Rituals Of Sacrifice

Dennis D. Hughes

Rituals Of Sacrifice:

Ritual Sacrifice Brenda Ralph Lewis, 2007-01-15 The principle of sacrifice is as old as human life itself This book provides an overview of sacrificial practices around the world since prehistoric times It also examines the reasons behind these rituals and in the case of human sacrifice an attempt is made to understand the mentality of the victims who often willingly went to their deaths

Ritual Sacrifice Brenda Ralph Lewis, 2001 Sacrifice whether human animal or object has been practiced for thousands of years Brenda Ralph Lewis examines the reasons behind these rituals and attempts to convey the mentality of the often willing victims

Human Sacrifice Jimmy Lee Shreeve, 2015-01-20 Welcome to the terrifying world of ritual sacrifice Around the world humans are being trafficked kidnapped sold and enslaved for the specific purpose of sacrifice Mass scale migration has seen these gruesome techniques exported from the land of the Aztecs and finding their way to the United States Britain and many other locations worldwide Voodoo priests in London have been linked to ritual murders and not long ago a Palo Mayombe priestess's New York City apartment yielded its grisly secrets One New Jersey investigator says that sacrificial rites are not only going on today but can be traced back ninety years in the States alone Jimmy Lee Shreeve takes us on a nightmare journey following the initial investigations of Scotland Yard into the murder of a five year old boy whose torso was found floating in the Thames in 2001 and traveling to Africa to unveil a grim trade of exporting humans for sacrifice He uncovers the dark side of voodoo and muti magic linked with a score of sacrifices and murders and in Mexico finds a devotee of Palo Mayombe responsible for torturing his victims and boiling them in a cauldron Along the way Shreeve brings his own brand of offbeat detective skills to the fore providing startling conclusions to some of the world's most horrific murders Brutal and disturbing Human Sacrifice takes us into the dark world of twenty first century ritual murder

The Strange World of Human Sacrifice Jan N. Bremmer, 2007 The Strange World of Human Sacrifice is the first modern collection of studies on one of the most gruesome and intriguing aspects of religion The volume starts with a brief introduction which is followed by studies of Aztec human sacrifice and the literary motif of human sacrifice in medieval Irish literature Turning to ancient Greece three cases of human sacrifice are analysed a ritual example a mythical case and one in which myth and ritual are interrelated The early Christians were the victims of accusations of human sacrifice but in turn imputed the crime to heterodox Christians just as the Jews imputed the crime to their neighbours The ancient Egyptians rarely seem to have practised human sacrifice but buried the pharaoh's servants with him in order to serve him in the afterlife albeit only for a brief period at the very beginning of pharaonic civilization In ancient India we can follow the traditions of human sacrifice from the earliest texts up to modern times where especially in eastern India goddesses such as Kali were long worshipped with human victims In Japanese tales human sacrifice often takes the form of self sacrifice and there may well be a line from these early sacrifices to modern kamikaze The last study throws a surprising light on human sacrifice in China The volume is concluded with a detailed index

Human Sacrifice in Ancient Greece Dennis D.

Hughes,2013-01-11 Numerous ancient texts describe human sacrifices and other forms of ritual killing in 480 BC Themistocles sacrifices three Persian captives to Dionysus human scapegoats called pharmakoi are expelled yearly from Greek cities and according to some authors they are killed Locrin girls are hunted down and slain by the Trojans on Mt Lykaion children are sacrificed and consumed by the worshippers and many other texts report human sacrifices performed regularly in the cult of the gods or during emergencies such as war and plague Archaeologists have frequently proposed human sacrifice as an explanation for their discoveries from Minoan Crete children s bones with knife cut marks the skeleton of a youth lying on a platform with a bronze blade resting on his chest skeletons sometimes bound in the dromoi of Mycenaean and Cypriot chamber tombs and dual man woman burials where it is suggested that the woman was slain or took her own life at the man s funeral If the archaeologists interpretations and the claims in the ancient sources are accepted they present a bloody and violent picture of the religious life of the ancient Greeks from the Bronze Age well into historical times But the author expresses caution In many cases alternative if less sensational explanations of the archaeological are possible and it can often be shown that human sacrifices in the literary texts are mythical or that late authors confused mythical details with actual practices Whether the evidence is accepted or not this study offers a fascinating glimpse into the religious thought of the ancient Greeks and into changing modern conceptions of their religious behaviour

Ritual Sacrifice in Ancient Peru Elizabeth P. Benson, Anita G. Cook, 2013-06-20 Propitiating the supernatural forces that could grant bountiful crops or wipe out whole villages through natural disasters was a sacred duty in ancient Peruvian societies as in many premodern cultures Ritual sacrifices were considered necessary for this propitiation and for maintaining a proper reciprocal relationship between humans and the supernatural world The essays in this book examine the archaeological evidence for ancient Peruvian sacrificial offerings of human beings animals and objects as well as the cultural contexts in which the offerings occurred from around 2500 B C until Inca times just before the Spanish Conquest Major contributions come from the recent archaeological fieldwork of Steve Bourget Anita Cook and Alana Cordy Collins as well as from John Verano s laboratory work on skeletal material from recent excavations Mary Frame who is a weaver as well as a scholar offers rich new interpretations of Paracas burial garments and Donald Proulx presents a fresh view of the nature of Nasca warfare Elizabeth Benson s essay provides a summary of sacrificial practices

Terrifying, Bone-Chilling Rituals and Sacrifices Kelly Regan Barnhill, 2009 Describes a variety of rituals practiced by different cultures in the past Provided by publisher

Rituals of Sacrifice Vincent James Stanzione, Angelika Bauer, 2003 Living and working among the Tz utujil Maya people of Santiago Atitl n in highland Guatemala for some fifteen years Vincent Stanzione has observed photographed and participated in their ritual and ceremonial life which he describes with unique authority in this account of the continuities in Mayan culture from pre Columbian times to the present This book represents both a confirmation and an innovation in the scholarship and field work about the religious imagination and rites of passage of Maya peoples I know of no book that is as

able to link the pre Hispanic colonial and contemporary religious practices of these peoples into a coherent narrative b combine anthropological religious studies theory with linguistics and ongoing field work as creatively and c illuminate the debate between models of syncretism and transculturation about a contemporary ritual cycle as Stanzone s beautifully illustrated work David Carrasco Harvard University Ritual Sacrifice Brenda Ralph Lewis,2007-01-15 The principle of sacrifice is as old as human life itself This book provides an overview of sacrificial practices around the world since prehistoric times It also examines the reasons behind these rituals and in the case of human sacrifice an attempt is made to understand the mentality of the victims who often willingly went to their deaths **The Jew and Human Sacrifice** Hermann Leberecht Strack,1909 **Ritual and Metaphor** Christian Eberhart,2012 The sanctuary and rituals of ancient Judaism are long gone yet their concepts especially that of sacrifice have remained essential to the rhetoric of politics religion and secular culture The essays in this volume deal with central aspects of sacrificial rituals and processes of metaphor development and spiritualization in Judaism and Christianity **Sacrificial Ceremonies of Santería** Ócha'ni Lele,2012-08-22 The first book to explore the history methods and thinking behind sacrifice in the growing Santería faith Explains the animal sacrifice ceremony in step by step detail Shares the ancient African sacred stories that reveal the well thought out metaphysics and spirituality behind the practice of animal sacrifice Chronicles the legal fight all the way to its 1993 U S Supreme Court victory to establish legal protection for the Santería faith and its practitioners Tackling the biggest controversy surrounding his faith Santería a priest cha ni Lele explains for the first time in print the practice and importance of animal sacrifice as a religious sacrament Describing the animal sacrifice ceremony in step by step detail including the songs and chants used he examines the thinking and metaphysics behind the ritual and reveals the deep connections to the *odu* of the *diloggún* the source of all practices in this Afro Cuban faith Tracing the legal battle spearheaded by Oba Ernesto Pichardo head of the Church of the Lukumi of Babaluaiye over the right to practice animal sacrifice as a religious sacrament Lele chronicles the fight all the way to its 1993 U S Supreme Court victory which established legal protection for the Santería faith and its practitioners Weaving together oral fragments stemming from the ancient Yoruba of West Africa the author reconstructs their sacred stories or *pataks* that demonstrate the well thought out metaphysics and spirituality behind the practice of animal sacrifice in the Yoruba and Santería religion including explanations about why each animal can be regarded as food for both humans and the *orisha* as well as how sacrifice is not limited to animals Shedding light on the extraordinary global growth of this religion over the past 50 years Lele s guide to the sacrificial ceremonies of Santería enables initiates to learn proper ceremony protocol as well as gives outsiders a glimpse into this most secretive world of the *santeros* *Blood Sacrifices* Sarah Coleman,AI,2025-02-26 *Blood Sacrifices* explores the pervasive role of blood in ritualistic practices across various cultures framing it not as random brutality but as a complex system interwoven with human existence The book argues that blood sacrifice was a negotiation between humanity and the divine crucial for maintaining

cosmic order and fostering social cohesion Delving into the significance of blood as a life force it examines the religious and mythological frameworks that legitimized these practices along with their socio political functions The book begins by establishing a historical context tracing blood sacrifice from prehistoric rituals to formalized practices in ancient civilizations It then progresses through case studies including ancient Near Eastern religions classical Mediterranean societies and pre Columbian Mesoamerica particularly the Maya and Aztecs These examples illustrate the multifaceted nature of blood sacrifice such as its integration into state religion in Greece and Rome or the elaborate systems of human sacrifice among the Aztecs The book concludes by synthesizing these diverse examples identifying common threads and demonstrating the lasting impact of blood sacrifice on human history World Religions in America, Fourth Edition Jacob Neusner,2009-10-07

The fourth edition of World Religions in America continues its lauded tradition of providing students with reliable and nuanced information about America s religious diversity while also reflecting new developments and ideas Each chapter was updated to reflect important changes and events and current statistics and information New features include a timeline of key events and people for each tradition sidebars on major movements or controversies personal stories from members of various faiths a theme based organization of subjects more subheads three new chapters exploring America s increasing religious diversity and suggestions for further study *Handbook of South American Archaeology* Helaine

Silverman,William Isbell,2008-04-06 Perhaps the contributions of South American archaeology to the larger field of world archaeology have been inadequately recognized If so this is probably because there have been relatively few archaeologists working in South America outside of Peru and recent advances in knowledge in other parts of the continent are only beginning to enter larger archaeological discourse Many ideas of and about South American archaeology held by scholars from outside the area are going to change irrevocably with the appearance of the present volume Not only does the Handbook of South American Archaeology HSAA provide immense and broad information about ancient South America the volume also showcases the contributions made by South Americans to social theory Moreover one of the merits of this volume is that about half the authors 30 are South Americans and the bibliographies in their chapters will be especially useful guides to Spanish and Portuguese literature as well as to the latest research It is inevitable that the HSAA will be compared with the multi volume Handbook of South American Indians HSAI with its detailed descriptions of indigenous peoples of South America that was organized and edited by Julian Steward Although there are heroic archaeological essays in the HSAI by the likes of Junius Bird Gordon Willey John Rowe and John Murra Steward states frankly in his introduction to Volume Two that arch ology is included by way of background to the ethnographic chapters **Transformations in**

Sacrificial Practices Eftychia Stavrianopoulou,Axel Michaels,Claus Ambos,2008 The main thrust of the contributions in this volume run counter to the notion of a universally applicable theory of sacrifice and rather aimed at investigating transformations in sacrificial practices from cross cultural and transhistorical perspectives Exploring a broad spectrum of

texts case studies and social practices from Greco Roman antiquity as well as the Ancient Near East and Egypt to the modern Middle East the Indian subcontinent and Indonesia diverging cultural perceptions and definitions of the topic sacrifice are examined and thereby new insights into the processes of modification and transformation of sacrificial rituals are gained

Legal and Rhetorical Foundations of Economic Globalization Keren Wang,2019-06-13 This book examines the subtle ways in which rhetorics of sacrifice have been re appropriated into the workings of the global political economy in the 21st century It presents an in depth analysis of the ways in which ritual practices are deployed under a diverse set of political and legal contexts as legitimation devices in rendering exploitative structures of the prevailing political economic system to appear inescapable or even palatable To this end this work explores the deeper rhetorical and legal basis of late capitalist governmentality by critically interrogating its mythical and ritual dimensions The analysis gives due consideration to the contemporary incarnations of ritual sacrifice in the transnational neoliberal discourse from those exploitative yet inescapable contractual obligations to calendrical multi billion dollar offerings to the insatiable needs of too big to fail corporations The first part of the book provides a working interpretative framework for understanding the politics of ritual sacrifice one that not only accommodates multidisciplinary interdisciplinary knowledge of ritual practices but that can also be employed in the integrated analysis of sacrificial rituals as political rhetoric under divergent historical and societal contexts The second conducts a series of case studies that cut across the wide variability of ritual public takings in late capitalism The book concludes by highlighting several key common doctrines of public ritual sacrifice which have been broadly observed in its case studies These common doctrines tend to reflect the rhetorical and legal foundations for public takings under hegemonic market driven governance They define appropriate and proper occasions for suspending pre existing legal protections to regularize otherwise transgressive transfers of rights and possessions for the greater good of the economic order

The Social Meanings of Sacrifice in the Hebrew Bible David Janzen,2012-08-09 This work uses anthropological theory and field studies to investigate the social function and meaning of sacrifice All rituals including sacrifice communicate social beliefs and morality but these cannot be determined outside of a study of the social context Thus there is no single explanation for sacrifice such as those advanced by Ren Girard or Walter Burkert or late 19th and early 20th century scholars The book then examines four different writings in the Hebrew Bible the Priestly Writing the Deuteronomistic History Ezra Nehemiah and Chronicles to demonstrate how different social origins result in different social meanings of sacrifice

Animal Sacrifice in the Ancient Greek World Sarah Hitch,Ian Rutherford,2017-08-24 This volume brings together studies on Greek animal sacrifice by foremost experts in Greek language literature and material culture Readers will benefit from the synthesis of new evidence and approaches with a re evaluation of twentieth century theories on sacrifice The chapters range across the whole of antiquity and go beyond the Greek world to consider possible influences in Hittite Anatolia and Egypt while an introduction to the burgeoning science of osteo archaeology is provided The twentieth century emphasis on sacrifice as part

of the Classical Greek polis system is challenged through consideration of various ancient perspectives on sacrifice as distinct from specific political or even Greek contexts Many previously unexplored topics are covered particularly the type of animals sacrificed and the spectrum of sacrificial ritual from libations to lasting memorials of the ritual in art The Jew and Human Sacrifice Hermann L. Strack, 1909

Rituals Of Sacrifice Book Review: Unveiling the Power of Words
