Plants and Flowers to Decorate Your Home Julilly H. Kohler,1977-05 *Floral Decorations for the Dwelling House* Annie Hassard,1876 How to Decorate Your House for Spring Ellisha Mendez,2012-03-02 ABOUT THE BOOK When the cold snow and ice begin to melt away from the streets yards and sidewalks the birds begin to chirp and the sun begins to shine it means Spring is on the way For many people these signs mean it's time to start decorating their homes and yards for the season of growth and renewal All you need to decorate your home for the Spring season is appropriate decorations motivation and a desire to learn a few new skills When you are preparing to decorate consider the size of your home your color and style preferences and which elements of Spring make you the happiest Decide if you want to decorate your entire home or just one or two rooms and figure out whether you want the Spring theme to make a large impact on your home or simply make its presence known with simple designs and details Common Spring decorations include butterflies flowers birds and pastel colors Many types of Spring decorations can be purchased from department stores or home decor stores If rustic or antique decorations are to your taste you can often find them at flea markets yard sales and antique stores Spring decorations can also be purchased online from many specialty stores craft stores and boutiques EXCERPT FROM THE BOOK Focal Points Every room needs a focal point The focal point of a room is the first thing you see when you enter the room or home It should be large enough to grab the viewer's attention and prepare them for the theme of the room For example if you have chosen to decorate your bedroom in butterflies you may want to make your focal point a large butterfly painting or print The focal point should be near the center or largest part of the room While the focal point should compliment the colors and patterns in the room it should not match them exactly If the room is a soft pastel pink color choose a focal point in a bright pink or another pastel shade such as blue or purple This will prevent one color from overwhelming the room and make the room seem more organized and larger Keep the filters of the pool clean on a daily basis Not doing so can clog the pool with unwanted debris and cause it to work harder and drawing on more electricity Buy a copy to keep reading
