Picture Of Defeat:

The Moving Picture World ,1916 *Knowledge, Belief, and God* Matthew A. Benton,John P. Hawthorne,Dani Rabinowitz,2018 Recent decades have seen a fertile period of theorizing within mainstream epistemology which has had a dramatic impact on how epistemology is done Investigations into contextualist and pragmatic dimensions of knowledge suggest radically new ways of meeting skeptical challenges and of understanding the relation between the epistemological and practical environment New insights from social epistemology and formal epistemology about defeat testimony a priority probability and the nature of evidence all have a potentially revolutionary effect on how we understand our epistemological place in the world Religion is the place where such rethinking can potentially have its deepest impact and importance Yet there has been surprisingly little infiltration of these new ideas into philosophy of religion and the epistemology of religious belief Knowledge Belief and God incorporates these myriad new developments in mainstream epistemology and extends these developments to questions and arguments in religious epistemology The investigations proposed in this volume offer substantial new life breadth and sophistication to issues in the philosophy of religion and analytic theology They pose original questions and shed new light on long standing issues in religious epistemology and these developments will in turn generate contributions to epistemology itself since religious belief provides a vital testing ground for recent epistemological ideas

Epistemic Defeat Jan Constantin,2021-06-21 A number of well developed theories shed light on the question under what circumstances our beliefs enjoy epistemic justification Yet comparatively little is known about epistemic defeat when new information causes the loss of epistemic justification This book proposes and defends a detailed account of epistemic defeaters The main kinds of defeaters are analyzed in detail and integrated into a general framework that aims to explain how beliefs lose justification It is argued that defeaters introduce incompatibilities into a noetic system and thereby prompt a structured re evaluation process that makes a justified reinstatement of the defeated belief impossible The account is then applied to the topic of disagreement where it is used in an argument for conciliationism as well as a new explanation for higher order defeat Throughout the book the notion of defeat is the center of attention while a number of new issues are discussed at the intersections of defeat and justification Specifically new problems are raised for broadly internalist accounts of defeat a fully descriptive reliabilist account of defeat is provided and the case for normative defeat is revisited

When the Holy Spirit Reveals MR Gregg N. Huestis,2011-01-19 When the Holy Spirit Reveals covers 12 separate yet intertwined topics The primary point of each chapter challenge the reader to reevaluate what he or she believes on each subject such as the power of the spoken word visualization and Scripture Paul s Thorn in the flesh women in the ministry tithing I want the reader to research all subjects for one s self and make their own decision based on researching God s Word Federal
