**Travelling towards Home** Nicola Frost, Tom Selwyn, 2018-09-14 As we grapple with a growing refugee crisis a hardening of anti immigration sentiment and deepening communal segregation in many parts of the developed world questions of the nature of home and homemaking are increasingly critical This collection brings ethnographic insight into the practices of homemaking exploring a diverse range of contexts ranging from economic migrants to new Chinese industrial cities Jewish returnees from Israel to Ukraine and young gay South Asians in London While negotiating widely varying social political contexts these studies suggest an unavoidably multiple understanding of home while provoking new understandings of the material and symbolic process of making oneself at home Outlook Alfred Emanuel Smith, Francis Walton, 1914

**Moving Towards Home** June Jordan, 1989 **All I Wanted Was an Education** Omoviekovwa A. Nakireru, 1999-12 Some American children do not realize how blessed they are to have so many educational choices There are more than 3 000 universities and colleges in the United States offering every subject from Architecture to Zoology An average American student needs only the will to study and the zeal to accomplish and the sky is the limit Some students do not explore the educational opportunities presented to them They let the pressures of educational demands overwhelm them and many drop out of school for personal reasons For many foreign students like me the choices are limited and the road to success ranges from slim to none The obstacles are many and strenuous and they include financial problems home sickness culture shock weather adjustment Immigration Department concerns loneliness and the list goes on In the mist of these problems quitting is not an option There are two goals the will to survive and succeed because this opportunity may not be available again My story is based on the will to survive and accomplish a dream How did I survive Find out when you read All I wanted was an Education the Epic of a foreign Student **The Outlook** Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1914 Turn Off Your Mind Gary Lachman, 2003-06-01 How did a decade of love and peace end in Altamont and the Manson Family bloodbath Gary Lachman explores the sinister dalliance of rock s high rollers and a new wave of occultists tying together John Lennon Timothy Leary Mick Jagger Brian Wilson Charles Manson Anton LaVey Jim Morrison L Ron Hubbard and many more American cultural icons **Hospice Care and Culture** Teresa Chikako Maruyama, 2018-12-21 First published in 1999 Maruyama explores some significant difficulties and differences in bringing the western hospice philosophy to the Japanese medical culture Whilst not giving any definite answers this study determines what some of the critical questions that need to be considered into Japanese medicine as Mayuyama argues without defining these questions to begin with we cannot find appropriate solutions **Geographies of Liberation** Alex Lubin, 2014 Geographies of Liberation The Making of an Afro Arab Political Imaginary Between the Worlds Siân Lee MacDonald Reid, 2006 Neopaganism is the fastest growing new religion in the West Between the World Readings in Contemporary Neopaganism provides an engaging and well rounded introduction to this often misunderstood spiritual tradition This

**From West to East and Back Again** Peter Roberts,2012-07-30 Of all the great Western novelists of the twentieth century the German writer Hermann Hesse is arguably one of the most important for educationists Paying particular attention to Hesse s last novel The Glass Bead Game and its immediate predecessor The Journey to the East this book suggests that Hesse was a man of the West who turned to the idea of the East in seeking to understand himself and his society From these later texts a rich complex theory of educational transformation emerges From West to East and Back Again examines the role of dialogue and uncertainty in the transformative process considers utopian and ritualistic elements in Hesse s work and explores the notion of education serving as a bridge between life and death Hesse s novels address philosophical themes and questions of enduring significance and this book will appeal to all who share an interest in human striving and growth

**A Shadow over Palestine** Keith P. Feldman,2015-04-15 Winner Best Book in Humanities and Cultural Studies Literary Studies Association for Asian American Studies Upon signing the first U S arms agreement with Israel in 1962 John F Kennedy assured Golda Meir that the United States had a special relationship with Israel in the Middle East comparable only to that of the United States with Britain After more than five decades such a statement might seem incontrovertible and yet its meaning has been fiercely contested from the start A Shadow over Palestine brings a new deeply informed and transnational perspective to the decades and the cultural forces that have shaped sharply differing ideas of Israel s standing with the United States right up to the violent divisions of today Focusing on the period from 1960 to 1985 author Keith P Feldman reveals the centrality of Israel and Palestine in postwar U S imperial culture Some representations of the region were used to manufacture commonsense racial ideologies underwriting the conviction that liberal democracy must

coexist with racialized conditions of segregation border policing poverty and the repression of dissent Others animated vital critiques of these conditions often forging robust if historically obscured border crossing alternatives In this rich cultural history of the period Feldman deftly analyzes how artists intellectuals and organizations from the United Nations the Black Panther Party and the Association of Arab American University Graduates to James Baldwin Daniel Patrick Moynihan Edward Said and June Jordan linked the unfulfilled promise of liberal democracy in the United States with the perpetuation of settler democracy in Israel and the possibility of Palestine s decolonization In one of his last essays published in 2003 Edward Said wrote In America Palestine and Israel are regarded as local not foreign policy matters A Shadow over Palestine maps this jagged terrain on which this came to be amid a wealth of robust alternatives and the undeterred violence at home and abroad unleashed as a result of this special relationship
