Reagan God And The Bomb

Sheldon Ungar

Reagan God And The Bomb:

Future Survey Annual 1986 Michael Marien, 1987-01-01 **Desiring the Bomb** Calum Lister Matheson, 2018-11-13 A timely interdisciplinary study that applies psychoanalysis and the rhetorical tradition of the sublime to examine the cultural aftermath of the Atomic Age Every culture throughout history has obsessed over various end of the world scenarios The dawn of the Atomic Age marked a new twist in this tale For the first time our species became aware of its capacity to deliberately destroy itself Since that time the Bomb has served as an organizing metaphor a symbol of human annihilation a stand in for the unspeakable void of extinction and a discursive construct that challenges the limits of communication itself The parallel fascination with and abhorrence of nuclear weapons has metastasized into a host of other end of the world scenarios from global pandemics and climate change to zombie uprisings and asteroid collisions **Desiring the Bomb** Communication Psychoanalysis and the Atomic Age explores these world ending fantasies through the lens of psychoanalysis to reveal their implications for both contemporary apocalyptic culture and the operations of language itself What accounts for the enduring power of the Bomb as a symbol What does the prospect of annihilation suggest about language and its limits Thoroughly researched and accessibly written this study expands on the theories of Kenneth Burke Jacques Lacan Sigmund Freud and many others from a variety of disciplines to arrive at some answers to these questions Calum L Matheson undertakes a series of case studies including the Trinity test site nuclear war games urban shelter schemes and contemporary survivalism and argues that contending with the anxieties individual social cultural and political born of the Atomic Age depends on rhetorical conceptions of the real an order of experience that cannot be easily negotiated in language Using aspects of media studies rhetorical theory and psychoanalysis the author deftly engages the topics of Atomic Age survival extinction religion and fantasy along with their enduring cultural legacies to develop an account of the Bomb as a signifier and to explore why some Americans have become fascinated with fantasies of nuclear warfare and narratives of postapocalyptic rebirth **Reagan's Mythical America** Jan Hanska, 2012-09-24 This book is the first full length study into the Reagan presidency with the tools of narratology It expands the understudied field of research into political narratives as concrete policy tools and provides a new means of understanding the continuing popularity of Reagan as a President **Bulletin of the Atomic Scientists**, 1988-05 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world *Reagan, God, and the Bomb* Fred H. Knelman, 1985 *Rise and Fall of Nuclearism* Sheldon Ungar, 2010-11-01 **Bulletin of the Atomic Scientists**, 1988-06 *Mapping the End Times* Dr Jason Dittmer, Dr Tristan Sturm, 2012-11-28 Over the last quarter century evangelicalism has become an important social and political force in modern America Here new voices in the field are brought together with leading scholars such as William E Connolly Michael Barkun Simon Dalby and Paul Boyer to produce a timely examination of the spatial dimensions of the movement offering useful and

compelling insights on the intersection between politics and religion This comprehensive study discusses evangelicalism in its different forms from the moderates to the would be theocrats who in anticipation of the Rapture seek to impose their interpretations of the Bible upon American foreign policy The result is a unique appraisal of the movement and its geopolitical visions and the wider impact of these on America and the world at large *Economic Vulnerability in International Relations* Beverly Crawford,1993-12-23 **America, God and the Bomb** Fred H. Knellman,1987 **Reagan's God and Country** Tom Freiling,2003-10-24 Not since Lincoln has a sitting president addressed spiritual issues as frequently as President Ronald Reagan Most of Reagan s biographers however overlook his strong religious convictions writing about them either sparingly or disparagingly In Reagan s God and Country Tom Freiling sets the record straight by giving you portions of every meaningful address Reagan gave in his public life about God religion and morality You ll discover how Reagan s moral compass was guided by an enduring faith in God and an optimistic faith in his fellow man This is the first book to look at Reagan s spiritual oratory It s the Great Communicator at his best Exit with Honor William E Pemberton,2015-03-04 Few presidents have sparked as much interest in recent years as Ronald Reagan already the subject of a large number of biographies and specialized subjects This biography based on recent research into the Reagan archives and synthesis of the large memoir literature explores the shaping of his values and beliefs during his childhood in the American heartland his leadership of the American conservative movement and his successful political career culminating in the first two term presidency since Dwight Eisenhower Pemberton finds Reagan s personal career and ability to understand and communicate with the American people admirable but finds many of the long term effects of his presidency harmful **Right-Wing Populism in America** Chip Berlet,Matthew N. Lyons,2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America *Simon Dalby: A Pioneer in International Relations* Simon Dalby,Roger

Boyd,2025-06-11 This book profiles Simon Dalby's academic contributions in the fields of critical geopolitics environmental security and the intersection of international relations and the Anthropocene It includes reprints of key essays that highlight innovations in critical thought at the intersections between geopolitics environment and security Starting with an analysis of American reconstructions of the Soviet threat in the 1970s an early contribution to the emerging field of critical geopolitics subsequent papers focus on the emergent formulations of environmental security in the aftermath of the Cold War and the environmental costs of globalization Focusing on the implicit geographical framing in discourses of globalization offered a critique that extended the ambit of critical geopolitics to grapple with the issues of environmental security and the rising concern with climate change as well as the political identities invoked in that debate In the aftermath of 9 11 similar arguments about contextualization applied to the American global war on terror and the revival of discussions of empire and its geographies both in arguments for invading Iraq as well as the wider discussions in policy discourse and popular culture Simultaneously the emergence of earth system science and the concept of the Anthropocene offered another way to highlight the dangers of fossil fueled economic activities The necessity of fundamentally rethinking the premises of security policy in light of this recontextualization is emphasized in more recent contributions on climate security and the current ecological crisis Critical geopolitics Environmental security Global war on terror Firepower in the Anthropocene **Atomic Tunes** Tim

Smolko,Joanna Smolko,2021-05-11 What is the soundtrack for a nuclear war During the Cold War over 500 songs were written about nuclear weapons fear of the Soviet Union civil defense bomb shelters McCarthyism uranium mining the space race espionage the Berlin Wall and glasnost This music uncovers aspects of these world changing events that documentaries and history books cannot In *Atomic Tunes* Tim and Joanna Smolko explore everything from the serious to the comical the morbid to the crude showing the widespread concern among musicians coping with the effect of communism on American society and the threat of a nuclear conflict of global proportions *Atomic Tunes* presents a musical history of the Cold War analyzing the songs that capture the fear of those who lived under the shadow of Stalin Sputnik mushroom clouds and missiles *Unraveling the Gray Area Problem* Luke Griffith,2023-12-15 In *Unraveling the Gray Area Problem* Luke Griffith

examines the US role in why the Intermediate Range Nuclear Forces INF Treaty took almost a decade to negotiate and then failed in just thirty years The INF Treaty enhanced Western security by prohibiting US and Russian ground based missiles with maximum ranges of 500 to 5 500 kilometers Significantly it eliminated hundreds of Soviet SS 20 missiles which could annihilate targets throughout Eurasia in minutes Through close scrutiny of US theater nuclear policy from 1977 to 1987 Griffith describes the Carter administration's masterminding of the dual track decision of December 1979 the North Atlantic Treaty Organization NATO initiative that led to the INF Treaty The Reagan administration in turn overcame bureaucratic infighting Soviet intransigence and political obstacles at home and abroad to achieve a satisfactory outcome in the INF negotiations Disagreements between the US and Russia undermined the INF Treaty and led to its dissolution in 2019

Meanwhile the US is developing a new generation of ground based INF type missiles that will have an operational value on the battlefield Griffith urges policymakers to consider the utility of INF type missiles in new arms control negotiations Understanding the scope and consistency of US arms control policy across the Carter and Reagan administrations offers important lessons for policymakers in the twenty first century By the Bomb's Early Light Paul Boyer,2005-10-21 Originally published in 1985 By the Bomb's Early Light is the first book to explore the cultural fallout in America during the early years of the atomic age Paul Boyer argues that the major aspects of the long running debates about nuclear armament and disarmament developed and took shape soon after the bombing of Hiroshima The book is based on a wide range of sources including cartoons opinion polls radio programs movies literature song lyrics slang and interviews with leading opinion makers of the time Through these materials Boyer shows the surprising and profoundly disturbing ways in which the bomb quickly and totally penetrated the fabric of American life from the chillingly prophetic forecasts of observers like Lewis Mumford to the Hollywood starlet who launched her career as the anatomic bomb In a new preface Boyer discusses recent changes in nuclear politics and attitudes toward the nuclear age *Hardcore Punk in the Age of Reagan* Robert Fitzgerald,2025-05-07 Few politicians produced the musical reaction that Ronald Reagan did His California branded conservatism inspired countless young people to pick up guitars and thrash out their political angst Punk bands across the United States took aim at the man his presidency and the idea of America he was selling to voters nationwide Small yet vibrant scenes across the country emerged to challenge the communal norms and social values projected on them by the popular media and consumer culture Punk enthusiast Robert Fitzgerald argues that these songs lyrics aren't just catchy and fun to scream along with they also reveal the thoughts and feelings of artists reacting to their political environment in real forthright and uncensored time In candid detail Fitzgerald shows how these lyrics illustrated what young adults felt and how they reacted to one of the most influential and divisive leaders of the era Punk lyrics are seemingly simple the author argues but they sketch out a complex musically inspired countermovement that is as canonical in the American songbook as the folk and rock protest music that came before **The Ecologist** ,1987 **Reagan** Max Boot,2024-09-10 NEW YORK TIMES 10 BEST BOOKS OF 2024 INSTANT NEW YORK TIMES BESTSELLER Washington Post 50 Best Nonfiction Books of 2024 Best Books of 2024 The New Yorker The Economist Chicago Public Library The Auburn Citizen This elegant biography of the 40th president stands out for its deep authority and nimble style A landmark work New York Times 10 Best Books of 2024 Reagan His Life and Legend aims to be the definitive biography and it succeeds New Yorker Magisterial Important Vivid Splendid Washington Post Son of the Midwest movie star and mesmerizing politician America's fortieth president comes to three dimensional life in this gripping and profoundly revisionist biography In this monumental and impressive biography Max Boot the distinguished political columnist illuminates the untold story of Ronald Reagan revealing the man behind the mythology Drawing on interviews with over one hundred of the fortieth president's aides friends and family members as well as

thousands of newly available documents Boot provides the best biography of Ronald Reagan to date Robert Mann The story begins not in star studded Hollywood but in the cradle of the Midwest small town Illinois where Reagan was born in 1911 to Nelle Clyde Wilson a devoted Disciples of Christ believer and Jack Reagan a struggling alcoholic salesman Boot vividly creates a portrait of a handsome young man indeed a much vaunted lifeguard whose early successes mirrored those of Horatio Alger And contextualizing Reagan s life against American history Boot re creates the world in which Reagan transitioned from local Iowa sportscaster to budding screen actor The world of Hollywood from the 1930s to the 1950s would prove significant not only in Reagan s coming of age in such classics as Knute Rockne and Kings Row but during the twilight of his film career when he played opposite a chimpanzee in Bedtime for Bonzo and then his eventual emergence as a television host of General Electric Theater which established his bona fides as one of the leading conservative voices of the time Indeed the leap to California governor in 1966 seemed almost preordained in which Reagan became a bellwether for a nation in the throes of a generational shift Reagan s 1980 presidential election augured a shift that continues into this century Boot writes not as a partisan but as a historian seeking to set the story straight He explains how Reagan was an ideologue but also a supreme pragmatist who signed pro abortion and gun control bills as governor cut deals with Democrats in both Sacramento and Washington and befriended Mikhail Gorbachev to end the Cold War A master communicator Reagan revived America s spirits after the traumas of Vietnam and Watergate But Boot also shows how Reagan was armored in obliviousness He traces Reagan s opposition to civil rights over forty years reveals how he neglected the exploding AIDS epidemic and details how America experienced a level of income inequality not seen since the Gilded Age With its revelatory insights Reagan His Life and Legend is no apologia depicting a man with a good versus evil worldview derived from his moralistic upbringing and Hollywood westerns Providing fresh examinations of trickle down economics the Cold War s end the Iran Contra affair as well as a nuanced portrait of Reagan s family this definitive biography is as compelling a presidential biography as any in recent decades
