Real Estate Agents Unmasked:

Real Estate Agents Unmasked Tom Porrecca, 2004-11 Would you like to know what really goes on in the residential real estate business For the first time ever the real story of what real estate agents do to you the consumer is revealed by one of their own This is a shocking revelation of how buyers and sellers are mistreated in their dealings with agents The consumer can judge for themselves whether they are receiving fair treatment when they deal with real estate agents Real Estate Agents Unmasked is an informative expose about the self serving tactics of real estate salespeople By their code of silence agents have hidden the fact that commissions are negotiable The industry has refused to change the way it does business and because of this home sellers are paying unfair and inflated prices The time for this archaic industry to be consumer friendly is long overdue Unprofessional lazy and incompetent real estate agents are making a lot of money while performing substandard and shoddy work It s time for the consumer to demand a higher level of competence and quality from real estate agents

Radicalized Real Estate Agents and the Rise and Resilience of the Australian Policy for Real Estate Carry John S. F. Wright, 2025-08-21 This is a book about policy change that focusses on a single case study the rise and resilience of the Australian policy for Real Estate Carry The text tracks investments of meaning and identity in the Australian policies for Negative Gearing 1987 and the Capital Gains Tax Discount 1999 through which successive federal governments inadvertently created scope for a dangerous and inefficient Real Estate Carry Trade in the housing sector that has proven resilient to reform for a quarter century Considering that Carry Trades inevitably create the conditions for their own collapse the historical failure of Australian governments to achieve policy change is a serious issue for the country going forward As they attempt to make their housing sector more stable sustainable and equitable Australian people may need to prepare for potentially dramatic changes to their economic and monetary system The book also raises important implications for understanding the nature and workings of policy change in Australian politics and beyond It is a valuable resource for scholars and students of political theory public policy and Australian politics as well as policy practitioners third sector groups and political parties interested in Australian and international housing policy

How to Unmask Threats Using Open Source Information? Joël Pastre, Nicolas Giannakopoulos, Aurélien Vuilleumier, 2013-10-09 Twenty years ago finding even basic information about a company or an individual wasn t an easy task Official documents such as commercial registries

could only be consulted in local administration s offices and even then they hardly existed Together with phone registrars they were merely the only public information available at that time One had to rely on documents provided by counterparts and independant verifications through private detectives were long and expensive *Mengele: Unmasking the "Angel of Death"* David G. Marwell,2020-01-28 A gripping sober and meticulous David Margolick Wall Street Journal biography of the infamous Nazi doctor from a former Justice Department official tasked with uncovering his fate Perhaps the most notorious war criminal of all time Josef Mengele was the embodiment of bloodless efficiency and passionate devotion to a grotesque worldview Aided by the role he has assumed in works of popular culture Mengele has come to symbolize the Holocaust itself as well as the failure of justice that allowed countless Nazi murderers and their accomplices to escape justice Whether as the demonic doctor who directed mass killings or the elusive fugitive who escaped capture Mengele has loomed so large that even with conclusive proof many refused to believe that he had died As chief of investigative research at the Justice Department s Office of Special Investigations in the 1980s David G Marwell worked on the Mengele case interviewing his victims visiting the scenes of his crimes and ultimately holding his bones in his hands Drawing on his own experience as well as new scholarship and sources Marwell examines in scrupulous detail Mengele s life and career He chronicles Mengele s university studies which led to two PhDs and a promising career as a scientist his wartime service both in frontline combat and at Auschwitz where his selections sent innumerable innocents to their deaths and his scientific pursuits including his studies of twins and eye color traumatized or killed countless more and his postwar flight from Europe and refuge in South America Mengele describes the international search for the Nazi doctor in 1985 that ended in a cemetery in Sao Paulo Brazil and the dogged forensic investigation that produced overwhelming evidence that Mengele had died but failed to convince those who arguably most wanted him dead This is the riveting story of science without limits escape without freedom and resolution without justice **Unmasking** Valerie Harms Sheehan,1973 *The Unmasking* Emilie Richards,1985 *The Unmasking* by Emilie Richards released on May 25 1985 is available now for purchase *Realtor Magazine* ,2006

Unmasking Social Science Imperialism Mentan, Tatah,2015-02-03 Contemporary social science is a product of the capitalist world system and Eurocentrism is constitutive of the geoculture of this system characterized by the parochiality of its universalism assumptions about the superiority of Western civilization and imposition as the sole theory of global progress The creation of these structures of knowledge specifically the institutionalization of the social sciences is a phenomenon that is inextricably linked to the very formation and maturation of Europe s capitalist world system or imperialism There is therefore nothing that is natural logical or accidental about the institutionalization of the social sciences These Europeanized structures of knowledge are imposed ways of producing knowledge of the world This Eurocentrism of social science has justifiably come under increasingly vigorous scrutiny especially in the period since 1945 with the formal decolonization of Africa Asia and much of the Caribbean This book forcefully argues that if social science is to make any progress in the twenty

first century it must overcome its Eurocentric heritage that has distorted social analyses and its capacity to deal with the problems of the contemporary world and embrace other non Western funds of knowledge production *The Spy Unmasked Or, Memoirs of Enoch Crosby, Alias Harvey Birch, the Hero of Mr. Cooper's Tale of the Neutral Ground* H. L. Barnum, 1886

The Culture of Property LeeAnn Lands, 2011-08-15 This history of the idea of neighborhood in a major American city examines the transition of Atlanta Georgia from a place little concerned with residential segregation tasteful surroundings and property control to one marked by extreme concentrations of poverty and racial and class exclusion Using Atlanta as a lens to view the wider nation LeeAnn Lands shows how assumptions about race and class have coalesced with attitudes toward residential landscape aesthetics and home ownership to shape public policies that promote and protect white privilege Lands studies the diffusion of property ideologies on two separate but related levels within academic professional and bureaucratic circles and within circles comprising civic elites and rank and file residents By the 1920s following the establishment of park neighborhoods such as Druid Hills and Ansley Park white home owners approached housing and neighborhoods with a particular collection of desires and sensibilities architectural and landscape continuity a narrow range of housing values orderliness and separation from undesirable land uses and undesirable people By the 1950s these desires and sensibilities had been codified in federal state and local standards practices and laws Today Lands argues far more is at stake than issues of access to particular neighborhoods because housing location is tied to the allocation of a broad range of resources including school funding infrastructure and law enforcement Long after racial segregation has been outlawed white privilege remains embedded in our culture of home ownership
