Berquist, 2010-09-20 Home educator Laura Berquist presents a modern curriculum based on the time-tested philosophy of the classical Trivium: grammar, logic, and rhetoric. She has given homeschoolers a valuable tool for putting together a liberal arts curriculum that feeds the soul as well as the intellect. Her approach, covering grades K-12, is detailed and practical and is adaptable by parents and teachers to any situation. This third revised edition includes a much expanded section for a high school curriculum and an updated list of resources for all grades. **Christian Home Educators' Curriculum Manual** Cathy Duffy, 1995 The premiere guide for choosing homeschool curriculum. For beginners or veterans, Cathy helps you wade through the curriculum jungle to choose what's right for each of your children. Reviews of hundreds of books, games, videos, computer programs, parent helps, and much, much more for all subjects. Learning styles: Cathy helps you determine each child's learning style, then choose methods and resources that fit each child. What your child needs to know: what is typically taught at each grade level. Which resources allow your children to work independently, which work best taught one-on-one. Identifying and dealing with learning disabilities, plus a list of consultants for extra help. Testing the good and bad of testing different kinds of tests, where to get them, testing services.
