F. Forest,Kevin Kinser,2002-06-21

Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the number of first generation minority and women students These changes radically

transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs of providing remedial education to growing numbers of students who are unprepared for postsecondary education Higher Education in the United States provides a comprehensive analysis of these issues and others that scholars and practitioners of higher education study discuss and grapple with on a daily basis **The Ritual**

Culture of Victorian Professionals Albert D. Pionke, 2016-02-24 Focusing on the middle decades of the nineteenth century Albert D Pionke s book historicizes the relationship of ritual class and public status in Victorian England His analysis of various discourses related to professionalization suggests that public ritual flourished during the period especially among the burgeoning ranks of Victorian professions As Pionke shows magazines court cases law books manuals and works by authors that include William Makepeace Thackeray Thomas Hughes Anthony Trollope Charles Dickens George Eliot and Elizabeth Barrett Browning demonstrate the importance of ritual in numerous professional settings Individual chapters reconstruct the ritual cultures of pre professionalism provided to Oxbridge undergraduates of oath taking in a wide range of professional creation and promotion ceremonies of the education promotion and public practice of Victorian barristers and of Victorian Parliamentary elections A final chapter considers the consequences of rituals that fail through the lens of the Eglinton tournament The uneasy place of Victorian writers who were both promoters of and competitors with more established professionals is considered throughout Pionke s book excavates Victorian professionals vital ritual culture at the same time that its engagement with literary representations of the professions reconstructs writers unique place in the zero sum contest for professional status **Irish Medical Education and Student Culture, C.1850-1950** Laura Kelly, 2017 This

book explores the history of medical education and student life in Ireland from the mid nineteenth century to the mid twentieth century with particular focus on issues of gender and class **Creating Campus Cultures** Samuel D. Museums, Uma M. Jayakumar, 2012-03-12 Many colleges and universities have not engaged in the critical self examination of their campuses necessary for effectively serving racially diverse student populations This timely edited collection provides insights into how campus cultures can and do shape the experiences and outcomes of their increasingly diverse college student populations By cultivating values beliefs and assumptions that focus on including validating and creating equitable outcomes among diverse undergraduate students an institution can foster their success While attention to campus climate is critical for gauging the nature of an institution s culture and how students are experiencing the campus environment changes in climate alone will not lead to holistic and deep rooted institutional transformation Moving beyond previous explorations of campus racial climates Creating Campus Cultures addresses the considerable institutionally embedded

obstacles practitioners face as they attempt to transform entrenched institutional cultures to meet the needs of diverse student bodies A broad range of chapters include voices of students new research practical experiences and application of frameworks that are conducive to success This book will help student affairs and higher education administrators navigate this increasingly difficult terrain by providing practical advice on how to foster success among racial minority students and enact long term holistic change at any institution
