper class whose public etiquette differed significantly from the rabble of the

working class Patrons were also passionate about specific actors and tended to extend their loyalty to those who fit their social class When an actor from England insulted the working class followers of an American actor nationalism overflowed into a violent confrontation in 1849 at the Astor Place Opera House The approach of Shadows of the Past to historical events and incidents in Antebellum America will captivate the reader and inspire them to reassess the history of the common citizen in the Antebellum Era

Ritual America Craig Heimbichner, Adam Parfrey, 2012-03-06 Adam Parfrey is one of the nation's most provocative publishers Seattle Weekly Secret society historian Craig Heimbichner follows the Middle Path to wisdom He works the graveyard shift in the secret lodge Joan d Arc Paranoia magazine Secret societies now a staple of bestseller novels are pictured as sinister cults that use hooded albinos to menace truth seekers Some conspiracy books claim that fraternal orders are the work of serpentine aliens and interbred humans who wish to supplant earth of its energy and later its very existence On the other side of the aisle books by high ranked Freemasons skeptical in tone but no less partisan in approach protect their organization's public image by denying the existence of its most contentious ideas Ritual America reveals the biggest secret of them all that the influence of fraternal brotherhoods on this country is vast fundamental and hidden in plain view In the early twentieth century as many as one third of America belonged to a secret society And though fezzes and tiny car parades are almost a thing of the past the Gnostic beliefs of Masonic orders are now so much a part of the American mind that the surrounding pomp and circumstance has become faintly unnecessary The authors of Ritual America contextualize hundreds of rare and many never before printed images with entertaining and far reaching commentary making an esoteric subject provocative exciting and approachable Adam Parfrey is the author of Cult Rapture Revelations of the Apocalyptic Mind and It's a Man's World Men's Adventure Magazines the Postwar Pulp He is editor of the influential Apocalypse Culture series Love Sex Fear Death The Inside Story of the Process Church of the Final Judgment Craig Heimbichner has recently appeared on a National Geographic documentary about the Bohemian Grove contributed to the Feral House compilation Secret and Suppressed II and wrote about the famous occult order the O T O in Blood and Altar
