Mastering Fear:

Mastering Fear Rikke Schubart, 2018-07-12 Mastering Fear analyzes horror as play and examines what functions horror has and why it is adaptive and beneficial for audiences. It takes a biocultural approach and focusing on emotions, gender, and play, it argues we play with fiction horror. In horror we engage not only with the negative emotions of fear and disgust but with a wide range of emotions both positive and negative. The book lays out a new theory of horror and analyzes female protagonists in contemporary horror from child to teen, adult, middle age, and old age. Since the turn of the millennium, we have seen a new generation of female protagonists in horror. There are feisty teens in *The Vampire Diaries* (2009-2017), troubled mothers in *The Babadook* (2014), and struggling women in the New French extremity with *Martyrs* (2008) and *Inside* (2007). At the fuzzy edges of the genre are dramas like *Pan's Labyrinth* (2006) and *Black Swan* (2010), and middle age women are now protagonists with Carol in *The Walking Dead* (2010) and Jessica Lange's characters in *American Horror Story* (2011). Horror is not just for men but also for women and not just for the young but for audiences of all ages. *Mastering Fear* Brandon Webb, John David Mann, 2018-08-07 From New York Times bestselling author and former Navy SEAL, Brandon Webb comes a simple yet powerful five-step guide to transforming your life by making your fears work for you instead of against you. Brandon Webb has run life-threatening missions in the world's worst trouble spots, whether that meant jumping out of airplanes, taking down hostile ships on the open sea, or rolling prisoners in the dead of night in the mountains of Afghanistan. As a Navy SEAL, he learned how to manage the natural impulse to panic in the face of terrifying situations. As media CEO and national television commentator, he has learned how to apply those same skills in civilian life. Drawing on his experiences in combat and business, along with colorful anecdotes from his vast network of super-achiever friends, from astronauts to billionaires, Webb shows how people from all walks of life can stretch and transcend their boundaries and learn to use their fears as fuel to achieve more than they ever thought possible. Fear can be a set of manacles holding you prisoner, writes Webb. Or it can be a slingshot catapulting you on to greatness. The key, says Webb, is not to fight fear or try to beat it back but to embrace and harness it. In the process, rather than being your adversary, your fear becomes a secret weapon that allows you to triumph in even the most adverse situations. In *Mastering Fear*, Webb and his bestselling coauthor John David Mann break this transformation down into five practical steps, creating a must-read manual for anyone looking for greater courage and mastery in their lives. Mastering Fear Robert Maurer, Michelle Gifford, 2016-01-25 From the author of *One Small Step Can Change Your Life*, science-backed guidance on how to overcome anxiety and reduce stress for greater personal success. Achieving and sustaining success is difficult. Why do some people struggle to get started or stay the course? Why do others seem to sabotage their hard-earned victories? What makes some people stumble and fall when they seem to possess the requisite skills to soar? Most importantly, what can be done to change these patterns and their outcomes? Based on years of research, *Mastering Fear* answers these questions and many more with its surprising perspective on stress, fear, and the

single most important skill necessary to achieve maximum results Studies worldwide have tracked the lives of hundreds of individuals over decades in search of the foundations of excellence Dr Robert Maurer has culled and refined this data dispelling current myths and revealing practical strategies to maximize passion and performance in any individual team or organization In Mastering Fear you will discover that Stress can t be cured because stress as we know it does not exist Fear plays a crucial role in undermining or driving all success There is one skill you absolutely must see in others before you can trust them You may already possess the single most critical skill for achieving and sustaining success in all key areas of life
