guarded lucrative and entirely masculine preserve In the 1950s Carleen Maley Hutchins was a grade school science teacher amateur trumpet player and New Jersey housewife When musical friends asked her to trade a trumpet for a 75 viola she decided to try making one thus setting in motion a surprising career A self taught genius who went head to head with a closed and ancient guild Hutchins carved nearly 500 stringed instruments over the course of half a century and collaborated on more than 100 experiments in violin acoustics In answer to a challenge from a composer she built the first violin octet a family of eight violins ranging in size from an eleven inch treble to a seven foot contrabass and in register across the gamut of the piano keyboard She wrote more than 100 technical papers including two benchmark Scientific American cover articles founded an international society devoted to violin acoustics and became the only American and the only woman to be honored in Cremona Italy the birthplace of Stradivari Hutchins died in 2009 at the age of ninety eight The most innovative violinmaker of the modern age she set out to explore two worlds she knew virtually nothing about violins and acoustical physics American Luthier chronicles the life of this unsung woman who altered everything in a world that had changed little in three centuries

Violins of Hope James A. Grymes, 2014-08-12 A stirring testament to the strength of the human spirit and the power of music Violins of Hope tells the remarkable stories of violins played by Jewish musicians during the Holocaust and the Israeli violin maker dedicated to bringing these inspirational instruments back to life The violin has formed an important aspect of Jewish culture for centuries both as a popular instrument with classical Jewish musicians Jascha Heifetz Yehudi Menuhin Itzhak Perlman and also a central factor of social life as part of the enduring Klezmer tradition But during the Holocaust the violin assumed extraordinary new roles within the Jewish community For some musicians the instrument was a liberator for others it was a

savior that spared their lives For many the violin provided comfort in mankind s darkest hour and in at least one case helped avenge murdered family members Above all the violins of the Holocaust represented strength and optimism for the future In *Violins of Hope* music historian James A Grymes tells the amazing horrifying and inspiring story of the violins of the Holocaust and of Amnon Weinstein the renowned Israeli violinmaker who has devoted the past twenty years to restoring these instruments in tribute to those who were lost including 400 members of his own family Juxtaposing tales of individual violins with one man s harrowing struggle to reconcile his own family s history and the history of his people it is a poignant affecting and ultimately uplifting look at the Holocaust and its enduring impact *The Violin Times* ,1897 *Practical History of the Violin...* Heinrich Bauer,1911 **The Violin-makers of the Guarneri Family, 1626-1762** William Henry Hill,Arthur Frederick Hill,Alfred Ebsworth Hill,1989-01-01 A family history of the legendary violinmakers of Mantua Cremona and Venice and the definitive commentary on their craftsmanship Includes 131 photographs 16 in full color **Abraham** Jack Kuhatschek,2004-07-08 As Jack Kuhatschek leads you through nine session LifeGuide Bible Study on Abraham s life you ll learn to listen to obey and trust the God who always keeps his promises *The Socialite Who Killed a Nazi with Her Bare Hands and 143 Other Fascinating People Who Died This Past Year* William McDonald,2012-10-30 Returning for its second year but reimaged in a new impulse format with a new title new cover new mission and new sensibility here is *The Socialite Who Killed a Nazi with Her Bare Hands* a pithier quirkier collection of the 164 best page turning obituaries from The New York Times Written by top journalists each story is a gem of a bio a full life in miniature There s the famous Steve Jobs including the story of how he was reunited with a sister he never knew the novelist Mona Simpson And the almost famous Ruth Stone a poet who worked in relative obscurity until she won the National Book Award at the age of 87 The behind the scenes like Arch West inventor of the Dorito who pulled America s snacks out of the 1950s doldrums and created a 5 billion a year product and the out there like self styled anarchist and maverick artist and real estate mogul and museum director Bob Cassilly who died at the controls of his bulldozer while building Cementland in St Louis And because of the chronological organization of the book the stories one next to the other make for an addictive as salted peanuts book Mark O Hatfield the celebrated antiwar Republican senator from Oregon next to Nancy Wake of the title the impoverished New Zealander who grew up to become a high society hostess and heroine of the French Resistance the socialite who did indeed kill a Nazi with her bare hands *The Violin* Mark Katz,2006-02-09 The violin was first mentioned in a book in the sixteenth century An abundant and diverse literature on the instrument has grown since then and a complete general guide to these materials has not been produced in the modern era The last Edward Heron Allen s *De Fidiculis Bibliographia* was published in1894 This book fills that void organizing and annotating information on the violin from a variety of fields and sources It provides a comprehensive though selective guide to all facets of the instrument The book is divided into 4 main parts Reference and General Studies Acoustics and Construction Violin Playing Performance Practice and Music and Violinists Composers and

Violin Teachers It will serve as a ready reference for students and scholars and is a welcome addition to the esteemed Routledge Music Bibliography series
