Australians who had a similar fertility All of these have provided material for rollicking good yarns about the real people of the fictional parish St Kitts in a fictional country town in Victoria Australia going about their daily lives Historicizing Life-Writing and Egodocuments in Early Modern Europe James R. Farr, Guido Ruggiero, 2022-01-12 This volume historicizes the study of life writing and egodocuments focusing on early modern European reflections on the self self fashioning and identity Life writing and the study of egodocuments currently tend to be viewed as separate fields yet the individual as a purposive social actor provides significant common ground and offers a vehicle both theoretical and practical for a profitable synthesis of the two in a historical context Echoing scholars from a wide range of disciplines who recognize the uncertainty of the nature of the self these essays question the notion of the autonomous self and the attendant idea of continuous identity unfolding in a unified personality Instead they suggest that the early modern self was variable and unstable and can only be grasped by exploring selves situated in specific historical and social cultural contexts and revealed through the wide range of historical documents considered here The three sections of the volume consider first the theoretical contexts of understanding egodocuments in early modern Europe then the practical ways egodocuments from the period may be used for writing life histories today and finally a wider range of historical documents that might be added to what are usually seen as egodocuments *The Worlds of American Intellectual History* Joel Isaac, James T. Kloppenberg, Michael O'Brien, Jennifer Ratner-Rosenhagen, 2017 The Worlds of American Intellectual History follows American thinkers and their ideas as they have crossed national institutional and intellectual boundaries The volume explores ways in which American ideas have circulated in different cultures It also examines the multiple sites from social movements museums and courtrooms to popular and scholarly books and periodicals in which people have articulated and deployed ideas within and beyond the borders of the United States *Defeating the Demonic Realm (Expanded Edition)* Bill Vincent, 2025-03-13 Defeating the Demonic Realm Expanded Edition Revelations of Demonic Spirits Curses is a powerful scripture based guide to overcoming the forces of darkness Through personal experiences and biblical insights Bill Vincent reveals the hidden tactics of demonic spirits the impact of generational curses and the spiritual warfare necessary to walk in victory This expanded edition equips believers with the tools to break free from strongholds dismantle the Jezebel spirit and reclaim their divine inheritance With practical strategies for spiritual warfare deliverance and healing this book is a must read for those seeking freedom and deeper spiritual authority A Dictionary of the Holy Bible James Wood, 1804 Romans (Understanding the Bible Commentary Series) James R. Edwards, 2011-08-01 Martin Luther called Romans the clearest gospel of all But centuries of interpretive tradition and dogma have muddied the waters Edwards's careful exposition pays attention to literary detail and historical context to clarify the Epistle's significance for its original readers and for the church today The NIBC format section by section exposition of the NIV all Greek transliterated and separate textual and technical notes make this commentary ideal for laypeople and pastors **A Library of Fathers of the Holy Catholic Church, Anterior to the Division of the East**
