Confessional Theology? Rothney S. Tshaka, 2010-04-16 Christian confessions are usually seen as statements of faith which has no relationship with politics The result is a tendency to view these documents as theological but not political This study discusses this misconception but adds that although these documents are not to be perceived as political per se that they can nonetheless not ignore the political contexts from which they emerge Two confessional documents are discussed to illustrate the point viz the Barmen Theological Declaration 1934 in Nazi Germany as well as the Belhar Confession 1986 during apartheid South Africa The findings of the study is that the theology of Karl Barth and therefore the Belhar Confession establishes and unavoidable link between christian confessions and politics The word confession is used here in relation to Barth's interpretation of our responsibility to speak about God because of the fact that we are christian and also our inability to speak about God as if God is known in God's entirety to us Seen in this way confessional theology is opposed to tendencies that gives the impression that we are able to speak about God as if we know Him in His entirety Five characteristics in the theology of Barth are investigated These characteristics illustrate the degree to which theology is related to politics It also points to the fact that politics was never a marginal factor in the theological reflections of Barth The study suggests that the theology of Barth remains relevant because it interprets the Word in a manner that does not ignore the contexts in which this interpretation of the Word takes place The study furthermore suggests that the entire theology of Barth can be construed as confessional theology It arrives at this end and makes very clear that confessional theology differs fundamentally from confessionalism but that confessional theology always calls for those who espouse it to embody that which is confessed To uphold the characteristics of confessional theology in the theology of Barth it is agreed that his theology continued to play significant roles in different theological contexts It is because of this view that it is argued that the theology of Barth had a great influence on the Belhar Confession The debate around the Belhar Confession brings further important questions about the theological situation in South Africa today In the end it is suggested that confessional theology is a significant theological method which can safeguard theology from the claws of theologised politics Confessional theology can thus make a significant contribution to the current theological debates in democratic South Africa

Confessions of a Conservative Evangelical Jack Rogers, 2001-01-01 Here is an engaging first person study of a self-described straight uptight conservative Christian and the life situations that led him to a new sense of freedom and openness Believing that experiences should be shared Jack Rogers reflects on his childhood his studies his marriage and parenthood the people he's met and his service to the church both in Europe and at home

A Passion for the Gospel Mark Achtemeier, Andrew Purves, 2000-01-01 These essays and sermons articulate the basics of the Christian faith and are by some of the best known evangelical voices in the Presbyterian Church today The main ideas in these essays are congruent with the

basic theology contained in Union in Christ A Declaration for the Church which was adopted by the Presbyterian Coalition a group that seeks renewal within the Presbyterian Church Contributors include Elizabeth Achtemeier Joseph Rightmyer James Logan Scott Sunquist Charles Partee Catherine J S Purves Jeffrey Bullock Earl Palmer Clayton Bell Margaret Kim Peterson Peter Barnes Jack Haberer Sherron George James Singleton and others This Book We Call the Bible James E.

Davison,2001-01-01 Neither a traditional study of specific books or sections of the Bible nor a doctrinal study that concentrates on such issues as revelation and authority This Book We Call the Bible helps lay people focus on the use of Scripture By dealing with the Bible as a written work and its impact on our hearts this study provides an increased sense of what the Bible actually is and how we can derive more benefit from reading and studying the Scriptures Great for individuals and for small or large group settings This Book We Call the Bible includes questions for reflection and discussion with each chapter *Leading from the Center* William J. Weston,2003-01-01 In

Leading from the Center sociologist William Weston provides an enlightening look at the Presbyterian Church U S A and the tensions that exist between key groups in the denomination Weston defines the key groups as conservatives liberals and loyalists and structures his view of the denomination around the third group Defining loyalists as the largest and those who have no wish to see the denomination split apart Weston argues that while conservatives may consider splitting the church over doctrinal issues and liberals may consider splitting the church over social issues the loyalists want to work for peace and unity in an effort to hold the church together His in depth analysis examines the left and right sides of the church and their competition to win the loyalist center to their respective sides Meticulously researched but engaging and insightful *Leading from the Center* is a concise sketch of the denomination that is often surprising and always revealing Witness Without Parallel Earl S. Johnson,2003-01-01 Earl

S Johnson Jr explores eight biblical texts that have been instrumental in forming the basis of Presbyterian belief and mission Using Reformed and Presbyterian principles of biblical interpretation and the standards of modern biblical criticism he examines Presbyterian theological statements and their influence on the development of the church s positions on social issues throughout history With this important work Johnson aims to help his readers avoid interpretative mistakes of the past and find insights into the way the Bible can be used correctly to lead the church in the future *Renewing the Vision*

Cynthia M. Campbell,2000-01-01 The five themes around which Campbell organizes these essays and sermons written by 20 Presbyterian Church USA scholars pastors and church leaders is organized Christology and preaching the church and evangelism missions and service the authority and interpretation of Scripture and ecumenism and the Reformed tradition

THE JOURNAL OF PRESBYTERIAN HISTORY ,2004 Exploring Protestant Traditions W. David

Buschart,2009-09-20 Protestant is shorthand for a spreading family tree of church and theological traditions Each tradition embodies a historically shaped perspective on the beliefs practices and priorities that make up a Christian community Whether you are an insider to one tradition a hybrid of two or three or as many Christians today an outsider to all Exploring

Protestant Traditions is a richly informative field guide to eight prominent Protestant theological traditions Lutheran Anabaptist Reformed Anglican Baptist Wesleyan Dispensational and Pentecostal Clearly and evenhandedly W David Buschart traces the histories of each tradition explains their interpretive approaches to Scripture and identifies their salient beliefs As a result you will gain a sense of what it is to believe and worship as a Reformed or Pentecostal Christian who the traditions heroes are and where the theological accents are placed Charts displaying the denominational representatives of each tradition and bibliographies mapping the path for further explorations add to the value of this guide This is a book that seeks to receive rather than evaluate to listen and understand rather than judge or correct His is a model of theological hospitality that encourages you to open your doors to the varied ways in which Protestantism has taken root in history and human society Some things take time like coming to know a religious tradition But Exploring Protestant Traditions is an excellent place to start
