**Diseases of the Heart. By James Mackenzie** Sir James Mackenzie, 1908 *Streams of Light from a Heart Held* Julie Grant, 2024-11-05 When Julie Grant found herself thrust head-on into grief after the sudden loss of her husband John in 2018, she discovered there were only two choices to consider. She could either turn to God with all the pieces of her broken heart or turn away from Him. After deciding to courageously pursue her Father each morning with a posture of trusting surrender, she found the strength to survive one day, one hour, sometimes one breath at a time. In a daily devotional, Julie leans on biblical inspiration while sharing a moving glimpse into her real-time journey through grief as God gently pieced her heart back together and whispered of possibilities, dreams, and life in abundance. While revealing His teachings of grace and redemption, joy and gratitude, compassion and love, trust and surrender, and the beauty to be discovered with Him, she gently reminds believers that no matter what we encounter while on this side of heaven, He is always with us. *Streams of Light from a Heart Held* is a poignant daily devotional that leads believers down a path of spiritual growth and healing to the comforting understanding that God is good all the time.

**Masquerades of War**  
Christine Sylvester, 2015-05-22 This collection explores the concepts and practices of masquerade as they apply to concepts and practices of war The contributors insist that masquerades are everyday aspects of the politics praxis and experiences of war while also discovering that finding masquerades and tracing how they work with war is hardly simple With a range of theories innovative methodologies and contextual binoculars masquerade emerges as a layered and complex phenomenon It can appear as state deception lie or camouflage as in the population centric American warfare in Iraq that was sold as good for the local people or the hidden violence Russian military forces used on each other and on local men in Chechnya Masquerade can also be part of a people s war logic as exemplified by the Maoist movement in India Yet masquerade can also be understood as a normal social mask that people don to foreground an identity or belief from one s cluttered repertoire in order to gain agency Elements of masquerade can appear in texts that proclaim seemingly unequivocal positions while simultaneously yet subtly suggesting opposing positions Masquerades of all kinds also seem ubiquitous in fieldwork research and in resistance movements in war zones Perhaps masquerade though is ultimately the denial of death lurking behind the clarion call of security a call that bolsters war by making militarized policing normal to secure populations from terrorists These interpretations and others comprise Masquerades of War This book will be of much interest to students of critical war studies critical security conflict studies and IR in general
