## **Mastering Basicsromans:**

*Romans: Three Exegetical Interpretations and the History of Reception* Daniel Patte, 2018-07-26 In the first of a three volume work Daniel Patte presents three very different critical exegeses of Romans 1 arguing that all are equally legitimate and hermeneutically plausible By expanding upon and respecting the exegeses of many erudite scholars of the last two centuries Patte concludes that three families of vastly different critical interpretations are fully justified traditional philological and epistolary studies rhetorical and sociocultural studies and figurative studies of the coherence of Paul's teaching Arising from a long standing interdisciplinary investigation of many receptions of Romans in light of recent diversification of exegetical methodologies Patte concludes that the interpretation of a scriptural text necessarily involves making a choice among equally legitimate and plausible alternatives and second that this choice is always contextual and ethical When these points are denied by failing to respect the interpretations of others and absolutizing one's interpretation instead of being a scriptural blessing Romans becomes a deadly weapon against others heretics Jews Shoah and many others The result is a threefold commentary of Romans 1 that is unique in its scope and thorough going exegesis **Spiritual Transformation** Richard Peace, 2016-10-21 Transformation is what Christianity is all about To follow Jesus is to enter into a journey from an old way of living to a new way of being As Christians our goal is to become ever more conformed to the image of Christ Of course we cannot attain this high goal in our lifetime But we can make progress We can become more of who we long to be We can leave behind old ways that have not served us well We can become more loving to others more open to God more in tune with who we are called to be Such transformation does not happen automatically even though it is the Holy Spirit working in us to change us We are asked to work out your own salvation with fear and trembling for it is God who is at work in you enabling you both to will and to work for his good pleasure Phil 2 12 13 We work God works in us This book is about our part in the work of transformation Spiritual Transformation examines two main themes 1 The Dynamics of Spiritual Transformation are explored in six small group sessions what it is and how it happens 2 The Goal of Spiritual Transformation is described in six small group Bible studies focusing on Romans 12 13 where Paul provides a blueprint for how we are meant to live as followers of Jesus **A Rereading of Romans** Stanley Kent Stowers, 1994-01-01 Paul's Letter to the Romans is one of the most influential writings of Christian theology In this reinterpretation the author provides a new reading that places Romans within the sociocultural historical and rhetorical contexts of Paul's world *Behold the Man* Colleen Conway, 2008-05-07 In this book Colleen Conway looks at the construction of masculinity in New Testament depictions of Jesus She argues that the New Testament writers necessarily engaged the predominant gender ideology of the Roman Empire whether consciously or unconsciously Although the notion of what constituted ideal masculinity in Greek and Roman cultures certainly pre dated the Roman Empire the emergence of the Principate concentrated this gender ideology on the figure of the emperor Indeed critical to the success of the empire was the portrayal of the emperor as the ideal man and

the Roman citizen as one who aspired to be the same Any person who was held up alongside the emperor as another source of authority would be assessed in terms of the cultural values represented in this Roman image of the manly man Conway examines a variety of ancient ideas of masculinity as found in philosophical discourses medical treatises imperial documents and ancient inscriptions Manliness in these accounts was achieved through self control over passions such as lust anger and greed It was also gained through manly displays of courage the endurance of pain and death on behalf of others With these texts as a starting point Conway shows how the New Testament writings approach Jesus gender identity From Paul s early letters to the Gospels and Acts to the book of Revelation Christian writings in the Bible confront the potentially emasculating scandal of the cross and affirm Jesus as ideally masculine Conway s study touches on such themes as the relationship between divinity and masculinity the role of the body in relation to gender identity and belief in Jesus as a means of achieving a more ideal form of masculinity This impeccably researched and highly readable book reveals the importance of ancient gender ideology for the interpretation of Christian texts
