Reading Rock And Roll Authenticity Appropriation And Aesthetics:

Reading Rock and Roll Kevin J. H. Dettmar, William Richey, 1999 Considering the work of such artists as Madonna George Clinton U2 Elvis Costello and Nirvana the contributors deftly combine the rigors of scholarship with the energy of rock journalism to provide an analysis at once critical contextualized and enthusiastic While a number of scholars have recently turned their attention to rock and pop music most of their work has focused on providing sweeping cultural contexts for its popularity rather than exploring the music itself Now in *Reading Rock and Roll* Kevin Dettmar and William Richey have gathered a wealth of erudite original and clever writings that perform close readings of rock music often with surprising results The authors in this volume view rock and roll as having had affinities with postmodernism from its inception With its mongrel pedigree drawing on blues folk R and B and bluegrass and its relation to mass media and high tech modes of production rock music has been self conscious and full of irony from the beginning These essays regularly call attention to the allusiveness and intertextuality of rock and roll whether it is Kurt Cobain undermining the Beatles M C Hammer stealing from Rick James s Super Freak or U2 s use of Johnny Cash s legendary voice From a careful examination of the roles of addictions and female sexuality in the remakings of Courtney Love and Madonna to the politics of George Clinton s uses and abuses of language to the referencing of Elvis Costello in two recent novels and the use of 1970s rock in several recent film soundtracks these essays are as varied as the artists they consider

grown **U2 Above, Across, and Beyond** Scott D. Calhoun, 2014-12-23 U2's success and significance are due in large part to finding inventive creative solutions for overcoming obstacles and moving past conventional boundaries. As it has embraced change and transformation over and over again, its fans and critics have come to value and expect this element of U2. These new essays from the disciplines of organizational communication, music theory, literary studies, religion, and cultural studies offer perspectives on several ways U2's dynamic of change has been a constant theme throughout its career. The eight essays here come from the U2 Conference 2013, which explores the music work and influence of U2, furthering the scholarship on U2.

Understanding Popular Music Culture Roy Shuker, 2013 Focusing on the variety of genres that make up pop music, Roy Shuker explores key subjects which shape our experience of music, such as music production, the music industry, music policy, fans, audiences, and subcultures.

Religion Around Bono Chad E. Seales, 2019-10-24 For many U2's, Bono is an icon of both evangelical spirituality and secular moral activism. In this book, Chad E. Seales examines the religious and spiritual culture that has built up around the rock star over the course of his career and considers how Bono engages with that religion in his music and in his activism. Looking at Bono and his work within a wider critique of white American evangelicalism, Seales traces Bono's career from his background in religious groups in the 1970s to his rise to stardom in the 1980s and his relationship with political and economic figures such as Jeffrey Sachs, Bill Clinton, and Jesse Helms. In doing so, Seales shows us a different Bono: one who uses the spiritual meaning of church tradition to advocate for the promise that free markets and for profits will bring justice and freedom to the world's poor. Engaging with scholarship in popular culture, music, religious studies, race, and economic development, Seales makes the compelling case that neoliberal capitalism is a religion and that Bono is its best-known celebrity revivalist. Engagingly written and bitingly critical, *Religion Around Bono* promises to transform our understanding of the rock star's career and advocacy. Those interested in the intersection of rock music, religion, and activism will find Seales's study provocative and enlightening.

Old Roots, New Routes Pamela Fox, Barbara Ching, 2025-10-01 *Old Roots, New Routes* takes an in-depth look at the many influences, meanings, and identities of this contemporary music form. Because the definition of the term alt-country changes continually, even the genre's own mouthpiece, the Web site *nodepression.com*, declared its terrain to be alternative country, whatever that is. Despite alt-country's murky parameters, its origins indeed: its patron saints are generally acknowledged to range from the Carter Family and Hank Williams as interpreters of traditional American country to the country-rock fusions of Gram Parsons and Steve Earle. Just as other musical genres before it have distanced themselves from the popular and commercial center, from the start alt-country has positioned itself as a different kind of music than the slick country sounds emanating from Nashville hit machines such as Garth Brooks and Shania Twain. And yet alt-country's embrace of authenticity and disdain for commercialism while simultaneously injecting into a traditional working-class music form an often cosmopolitan flavor and Generation X values has resulted in a fascinating hybrid full of contradictions. In *Old Roots, New Routes*, Pamela Fox and

Barbara Ching bring together a range of scholars to investigate as never before this significant contemporary music form providing in addition new ways to approach the worlds of country and alternative music more generally Individual essays explore the work of a variety of artists including Neko Case Jay Farrar Justin Trevi o and alt country hero Gram Parsons along with promotional rhetoric album art advertising and fan Web sites to offer readers a comprehensive understanding of how alt country functions as a distinct musical form Pamela Fox is Associate Professor of English and currently the Director of the Women s and Gender Studies Program at Georgetown University She is the author of *Class Fictions Shame and Resistance in the British Working Class Novel 1890 1945* Barbara Ching is Associate Professor at the University of Memphis Her previous books include *Wrong s What I Do Best Hard Country Music and Contemporary Culture* and *Knowing Your Place Rural Identity and Cultural Hierarchy* coedited with Gerald Creed

White Boys, White Noise: Masculinities and 1980s Indie Guitar Rock Dr Matthew Bannister,2013-01-28 To what extent do indie masculinities challenge the historical construction of rock music as patriarchal This key question is addressed by Matthew Bannister involving an in depth examination of indie guitar rock in the 1980s as the culturally and historically specific production of white men Through textual analysis of musical and critical discourses Bannister provides the first book length study of masculinity and ethnicity within the context of indie guitar music within US UK and New Zealand scenes Bannister argues that past theorisations of rock masculinities have tended to set up varieties of working class deviance and physical machismo as straw men oversimplifying masculinities as men behaving badly Such approaches disavow the ways that masculine power is articulated in culture not only through representation but also intellectual and theoretical discourse By re situating indie in a historical cultural context of art rock he shows how masculine power can be rearticulated through high avant garde bohemian culture and aesthetic theory canonism negation Adorno passivity voyeurism and camp Andy Warhol and the Velvet Underground and primitivism and infantilism Lester Bangs Simon Reynolds In a related vein he also assesses the impact of Freud on cultural theory arguing that reversing binary conceptions of gender by associating masculinities with an essentialised passive femininity perpetuates patriarchal dualism Drawing on his own experience as an indie musician Bannister surveys a range of indie artists including The Smiths The Jesus and Mary Chain My Bloody Valentine and The Go Betweens from the US R E M The Replacements Dinosaur Jr H sker D Nirvana and hardcore and from NZ Flying Nun acts including The Chills The Clean the Verlaines Chris Knox Bailer Space and The Bats demonstrating broad continuities between these apparently disparate scenes in terms of gender aesthetic theory and approaches to popular musical history The result is a book which raises some important questions about how gender is studied in popular culture and the degree to which alternative cultures can critique dominant representations of gender

The Resisting Muse: Popular Music and Social Protest Ian Peddie,2017-09-29 Popular music has traditionally served as a rallying point for voices of opposition across a huge variety of genres This volume examines the various ways popular music has been deployed as anti establishment and how such opposition both influences

and responds to the music produced Implicit in the notion of resistance is a broad adversarial hegemony against which opposition is measured But it would be wrong to regard the music of popular protest as a kind of dialogue in league against the establishment Convenient though they are such us and them arguments bespeak a rather shop worn stance redolent of youthful rebellion It is much more fruitful to perceive the relationship as a complex dialectic where musical protest is as fluid as the audiences to which it appeals and the hegemonic structures it opposes The book s contemporary focus largely post 1975 allows for comprehensive coverage of extremely diverse forms of popular music in relation to the creation of communities of protest Because such communities are fragmented and diverse the shared experience and identity popular music purports is dependent upon an audience collectivity that is now difficult to presume In this respect The Resisting Muse examines how the forms and aims of social protest music are contingent upon the audience s ability to invest the music with the appropriate political meaning Amongst a plethora of artists genres and themes highlights include discussions of Aboriginal rights and music Bauhaus Black Sabbath Billy Bragg Bono Cassette culture The Capitol Steps Class The Cure DJ Spooky Drum and Bass Eminem Farm Aid Foxy Brown Folk Goldie Gothicism Woody Guthrie Heavy Metal Hip hop Independent home publishing Iron Maiden Joy Division Jungle Led Zeppelin Lil Kim Live Aid Marilyn Manson Bob Marley MC Eiht Minor Threat Motown Queen Latifah Race Rap Rastafarianism Reggae The Roots Diana Ross Rush Salt n Pepa 7 Seconds Roxanne Shant Siouxsie and the Banshees The Sisters of Mercy Michelle Shocked Bessie Smith Straight edge Sunrize Band Bunny Wailer Wilco Bart Willoughby Wirrinyga Band Zines
