Reading the Victorian Novel Ian Gregor, 1980 *Women's Diaries as Narrative in the Nineteenth-Century Novel* Catherine Delafield, 2016-07-22 First published in 2009 this book investigates the cultural significance of nineteenth century women's writing and reading practices Beginning with an examination of non fictional diaries and the practice of diary writing it assesses the interaction between the fictional diary and other forms of literary production such as epistolary narrative the periodical the factual document and sensation fiction The discrepancies between the private diary and its use as a narrative device are explored through the writings of Frances Burney Elizabeth Gaskell Anne Bront Dinah Craik Wilkie Collins and Bram Stoker It also considers women as writers readers and subjects and demonstrates ways in which women could become performers of their own story through a narrative method which was authorized by their femininity and at the same time allowed them to challenge the myth of domestic womanhood This book will be of interest to those studying 19th century literature and women in literature

Problems for Feminist Criticism Sally Minogue, 2012-10-11 Feminist criticism has come a long way in the last twenty years Its development has been rapid its snowball progress picking up elements of structuralism deconstruction and psychoanalytic criticism just as rapidly it has been shedding its own early theories and methodologies Now it is a critical orthodoxy with its own established canonical texts Now is the time then to begin to question that orthodoxy In *Problems for Feminist Criticism* five women critics seek to do that in a spirit of enquiry whose central point of focus is the literature for which feminist critics have offered a re reading By reference to a wide range of writers from Milton to the contemporary poet with a strong emphasis on the nineteenth century novel the contributors ask what we may be losing from literature by adopting the feminist orthodoxy Each chapter provides a survey of feminist critical approaches to its subject and highlights the inherent problems The book frees the way forward for critics who have found much that is stimulating and revealing in feminist approaches to literature but who find its proscriptiveness potentially reductive It shows how literature may have the flexibility to absorb and benefit from new critical approaches whilst still retaining its own life never quite to be contained in criticism's theories and methodologies

Gendering Orientalism Reina Lewis, 2013-06-17 In contrast to most cultural histories of imperialism which analyse Orientalist images of rather than by women *Gendering Orientalism* focuses on the contributions of women themselves Drawing on the little known work of Henriette Browne other lost women Orientalist artists and the literary works of George Eliot Reina Lewis challenges masculinist assumptions relating to the stability and homogeneity of the Orientalist gaze *Gendering Orientalism* argues that women did not have a straightforward access to an implicitly male position of western superiority Their relationship to the shifting terms of race nation and gender produced positions from which women writers and artists could articulate alternative representations of racial difference It is this different and often less degrading gaze on the Orientalized
