Fisher,2023-09-22 When we see the truth we know there is nothing in our lives more valuable than people and love We are at another time in our history in this life that important adjustments should be considered When we think about historical conversations about Noah and others we have an obligation to understand how we arrived at a point in time that the creator decided to reset most of human life The legitimacy of the Ark has been qualified and quantified by scholars and scientists alike This book through the eyes of a traveler beyond the veil captures the essences of truth and purpose I suggest the reader look inward beyond prejudice judgment and what they have been told and seek truth from the soul This writing walks through the veil that separates God from the creation The reader will explore the illusion of separation and how it would be required for an infinite being to learn of itself The core purpose of this book is to wake up your soul God
