**The Myth of an Irish Cinema** Michael Patrick Gillespie, 2009-01-19 For the past seventy years the discipline of film studies has widely invoked the term national cinema Such a concept suggests a unified identity with distinct cultural narratives As the current debate over the meaning of nation and nationalism has made thoughtful readers question the term its application to the field of film studies has become the subject of recent interrogation In The Myth of an Irish Cinema Michael Patrick Gillespie presents a groundbreaking challenge to the traditional view of filmmaking contesting the existence of an Irish national cinema Given the social economic and cultural complexity of contemporary Irish identity Gillespie argues filmmakers can no longer present Irishness as a monolithic entity The book is arranged thematically with chapters exploring cinematic representation of the middle class urban life rural life religion and politics Offering close readings of Irish themed films Gillespie identifies a variety of interpretative approaches based on the diverse elements that define national character Covering a wide range of films from John Ford's The Quiet Man and Kirk Jones's Waking Ned Devine to Bob Quinn's controversial Budawanny and The Bishop's Story The Myth of an Irish Cinema signals a paradigm shift in the field of film studies and promises to reinvigorate dialogue on the subject of national cinema

*Collaborative Dubliners* Vicki

Mahaffey,2012-04-10 Enigmatic vivid and terse James Joyce s Dubliners continues both to puzzle and to compel its readers This collection of essays by thirty contributors from seven countries presents a revolutionary view of Joyce s technique and draws out its surprisingly contemporary implications by beginning with a single unusual premise that meaning in Joyce s fiction is a product of engaged interaction between two or more people Meaning is not dispensed by the author rather it is actively negotiated between involved and curious readers through the medium of a shared text Here pairs of experts on Joyce s work produce meaning beyond the text by arguing over it challenging one another through it and illuminating it with relevant facts about language history and culture The result is not an authoritative interpretation of Joyce s collection of stories but an animated set of dialogues about Dubliners designed to draw the reader into its lively discussions **A Concise Companion to Postwar American Literature and Culture** Josephine Hendin,2008-04-15 This Concise Companion is a guide to the creative output of the United States in the postwar period in its diverse energies shapes and forms Embraces diversity covering Vietnam literature gay and lesbian literature American Jewish fiction Italian American literature Irish American writing emergent ethnic literatures African American writing jazz film drama and more Shows how different genres and approaches opened up creative possibilities and interacted in the postwar period Portrays the postwar United States split by differences of wealth and position by ethnicity and race and by agendas of left and right but united in the intensity of its creative drive Getting to Good Friday Marilynn Richtarik,2023-01-03 Getting to Good Friday intertwines literary analysis and narrative history in an accessible account of the shifts in thinking and talking about Northern Ireland s divided society that brought thirty years of political violence to a close with the 1998 Belfast Good Friday Agreement Drawing on decades of reading researching and teaching Northern Irish literature and talking and corresponding with Northern Irish writers Marilynn Richtarik describes literary reactions and contributions to the peace process during the fifteen years preceding the Agreement and in the immediate post conflict era Progress in this period hinged on negotiators ability to revise the terms used to discuss the conflict As poet Michael Longley commented in 1998 In its language the Good Friday Agreement depended on an almost poetic precision and suggestiveness to get its complicated message across Interpreting selected literary works by Brian Friel Seamus Heaney Michael Longley Deirdre Madden Seamus Deane Bernard MacLaverty Colum McCann and David Park within a detailed historical frame Richtarik demonstrates the extent to which authors were motivated by a desire both to comment on and to intervene in unfolding political situations Getting to Good Friday suggests that literature as literature that is in its formal properties in addition to anything it might have to say about a given subject can enrich readers historical understanding Through Richtarik s engaging narrative creative writing emerges as both the medium of and a metaphor for the peace process itself **Making the Irish American** J.J.
