*Eyewitness to the Fetterman Fight* John H. Monnett, 2017-03-16 The Fetterman Fight ranks among the most crushing defeats suffered by the U S Army in the nineteenth century West On December 21 1866 during Red Cloud s War 1866 1868 a well organized force of 1 500 to 2 000 Oglala Lakota Northern Cheyenne and Arapaho warriors annihilated a detachment of seventy nine infantry and cavalry soldiers among them Captain William Judd Fetterman and two civilian contractors With no survivors on the U S side the only eyewitness accounts of the battle came from Lakota and Cheyenne participants In *Eyewitness to the Fetterman Fight* award winning historian John H Monnett presents these Native views drawn from previously published sources as well as newly discovered interviews with Oglala and Cheyenne warriors and leaders Supplemented with archaeological evidence these narratives flesh out historical understanding of Red Cloud s War Climate change in the mid nineteenth century made the resource rich Powder River Country in today s Wyoming increasingly important to Plains Indians At the same time the discovery of gold in Montana encouraged prospectors to pass through the Powder River region on their way north and so the U S Army began to construct new forts along the Bozeman Trail In the resulting conflict the Lakotas and Cheyennes defended their hunting ranges and trade routes Traditional histories have laid the blame for Fetterman s 1866 defeat and death on his incompetent leadership and thus implied that the Indian alliance succeeded only because of Fetterman s personal failings Monnett s sources paint another picture Narratives like those of Miniconjou Lakota warrior White Bull suggest that Fetterman s actions were not seen as rash or reprehensible until after the fact Nor did his men flee the field in panic Rather they fought bravely to the end The Indians for their part used their knowledge of the terrain to carefully plan and execute an ambush ensuring them victory Critical to understanding the nuances of Plains Indian strategy and tactics the firsthand narratives in *Eyewitness to the Fetterman Fight* reveal the true nature of this Native victory against regular army forces     *Attu* John Haile Cloe, United States. National Park Service, 2017 The Battle of Attu which took place from 11 30 May 1943 was a battle fought between forces of the United States aided by Canadian reconnaissance and fighter bomber support and the Empire of Japan on Attu Island off the coast of the Territory of Alaska as part of the Aleutian Islands Campaign during the American Theater and the Pacific Theater and was the only land battle of World War II fought on incorporated territory of the United States It is also the only land battle in which Japanese and American forces fought in Arctic conditions The more than two week battle ended when most of the Japanese defenders were killed in brutal hand to hand combat after a final banzai charge broke through American lines Related products Aleutian Islands The U S Army Campaigns of World War II is available here <https://bookstore.gpo.gov/products/aleutian-islands-us-army-campaigns-world-war-ii-pamphlet> Aleutians Historical Map can be found here <https://bookstore.gpo.gov/products/aleutians-historical-map-poster> Other products produced by the U S Department of Interior National Park Service can be found here <https://bookstore.gpo.gov/agency/national-park-service-nps> World War II resources collection is available here <https://bookstore.gpo.gov/agency/national-park-service-nps>

**Massacres** Cheryl P. Anderson, Debra L. Martin, 2018-11-05 The goal of this edited volume is to present case studies that integrate the evidence from human remains with the broader cultural and historical context through the utilization of social theory to provide a framework for interpretation This volume highlights case studies of massacres across time and space that stress innovative theoretical models that help make sense of this unique form of violence The primary focus will be on how massacres are used as a strategy of violence across time and cultural geopolitical landscapes

**The Aleutians 1942-43** Brian Lane Herder, 2019-03-21 A highly illustrated study of the Japanese conquest and American reconquest of the Aleutian Islands off the coast of Alaska one of the most inhospitable theatres of World War II It is often forgotten that during World War II the Japanese managed to successfully invade and conquer a precious part of American home soil the first time this had happened since 1815 Capturing the Aleutian Islands located in Alaska territory was seen by the Japanese as vital in order to shore up their northern defensive perimeter Fighting in the Aleutians was uniquely brutal It is a barren rugged archipelago of icy mountains and thick bogs with a climate of constant snow freezing rains and windstorms These geographic conditions tended to neutralize traditional American strengths such as air power radar naval bombardment and logistics The campaign to recapture the islands required extensive combined ops planning and inflicted on the United States its second highest casualty rate in the Pacific Theatre Featuring the largest Japanese banzai charge of the war first use of pre battle battleship bombardment in the Pacific and the battle at the Komandorski Islands this is the full story of the forgotten battle to liberate American soil from the Japanese
