The collection of drawings at the Getty Museum was started in 1981 with the purchase of Rembrandt's *Nude Woman with a Snake* and has steadily expanded since then so that now at the turn of the new millennium it stands at more than six hundred drawings and is sheet for sheet one of the best anywhere. The Getty goal is to create from the finest examples a collection of the different Western European schools of drawing before 1900 with special emphasis on the work of the most important and accomplished draftsmen. The collection now contains superb examples of the work of Leonardo da Vinci, Raphael, Michelangelo, Dürer, Rembrandt, Claude Lorraine, Watteau, Gainsborough, David, Millet, Manet, Van Gogh, and Degas. This is the fourth in the series of catalogues describing the drawings in the Getty Museum. Most of the drawings discussed in the present volume were chosen for the collection in the period of 1994 to 1998 and include examples from the Italian, German, Dutch, and Flemish, French, Spanish, and British schools. Also included are several gifts from private collectors which mark the start of a tradition that it is hoped will continue in the future. The catalogue entries for these new acquisitions are organized first by national school and then by artist. The book also includes a bibliography and indexes of artists, former owners, related drawings, prints, and works in other media.      **Man, Myth, and Sensual Pleasures** Jan Gossaert, Stijn Alsteens, Nadine Orenstein, Lorne Campbell, Metropolitan Museum of Art (New York, N.Y.), National Gallery (Great Britain), 2010. Issued in connection with an exhibition held Oct 5 2010 Jan 17 2011. Metropolitan Museum of Art New York and Feb 23 May 30 2011 National Gallery London selected paintings only.

Rembrandt Drawings Seymour Slive, 2019-09-17. Seymour Slive, who should be considered the dean of scholars of 17th century Dutch art, brings a lifetime of study and erudition to *Rembrandt Drawings*. You would have to go a long way to find a better guide than Mr. Slive. *Wall Street Journal*. Written by renowned Rembrandt scholar Seymour Slive, this gorgeous volume explores the artist's extraordinary achievements as a draftsman by examining more than 150 of his drawings. Reproduced in color, these works are accompanied by etchings and paintings by Rembrandt and others, including Leonardo and Raphael. Unlike other publications of Rembrandt's drawings, here they are arranged thematically, which makes his genius abundantly clear. Individual chapters focus on self-portraits, portraits of family members and friends, the lives of women and children, nudes, copies, model and study sheets, animals, landscapes, and buildings, religious and mythological subjects, historical subjects, and genre scenes. Slive discusses possible doubtful attributions which account for the considerable reduction from earlier times in the number of drawings now ascribed to the master.      **European Drawings 2** George R. Goldner, Lee Hendrix, Kelly Pask, 1992-10-08. The Getty Museum's collection of drawings was begun in 1981 with the purchase of a Rembrandt nude and has since become an important repository of European works from the fifteenth through the nineteenth

century As in the first volume devoted to the collection published in 1988 in English and Italian editions the text is here organized first by national school then alphabetically by artist with individual works arranged chronologically For each drawing the authors provide a discussion of the work s style dating iconography and relationship to other works as well as provenance and a complete bibliography
