Platos Thought In The Making:

Plato's Thought in the Making John Earle Raven, 1965-01-02 The philosophy of Plato embraces much more than metaphysics his primary concern was with the question of how man should conduct himself as he ought and metaphysics was studied for the sake of this Yet for most readers Plato suggests the Theory of Ideas probably disguised behind some such popular concept as platonic love Mr Raven sets out to explain to the ordinary reader how this central theory grew in Plato s mind and out of his experience and what were its eventual implications He has a gift for the clear exposition of concepts that are by no means easy This 1965 book is intended primarily for the serious student of philosophy who needs no Greek to read it and will also appeal to anyone interested in human thought and its development

Plato and the Good Rosemary Desjardins,2003-12-01 This book is an original interpretation of Plato s enigmatic statements about the idea of the Good Desjardins starts by reconciling two notoriously difficult and different accounts of the dialectical method found in the Philebus and The Republic She then shows how they are connected to the four forms of god given mania in the Phaedrus Desjardins links god given mania and the dialectical method to the concept of piety in the Euthyphro and to Plato s defense of Socrates piety in the Apology Desjardins interpretation of the idea of the Good that is presented by Plato in words logoi and through dramatic action erga is compelling and will inspire everyone interested in Plato s dialogues and the idea of the Good

Henry Augustus Bulkley,Benjamin Jowett,2024-06-23 Reprint of the original first published in 1876 **Science Deified and**

Science Defied Richard Olson,1983-01-21 *A Friendly Companion to Plato's Gorgias* George Kimball Plochmann, Franklin Edward Robinson,1988 A comprehensive study of one of the most elusive and subtle of all the Platonic dialogues The Gorgias begins with a discussion of the nature and value of rhetoric and develops into an impassioned argument for the primacy of absolute right as expressed by conscience in the regulation of both public and private life Plochmann and Robinson closely analyze this great dialogue in the first two thirds of their book turning in the final four chapters to a broader discussion of its unity sweep and philosophic implications **Plato and Modern Law** Richard O. Brooks,2017-07-05 This audacious collection of modern writings on Plato and the Law argues that Plato's work offers insights for resolving modern jurisprudential problems Plato's dialogues in this modern interpretation reveal that knowledge of the functions of law based upon intelligible principles can be reformulated for relevance to our age Leading interpreters of Plato Vlastos Hall Strauss Weinrib Annas and Morrow are included in the collection The editor supplies an insightful introduction and extensive bibliography to the collection **The Unity of Plato's Thought** Paul Shorey,1903 *Plato's Forms* William A. Welton,2002-01-01 The theory of forms usually attributed to Plato is one of the most famous of philosophical theories yet it has engendered such controversy in the literature on Plato that scholars even debate whether or not such a theory exists in his texts Plato's Forms Varieties of Interpretation is an ambitious work that brings together in a single volume widely divergent approaches to the topic of the forms in Plato's dialogues With contributions rooted in both Anglo American and Continental philosophy the book illustrates the contentious role the forms have played in Platonic scholarship and suggests new approaches to a central problem of Plato studies **Plato and the Elements of Dialogue** John H. Fritz,2015-11-11 Plato and the Elements of Dialogue examines Plato's use of the three necessary elements of dialogue character time and place By identifying and taking up striking employments of these features from throughout Plato's work this book seeks to map their functions and importance By focusing on the Symposium Cratylus and Republic this book shows three ways that characters can be related to what they do and what they say Next the book takes up displacement by focusing on the Hippias Major arguing that individual characters can be expanded by the repeated practice of asking them to consider a question from a point of view other than their own This ties into the treatments of thinking in the Theaetetus and Sophist The Parmenides Lysis and Philebus are examined to come to a better understanding of the functions of the settings times places of Plato's dialogues while a reading of the beginning of the of the Phaedo shows how Plato can expand the settings of the dialogues by using frames in order to direct his readers Last this book takes up the critique of writing that closes the Phaedrus **An Examination of Plato's Doctrines** I. M. Crombie,2012-09-10 Volume 2 deals with more technical philosophical topics including the theory of knowledge philosophy of nature and the methodology of science and philosophy Each volume is self contained *An Examination of Plato's Doctrines (RLE: Plato)* I M Crombie,2012-11-27 Ian Crombie's impressive volumes provide a comprehensive interpretation of Plato's doctrines Volume 1 contains topics of more general

interest and is mainly concerned with what Plato has to say in the fields of moral philosophy political philosophy the philosophy of mind and the philosophy of religion **Plato** Marcia Amidon Lusted,2019-09-04 Plato who was born around 429 BCE is one of the world s best known and most studied Greek philosophers He was a student of Socrates and he would become the teacher of Aristotle The death of his mentor Socrates made Plato rethink his ideas about the role of philosophers in politics and Plato ultimately founded an academy which was the ancestor of today s modern university He started the practice of using dialogues a series of questions and answers between people as a teaching method Plato s dialogues talked about government and the philosophy of things like mathematics politics and religion Two thousand years after his death Plato is still remembered for the ideas he presented in his dialogues especially as they laid the foundations for the creation of democratic government *Who Is Phaedrus?* Marshall Bradley,2012-11-06 Who Is Phaedrus This book delivers answers Many have said Phaedrus is the most intriguing of Plato s works Phaedrus is certainly one of the most difficult to follow and fathom In part this is because the title figure Phaedrus himself has remained a mystery Who Is Phaedrus takes us on a tour of this intricate dialogue a work of philosophy and history and a work of art In Who Is Phaedrus we see how and why Phaedrus became involved in the most sensational scandals both religious and political in ancient Athens and yet we see Phaedrus come across as a person remarkably contemporary someone who could walk through a time seam and be wholly understandable as a soul in the twenty first century Perplexed as well as perplexing Phaedrus in the final analysis needs Socrates timeless philosophy as a salve and therapy and we follow along as Socrates delivers *An Examination of Plato's Doctrines Vol 2 (RLE: Plato)* I Crombie,2012-11-27 Ian Crombie s impressive volumes provide a comprehensive interpretation of Plato s doctrines Volume 2 deals with more technical philosophical topics including the theory of knowledge philosophy of nature and the methodology of science and philosophy Each volume is self contained
