A Millionaire of Rough-and-Ready Bret Harte,2016-02-01 PROLOGUE There was no mistake this time he had struck gold at last It had lain there before him a moment ago a misshapen piece of brown stained quartz interspersed with dull yellow metal yielding enough to have allowed the points of his pick to penetrate its honeycombed recesses yet heavy enough to drop from the point of his pick as he endeavored to lift it from the red earth He was seeing all this plainly although he found himself he knew not why at some distance from the scene of his discovery his heart foolishly beating his breath impotently hurried Yet he was walking slowly and vaguely conscious of stopping and staring at the landscape which no longer looked familiar to him He was hoping for some instinct or force of habit to recall him to himself yet when he saw a neighbor at work in an adjacent claim he hesitated and then turned his back upon him Yet only a moment before he had thought of running to him saying By Jingo I ve struck it or D n it old man I ve got it but that moment had passed and now it seemed to him that he could scarce raise his voice or if he did the ejaculation would appear forced and artificial Neither could he go over to him coolly and tell his good fortune and partly from this strange shyness and partly with a hope that another survey of the treasure might restore him to natural expression he walked back to his tunnel

BAM! Boys Advocacy and Mentoring Peter Mortola,Howard Hiton,Stephen Grant,2011-02-14 Over the past decade our understanding of the fundamental differences in child development behavior and emotional maturity between boys and girls has increased dramatically and as a result many gender specific interventions and support programs have been developed to meet the needs of parents teachers and mental health professionals However these all take the form of responses designed to minimize an already disruptive behavior pattern What has been needed is a pro active program whose goal is to instill positive skills and patterns in at risk boys rather than waiting to address problems after they are already visible The BAM Boys Advocacy and Mentoring program fills this need by providing the first guidebook for group facilitators who want to lead preventative boys groups designed to foster communication skills and emotional connections Based on years of research and refined over the course of countless sessions run by the authors the program has been field tested and tailored for use either in the school setting or outside Over a series of group sessions participants are encouraged to understand their emotions and
