**Anyone Can Play Music** Josh Turknnett, 2025-03-18 A neuroscience based approach to learning how to play music at any age You can learn to play music no matter what you ve been told about your musical talent or aptitude Each and every one of us has been gifted with a fully customizable brain one we can mold to learn anything at any age With the right instruction and methods learning to play music can be an endless source of joy and fulfillment And learning to play music isn t just fun it s also the ideal brain fitness activity Dr Turknnett a neurologist self taught multi instrumentalist and the founder of Brainjo and the Brainjo Method of instruction which has been used successfully by thousands of people distills the principles of learning to play music down into a set of universal laws that can be applied to

any instrument His innovative and proven approach synthesizes the latest in neuroscience and skill building theory emphasizing practicing smarter not harder recognizing that there is no failure only feedback and leveraging the immense power of subconscious learning Success or failure in learning to play music just like anything else is driven by how we learn More specifically it is driven by how well we engage our brain s remarkable ability to change itself Anyone Can Play Music is about the fundamental principles of learning an owner s manual for molding a musical mind The benefits of learning an instrument extend beyond the immense pleasure that it brings Recent research indicates that stimulating neuroplasticity or the brain s ability to change itself leads to brain growth reverses brain aging and even restores youthful brain function The more areas of the brain that are stimulated the greater the benefit And when it comes to a whole brain workout nothing beats playing music While much of Dr Turknett s detailed instructions are music specific the strategies underpinning this book apply not only to learning to play music but to any kind of skill building Our plastic brains are capable of so much more than we realize as long as we can learn how to learn

**The Call of Bilal** Edward E. Curtis IV, 2014-10-15 How do people in the African diaspora practice Islam While the term Black Muslim may conjure images of Malcolm X and Muhammad Ali millions of African descended Muslims around the globe have no connection to the American based Nation of Islam The Call of Bilal is a penetrating account of the rich diversity of Islamic religious practice among Africana Muslims worldwide Covering North Africa and the Middle East India and Pakistan Europe and the Americas Edward E Curtis IV reveals a fascinating range of religious activities from the observance of the five pillars of Islam and the creation of transnational Sufi networks to the veneration of African saints and political struggles for racial justice Weaving together ethnographic fieldwork and historical perspectives Curtis shows how Africana Muslims interpret not only their religious identities but also their attachments to the African diaspora For some the dispersal of African people across time and space has been understood as a mere physical scattering or perhaps an economic opportunity For others it has been a metaphysical and spiritual exile of the soul from its sacred land and eternal home
