

## Early Republic: Foreign Policy

During the Early Republic Era (1783-1815), the United States faced many challenges as it tried to establish its place in the world. After gaining independence, the U.S. needed to develop foreign policies that would protect the young nation from powerful European countries. One of the first major foreign policy issues came with the French Revolution in 1789. While some Americans wanted to support France, President George Washington decided that the U.S. should remain neutral. This Neutrality Proclamation set an important precedent for avoiding involvement in European conflicts.

Trade was another key part of U.S. foreign policy during this period. The United States wanted to expand trade with other countries, but conflicts between Britain and France made this difficult. The British were stopping American ships and forcing sailors into the British navy, a practice known as impressment. To avoid war, President Thomas Jefferson passed the Embargo Act of 1807, which stopped all foreign trade. However, the act hurt the American economy and was unpopular, leading to its eventual repeal.

Relations with Native American tribes and the expansion of U.S. territory were also important foreign policy issues. As Americans moved westward, conflicts with Native American tribes increased. The government made treaties with some tribes, but these treaties were often broken, leading to further tensions. At the same time, the U.S. bought the Louisiana Territory from France in 1803, which doubled the size of the country and opened up more land for settlement.

One of the most significant events in U.S. foreign policy during this time was the War of 1812. The war was fought between the United States and Britain, largely due to issues like

**Robert A. FERGUSON**

## Reading The Early Republic:

**READING THE EARLY REPUBLIC** Robert A. FERGUSON, 2004 Reading the Early Republics focuses attention on the forgotten dynamism of thought in the founding era In every case the documents novels pamphlets sermons journals and slave narratives of the early American nation are richer and more intricate than modern readers have perceived Reading the Early Republic focuses attention on the forgotten dynamism of thought in the founding era of the United States In every case the documents novels pamphlets sermons journals and slave narratives of the early American nation are richer and more intricate than modern readers have perceived Rebellion slavery and treason the mingled stories of the Revolution still haunt American national thought Robert Ferguson shows that the legacy that made the country remains the idea of what it is still trying to become He cuts through the pervading nostalgia about national beginnings to recapture the manic depressive tones of its first expression Reading the Early Republic Robert A. FERGUSON, Robert A Ferguson, 2009-06-30 Reading the Early Republic focuses attention on the forgotten dynamism of thought in the founding era In every case the documents novels pamphlets sermons journals and slave narratives of the early American nation are richer and more intricate than modern readers have perceived Rebellion slavery and treason the mingled stories of the Revolution still haunt national thought Robert Ferguson shows that the legacy that made the country remains the idea of what it is still trying to become He cuts through the pervading nostalgia about national beginnings to recapture the manic depressive tones of its first expression He also has much to say about the reconfiguration of charity in American life the vital role of the classical ideal in projecting an unthinkable continental republic the first manipulations of the independent American woman and the troubled integration of civic and commercial understandings in the original claims of prosperity as national virtue Reading the Early Republic uses the living textual tradition against history to prove its case The first formative writings are more than sacred artifacts They remain the touchstones of the durable promise and the problems in republican thought *Reading These United States* Keri Holt, 2023-09 Reading These United States explores the relationship between early American literature and federalism in the early decades of the republic As a federal republic the United States constituted an unusual model of national unity defined by the representation of its variety rather than its similarities Taking the federal structure of the nation as a foundational point Keri Holt examines how popular print including almanacs magazines satires novels and captivity narratives encouraged citizens to recognize and accept the United States as a union of differences Challenging the prevailing view that early American print culture drew citizens together by establishing common bonds of language sentiment and experience she argues that early American literature helped define the nation paradoxically by drawing citizens apart foregrounding rather than transcending the regional social and political differences that have long been assumed to separate them The book offers a new approach for studying print nationalism that transforms existing arguments about the political and cultural function of print in the early United States while also offering a provocative model for revising the concept of the nation itself Holt also

breaks new ground by incorporating an analysis of literature into studies of federalism and connects the literary politics of the early republic with antebellum literary politics a bridge scholars often struggle to cross      **Reading These United States** Keri Holt,2019-01-15 Reading These United States explores the relationship between early American literature and federalism in the early decades of the republic As a federal republic the United States constituted an unusual model of national unity defined by the representation of its variety rather than its similarities Taking the federal structure of the nation as a foundational point Keri Holt examines how popular print including almanacs magazines satires novels and captivity narratives encouraged citizens to recognize and accept the United States as a union of differences Challenging the prevailing view that early American print culture drew citizens together by establishing common bonds of language sentiment and experience she argues that early American literature helped define the nation paradoxically by drawing citizens apart foregrounding rather than transcending the regional social and political differences that have long been assumed to separate them The book offers a new approach for studying print nationalism that transforms existing arguments about the political and cultural function of print in the early United States while also offering a provocative model for revising the concept of the nation itself Holt also breaks new ground by incorporating an analysis of literature into studies of federalism and connects the literary politics of the early republic with antebellum literary politics a bridge scholars often struggle to cross      **Learning to Read in the Late Ottoman Empire and the Early Turkish Republic** B.

Fortna,2012-10-10 An exploration of the ways in which children learned and were taught to read against the background of the transition from Ottoman Empire to Turkish Republic This study gives us a fresh perspective on the transition from empire to republic by showing us the ways that reading was central to the construction of modernity      **Writing and**

**Postcolonialism in the Early Republic** Edward Watts,1998 Writing and Postcolonialism in the Early Republic is the first book length analysis of early American literature through the lens of postcolonial theory Although the United States represented a colonizing presence that displaced indigenous peoples and exported imperial culture American colonists also found themselves exiled often exploited and abused by the distant metropolitan center In this innovative book Edward Watts demonstrates how American post Revolutionary literature exhibits characteristics of a post colonial society      **The Haitian**

**Revolution in the Early Republic of Letters** Duncan Faherty,2024-01-16 In unraveling how American literary history has silenced the centrality of Haiti in U S cultural development The Haitian Revolution in the Early Republic of Letters Incipient Fevers recuperates lost textual objects while redressing a crucial blind spot in American literary history      *Reading Acts* Barbara Ryan,Amy M. Thomas,2002 Drawing on such original sources as diaries commonplace books fan mail to authors booksellers reports and student papers the contributors to Reading Acts recover a wealth of important historical information that expands our understanding of reading in the United States during the nineteenth and early twentieth centuries The emphasis throughout is on the act of reading and the attendant proposition that reading acts upon those who read Covered in

this volume are a wide range of fascinating topics including the cultural agency of women during the early national period readers criticisms of the critics in the 1830s readers relationships with beloved authors after the Second Industrial Revolution and attitudes toward single motherhood in the mid twentieth century as revealed in readers responses to a True Confessions magazine article Contributors from diverse fields and disciplines highlight the ways in which human diversity and often contrariness are reflected in reading habits and enthusiasms They show how a desire to read and a love of reading have impelled average Americans to voice their opinions defend their tastes and confront cultural arbiters whose dictates failed to match their lived experiences By focusing on documents left by readers deemed ordinary the essayists raise important questions that existing approaches and methodologies often obscure Their treatment of key variables in the act of reading such as gender institutional setting and class is consistently fresh provocative and illuminating

**Reading Prisoners** Jodi Schorb, 2014-10-30 Shining new light on early American prison literature from its origins in last words dying warnings and gallows literature to its later works of autobiography expos and imaginative literature Reading Prisoners weaves together insights about the rise of the early American penitentiary the history of early American literacy instruction and the transformation of crime writing in the long eighteenth century Looking first at colonial America an era often said to devalue jailhouse literacy Jodi Schorb reveals that in fact this era launched the literate prisoner into public prominence Criminal confessions published between 1700 and 1740 she shows were crucial literacy events that sparked widespread public fascination with the reading habits of the condemned consistent with the evangelical revivalism that culminated in the first Great Awakening By century s end narratives by condemned criminals helped an audience of new writers navigate the perils and promises of expanded literacy Schorb takes us off the scaffold and inside the private world of the first penitentiaries such as Philadelphia s Walnut Street Prison and New York s Newgate Auburn and Sing Sing She unveils the long and contentious struggle over the value of prisoner education that ultimately led to sporadic efforts to supply prisoners with books and education Indeed a new philosophy emerged one that argued that prisoners were best served by silence and hard labor not by reading and writing a stance that a new generation of convict authors vociferously protested The staggering rise of mass incarceration in America since the 1970s has brought the issue of prisoner rehabilitation once again to the fore Reading Prisoners offers vital background to the ongoing crucial debates over the benefits of prisoner education

*To Read My Heart* Lucia McMahon, Deborah Schriver, 2015-08-19 The Journal of Rachel Van Dyke a compelling primary document previously unpublished offers insights into the life and mind of a seventeen year old young woman while also providing a fascinating window into the cultural and social landscape of the early national period Rachel was a thoughtful intelligent observer and her journal is an important account of upper and middle class life in the growing city of New Brunswick New Jersey Her entries reveal her remarkably studied views on social customs marriage gender roles friendship and religion The journal is dominated by two interrelated themes Rachel s desire to broaden her knowledge and her

friendship with her teacher Ebenezer Grosvenor Since Ebenezer was both her teacher and her romantic interest it is impossible to distinguish between the themes of education and romance that dominate her writings On several occasions Rachel and Ebenezer exchanged their private journals with each other During these exchanges Ebenezer added comments in the margins of Rachel's journal producing areas of written conversation between them The marginalia adds to the complexity of the journal and provides evidence of and insight into Rachel's romantic and intellectual relationship with him The written interactions between Rachel and Ebenezer together with discussions of friendship and courtship rituals provided throughout the journal enrich our understanding of social life during the early national period To Read My Heart will be of interest to students of American history women's studies and nineteenth century literature all readers will be captivated by the rich expression and emotional experience of the journal Whether she is relating the story of a young friend's wedding the death of a small boy or the capture of a slave in Guinea Rachel's pages have universal appeal as she seeks to understand her own role as an emerging adult

**The Early Republic and Antebellum America** Christopher G. Bates, 2015-04-08 First Published in 2015 Routledge is an imprint of Taylor Francis an Informa company

**The Citizen Poets of Boston** Paul Lewis, 2016-04-05 Uncovers the vibrant lost world of Boston's post revolutionary poetry

**Past and Prologue** Michael D. Hattem, 2020-11-24 How American colonists reinterpreted their British and colonial histories to help establish political and cultural independence from Britain In Past and Prologue Michael Hattem shows how colonists changing understandings of their British and colonial histories shaped the politics of the American Revolution and the origins of American national identity Between the 1760s and 1800s Americans stopped thinking of the British past as their own history and created a new historical tradition that would form the foundation for what subsequent generations would think of as American history This change was a crucial part of the cultural transformation at the heart of the Revolution by which colonists went from thinking of themselves as British subjects to thinking of themselves as American citizens Rather than liberating Americans from the past as many historians have argued the Revolution actually made the past matter more than ever Past and Prologue shows how the process of reinterpreting the past played a critical role in the founding of the nation

**Shakespeare and the Politics of Commoners** Chris Fitter, 2017 Shakespeare and the Politics of Commoners is a highly original contribution to our understanding of Shakespeare's plays It breaks important new ground in introducing readers lay and scholarly alike to the existence and character of the political culture of the mass of ordinary commoners in Shakespeare's England as revealed by the recent findings of the new social history The volume thereby helps to challenge the traditional myths of a non political commons and a culture of obedience It also brings together leading Shakespeareans who digest recent social history with eminent early modern social historians who turn their focus on Shakespeare This genuinely cross disciplinary approach generates fresh readings of over ten of Shakespeare's plays and locates the impress on Shakespearean drama of popular political thought and pressure in this period of perceived crisis The volume is unique in engaging and digesting the dramatic

importance of the discoveries of the new social history thereby resituating and revaluing Shakespeare within the social depth of politics     Must Read: Rediscovering American Bestsellers Sarah Churchwell, Thomas Ruys Smith, 2012-08-02 A unique survey and interpretive history spanning 200 years of the American bestseller     Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history     **Carnival on the Page** Isabelle Lehuu, 2003-06-19 In the decades before the Civil War American society witnessed the emergence of a new form of print culture as penny papers mammoth weeklies giftbooks fashion magazines and other ephemeral printed materials brought exuberance and theatricality to public culture and made the practice of reading more controversial For a short yet pivotal period argues Isabelle Lehuu the world of print was turned upside down Unlike the printed works of the eighteenth century produced to educate and refine the new media aimed to entertain a widening yet diversified public of men and women As they gained popularity among American readers these new print forms provoked fierce reactions from cultural arbiters who considered them transgressive No longer the manly art of intellectual pursuit reading took on new meaning reading for pleasure became an act with the power to silently disrupt the social order Neither just an epilogue to an earlier age of scarce books and genteel culture nor merely a prologue to the late nineteenth century and its mass culture and commercial literature the antebellum era marked a significant passage in the history of books and reading in the United States Lehuu argues Originally published 2000 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value     **Reading Becomes a Necessity of Life** William J. Gilmore, 1992-08 Gilmore history Stockton State College is concerned with the half century following independence during which rural New England changed from a traditional agricultural region into a commercialized one He examines the links among cultural social and economic aspects of this transformation an ingredient of which was an ideological commitment to reading and learning Annotation copyrighted by Book News Inc Portland OR     Heading South to Teach Kim Tolley, 2015-08-31 Susan Nye Hutchison 1790 1867 was one of many teachers to venture south across the Mason Dixon Line in the Second Great Awakening From 1815 to 1841 she kept journals about her career family life and encounters with slavery Drawing on these journals and hundreds of

other documents Kim Tolley uses Hutchison's life to explore the significance of education in transforming American society in the early national period Tolley examines the roles of ambitious educated women like Hutchison who became teachers for economic spiritual and professional reasons During this era working women faced significant struggles when balancing career ambitions with social conventions about female domesticity Hutchison's eventual position as head of a respected southern academy was as close to equity as any woman could achieve in any field By recounting Hutchison's experiences from praying with slaves and free blacks in the streets of Raleigh and establishing an independent school in Georgia to defying North Carolina law by teaching slaves to read Tolley offers a rich microhistory of an antebellum teacher Hutchison's story reveals broad social and cultural shifts and opens an important window onto the world of women's work in southern education

**Part of Our Lives** Wayne A. Wiegand, 2015-09-10 Despite dire predictions in the late twentieth century that public libraries would not survive the turn of the millennium their numbers have only increased Two of three Americans frequent a public library at least once a year and nearly that many are registered borrowers Although library authorities have argued that the public library functions primarily as a civic institution necessary for maintaining democracy generations of library patrons tell a different story In *Part of Our Lives* Wayne A Wiegand delves into the heart of why Americans love their libraries The book traces the history of the public library featuring records and testimonies from as early as 1850 Rather than analyzing the words of library founders and managers Wiegand listens to the voices of everyday patrons who cherished libraries Drawing on newspaper articles memoirs and biographies *Part of Our Lives* paints a clear and engaging picture of Americans who value libraries not only as civic institutions but also as public places that promote and maintain community Whether as a public space a place for accessing information or a home for reading material that helps patrons make sense of the world around them the public library has a rich history of meaning for millions of Americans From colonial times through the recent technological revolution libraries have continuously adapted to better serve the needs of their communities Wiegand demonstrates that although cultural authorities including some librarians have often disparaged reading books considered not serious the commonplace reading materials users obtained from public libraries have had a transformative effect for many including people such as Ronald Reagan Bill Moyers Edgwin Danticat Philip Roth Toni Morrison Sonia Sotomayor and Oprah Winfrey A bold challenge to conventional thinking about the American public library *Part of Our Lives* is an insightful look into one of America's most beloved cultural institutions
