Readings In Missionary Anthropology Ii:

Readings in Missionary Anthropology II William Allen Smalley, 1978 **Readings in Missionary Anthropology II**, 1978 **World Mission: The Biblical** Jonathan Lewis, 1994 Back by popular demand this three volume work is now reprinted as a single volume This manual leads the student into a deeper broader mission understanding and vision by covering the Biblical historical foundations the strategic dimensions and cross cultural considerations **Readings in Missionary Anthropology** William Allen Smalley, 1967 Mission & Culture: The Louis J. Luzbetak Lectures Stephen B. Bevans, 2012 **Preparing Missionaries for Intercultural Communication** Lyman E. Reed, 1985 Missionaries while being prepared in the Bible often receive little training in understanding the world in which we live and some experience great hardship out in the field as a result The purpose of this book is to enable cross cultural missionaries to be more adequately prepared for the task of intelligent communication The author sets forth the major areas which are important in training the missionary to communicate with other cultures *The Embattled But Empowered Community* Wilma Wells Davies, 2010 Based on extensive empirical research and utilizing predominately Latin American scholarly literature this book examines connections between Argentine popular and pentecostal worldviews It proposes that there is a major connection between the two rooted in cosmological assumptions of spiritual power Wolaitta Evangelists E. Paul Balisky, 2009-09-01 This study presents the religious dynamics of the Wolaitta Kale Heywet Church in southern Ethiopia from 1937 to 1975 On the basis of detailed research from within southern Ethiopia E Paul Balisky demonstrates that the indigenous extension of the Wolaitta Christian movement into southern Ethiopia through the instrumentality of her evangelists helped Wolaitta regain her own religious center and subsequent identity after centuries of various forms of colonialism and imperialism Wolaitta Evangelists broadens one's understanding of how an imported model of Christianity provided religious answers to the ideals of a particular Ethiopian society and continues to motivate her members to evangelize The evangelists who went to people of similar culture and worldview were successful in effecting social change To ethnic groups who had moved beyond their former primal religions and to those of disparate culture the evangelists were those who scattered the seed and impacted the religious social economic and political life of southern Ethiopia Wolaitta Evangelists tells the story of how missionary activity played a role in Wolaitta once again becoming a people **Missions and Money** Jon Bonk, 2006 This revised edition of Missions and Money offers new reflections in the light of a changed situation in Christian missionary circles Bonk offers new reflections in the lights of a changed situation now marked by increases in the number of short term missionaries and increases in the numbers of Asians Africans and Latin Americans leaving their homelands to serve as missionaries to other people The conversation on the ambiguity of wealth and Christian missionary outreach is deepened with essays by Christopher J H Wright on the righteous rich in the Hebrew Bible and by Justo Gonzalez on faith and wealth in the Christian Bible and the early church Book jacket *Building Credible Multicultural Teams* Lianne Roembke, 2000 With 25 years of

experience working on multicultural mission teams Roembke helps the reader to identify and clarify credibility factors as well as problem areas of multicultural teams She also offers concrete points of action for mission executives team leaders and missionaries whether they are seeking training for new missionaries or seeking to make changes to existing teams Ultimately the aim of this book is to deal with concerns of multicultural mission teams so they can live together in such a way as to attract others to the person of Christ

Culture, Communication, and Christianity Charles H. Kraft, 2001 Charles Kraft is a well known author educator linguist anthropologist and missiologist This book consists of his selected writings compiled over more than three decades Subjects including anthropology communication worldview ethnolinguistics hermeneutics and contextualization are dealt with as they relate to Christianity and Kraft s unique perspective Kraft s personal story and an exhaustive bibliography of his personal writings from 1961 2000 are included This book is of extraordinary value to those who desire to study Christianity culture and communication and the interplay between all three

The Bible in Cross Cultural Perspective (Revised Edition) Jacob A Loewen, 2020-06-01 Some Questions are Universal Where did I come from What happens when I die Am I important Across the world these questions are answered in a vast range of ways shaped by our worldview and our specific cultural context Cross cultural workers seeking to engage people at the point of these questions can offer a rich dialogue between cultural assumptions and biblical truth but only if they can reach into the cultural framework underlying a particular context The Bible in Cross Cultural Perspective explores this cultural framework tackling different aspects of the Biblical worldview s interaction with both Western secular and a traditional animist worldviews With topics ranging from the physical and metaphysical perception of the universe to the significance of names Loewen unpacks cultural construction in all of it s layered complexity allowing us to visualize where the Gospel will interact with people s beliefs regardless of their context Jacob Loewen the author of Culture and Human Values draws on multiple years of experience across several continents as a field missionary anthropologist linguist Bible translator and missions researcher The Bible in Cross Cultural Perspective originally published in 2000 is Loewen s culminating work in missionary anthropology and it remains a useful and relevant work today

Advanced Missiology Kenneth Nehrbass, 2021-04-02 Advanced Missiology draws the connections between the theory and practice of missions Using the metaphor of a river the book shows how theories upstream such as theology education anthropology community development and history have exerted an influence on missiology and missiology in turn has gone back upstream to influence those disciplines What causes these disciplines to converge in missiology is the goal of making disciples across cultures Whereas missiologists are not always explicit about how their abstract theories actually relate to the task of making disciples across cultures each chapter in Advanced Missiology shows how numerous theories sub fields models and strategies of missiology ultimately facilitate the Great Commission The book argues that by using interdisciplinarity for this fundamental purpose missiological studies will be more credible and useful With contributions from Rebecca Burnett Leanne Dzubinski Julie Martinez

Career Defining

Crises in Missions Paul Keidel, 2005-06-01 Career Defining Crises in Mission is written to help missionaries evaluate their ministry approaches and to pursue those that place relationships over programs Each of the 12 chapters takes a well known missiological principle and instead of focusing on the theory behind it uses Bible studies illustrations true stories and practical suggestions to encourage missionaries to make decisions that cultivate relationships with people as they choose mission methods

Toward a Science of Translating? Stefan Felber, 2025-03-27 Eugene A Nida is one of the pioneers and founders of modern translation theory coining the terms dynamic equivalence and formal equivalence and energetically promoting the former though in his latter years preferring the term functional equivalence Originally formulated for the Bible Translation efforts amongst people groups without the Bible Nida's theories of translation have also been widely influential in Translation Studies making this presentation of Eugene A Nida's life 1914 2011 and assessment of his works especially timely and significant Stefan Felber is a German Old Testament scholar former seminary professor and author of the German only *Wesen und Würde des Wortes Biblisch theologische Grundlagen für das Verständnis von Sprache und Kommunikation* The Nature and Dignity of the Word Biblical Theological Foundations for Understanding Language and Communication in *Zwischen Babel und Jerusalem Aspekte von Sprache und Übersetzung* among other works As such he is uniquely qualified to offer this fair minded and masterful yet critical evaluation of Nida's model of translation doing so from a rich variety of disciplines including exegesis theology philology and philosophies of language Whether one agrees or disagrees with either Nida or Felber I highly recommend this rigorous and wide ranging exposition for advancing informed dialogue and promoting further understanding and advances in Translation Studies Professor Tom McCormick Tyndale University College Toronto Although the theory of Dynamic or Functional Equivalence was the most widely used method in global Bible translation after the Second World War there has been no comprehensive study of its foundations and how it was developed by Eugene Nida Filling this gap is one of the great merits of Felber's study Felber while showing great respect for Nida critically evaluates Dynamic Equivalence from various perspectives exegetical theological philosophical and linguistic This multi dimensional nuanced approach provides the reader with thought provoking and helpful insights that further the discussion in important ways Felber's study is a must read for all who deal with language and translation in theology and the church in Bible translation and mission Prof Dr Markus Zehnder Internationale Hochschule Bad Liebenzell Evangelische theologische Fakultät Leuven Ansgarskolen Kristiansand Stefan Felber's *Toward a Science of Translating* is a landmark study in Biblical Translation Theory focussing on Eugene Nida 1914 2011 who for many years was a central figure in the American Bible Society and the United Bible Societies Nida has been described as probably the world's leading scholar on translation and his theory of Dynamic or Functional Equivalence provided a leading paradigm for Bible translators for decades In this thorough analysis of his work and its reception Felber

highlights a number of weaknesses as well as some strengths affiliated with Nida's theory promoting translation theory based on reader oriented thought for thought patterns rather than traditional source oriented analysis of textual form and content. Felber's evaluation raises a critical question: Are facets of the biblical text pertaining to biblical language and hermeneutics theology and the transcendent downplayed in Nida's addressee oriented approach to translation? I hope this book will be widely read by translators, biblical scholars and others interested in translation of the Bible.

A People for His Name (Revised Edition) Paul A. Beals, 1995-06-01. A Church Based Missions Strategy. In world missions the author proposes the local church is the biblical sending body through which missionaries serve. The author places emphasis upon the practical outworking of the mission responsibilities of the local church as well as its relationship to mission agencies, missionary personnel and Christian schools.

Counseling Cross-Culturally David J. Hesselgrave, 2002-01-08. Christians are being called upon increasingly to care, counsel and cure across cultural boundaries, writes the author. Of course, foreign missionaries counsel people from other cultures but so do many pastors, particularly those in urban settings. Because Christian counseling theory presupposes that counselor and counselee share the same culture, the insights of this discipline must be brought together meaningfully with the cross cultural perspectives of missiology. *Counseling Cross Culturally* pioneers this new field. After surveying approaches to counseling in the West and those in the non Western world, the author develops a theory of Christian cross cultural counseling. The final part, consistent with the author's broad view of counseling, discusses counseling concerned with the well being of people, Christian conversion, spiritual growth and development of a Christian life style and Christian service. Numerous case studies drawn from a variety of cultures provide realistic examples of the questions that counselors will encounter. A psychologist who trains Christian workers for cross cultural service describes this book as a helpful, thoughtful study of complex issues surrounding counseling. It is extremely valuable to expose any missionary candidate to this type of book. It broadens awareness to cross cultural issues and touches on common problems of missionary counselors. *Counseling Cross Culturally* is an admirable attempt to integrate a conservative evangelical theology with the complexities of culture and life.

Worldview for Christian Witness Charles H. Kraft, 2008-06-01. In *Worldview for Christian Witness*, Charles Kraft invites readers to understand REALITY as God sees it by learning to take seriously the insights of other societies. The diversity of cultures can seem obvious but to really understand the significance of those surface level differences, one needs to understand the deep level assumptions on which they are based.

Missiology John Mark Terry, 2015-09-01. Thoroughly updated and revised with half of the chapters new to the second edition, *Missiology* equips the reader with a vast graduate level resource on contemporary missions.
