**Readings in Ancient History II Rome and the West** William Stearns Davis, 2015-06-15 Excerpt from Readings in Ancient History II Rome and the West This book aims to set before students beginning the study of Ancient History a sufficient amount of source material to illustrate the important facts mentioned in every good textbook There is also a clear intent to give the reader some taste of the notable literary flavor pervading the histories of Greece and Rome It is a distinct loss of an opportunity to pass from the study e g of the Roman Emperors and to read no typical passages of Tacitus This compilation has been prepared for constant use along with some standard text book and various matters of marked historical importance as the Servian Constitution of Rome have been deliberately omitted because most school histories state the fact sufficiently well and little is added by reproducing the arid statements in Livy On the other hand many tales have been included like the story of Horatius at the Bridge or of Cincinnatus called from the Plow which condensed histories may well slight but which afford refreshing illustrations of the ancient life or the ancient viewpoint Comparing the compass of this work with the wide extent of available literature it is evident that a very large number of desirable passages have been perforce omitted There are practically no quotations from Cicero because Cicero is a writer many students will earn a passing acquaintance with in the schools again certain highly significant passages are omitted because they are quoted in so many school histories About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Readings in Ancient History** William Stearns Davis, Willis Mason West, 2014-02 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

**Readings in Ancient History, Vol. 2 Rome and the West** William Stearns Davis, 1913 *Readings in Ancient History II - Rome and the West* William Stearns Davis, 2007-03 READINGS M ANCIENT HISTORY ILLUSTRATIVE EXTRACTS FROM THE SOURCES II ROME AND THE WEST BY WILLIAM STEARNS DAVIS PROFESSOR OF ANCIENT HISTORY IN THE UNIVERSITY OF MINNESOTA WITH AN INTRODUCTION BY WILLIS MASON WEST FORMERLY HEAD OF THE DEPARTMENT OF HISTORY IN THE UNIVERSITY OF MINNESOTA ALLYN AND BACON Htfn Orfe Chicago AUTHORS PREFACE THIS book aims to set before students beginning the study of Ancient History a

sufficient amount of source material to illustrate the important facts mentioned in every good text book There is also a clear intent to give the reader some taste of the notable literary flavor pervading the histories of Greece and Rome It is a distinct loss of an opportunity to pass from the study e g of the Roman Emperors and to read no typical passages of Tacitus This compilation has been prepared for constant use along with some standard text book and various matters of marked historical importance as the Servian Constitution of Rome have been deliberately omitted because most school histories state the fact sufficiently well and little is added by reproducing the arid statements in Livy On the other hand many tales have been included like the story of Horatius at the Bridge or of Cincinnatus called from the Plow which condensed histories may well slight but which afford refreshing illustrations of the ancient life or the ancient viewpoint Comparing the compass of this work with the wide extent of available literature it is evident that a very large number of desirable passages have been perforce omitted There are practically no quotations from Cicero because Cicero is a writer many students will earn a passing acquaintance with in the schools again certain highly significant passages are omitted because they are quoted in so many school histories There are no quotations from many of the poets because the tragedians and lyricists were after all poets and not historians The compiler has been forced continually to exercise his best judgment He is entirely aware how fallible that judgment may have been To meet the requirements for a work covering the Old Orient and the Early Middle Ages to 800 A D sections have been added covering these topics but no attempt has been made to have them so long as the chapters relating strictly to Greece and Rome Even for the classical history itself far more material came to hand for some periods than for others Desirable selections for the First Age of Rome are scanty while again readings on the First Century of the Empire come in bewildering profusion As a rule however those epochs for which one has the most material are in turn the best worth studying and no apology is made for the lack of proportion in the length of some of the chapters This volume has been prepared for immature students it is therefore stripped of the learned notes citations references etc which are rightly demanded by the erudite The notes and introductions have a single end in view to make the selections comprehensible to readers with little experience in Ancient History problems Out of consideration for this audience also the pages have not been disfigured by frequent indications of omission where passages of the ancient writer have been stricken out in the interests of brevity In every case however where to facilitate condensation words not of the original author have been substituted they are always inclosed in brackets to guard against misconception In compiling a work of this kind a great number of translations have been put under requisition In many cases these have been diligently compared with the originals and often such alterations have been made in the wording as to render the present author largely responsible for the form

AUTHORS PREFACE V here given This is entirely the case except with Plutarch where the translation appears without being ascribed to any particular translator
