Rival Rigelians Agent X

Mack Reynolds

Rival Rigelians Agent X:

The Rival Rigelians Mack Reynolds, 2011-09-29 The team from Earth had the task of raising backward planets to the home world's high level The situation on Rigel was this The most advanced culture on Rigel's first planet is to be compared to the Italian cities during Europe's feudalistic years The most advanced of the second planet is comparable to the Aztecs at the time of the Spanish conquest These planets are in your control to the extent that no small group has ever dominated millions before No Caesar ever exerted the power that will be in your collective hands For half a century you will be as gods and goddesses But the Rigelians were themselves descended from the lost colonists of old Earth and they could learn their lessons as fast as they could be taught In fact they could even teach their teachers a thing or two And therein lay the peril the professors from space never dreamed of

Planetary Agent X Mack Reynolds, 2011-09-29 Newly accepted as a Special Agent of the star spanning United Planets organization Ronny Bronston found that his first assignment was one which had taken the lives of dozens of agents before him he was to track down a man named Tommy Paine We've been trying to catch him for twenty years said Ronny's section chief How long before that he was active we have no way of knowing It was some time before we became aware that half the revolts coups d' tats and assassinations that occur in the United Planets have his dirty finger stirring around in them But what motivates him Ronny asked What's he get out of all the war and killing he stirs up Nobody seems to know But the best guess is that he's insane a homicidal maniac on an intergalactic scale He's dangerous Ronny and you've got to get him

Paradox Gained Mack Reynolds, 2011-05-23 DON'T TRY TO FIGURE A FINAL ANSWER TO THIS ONE PHILOSOPHERS HAVE TRIED FOR AGES AND HAVE FAILED Excerpt The closet in Benjamin Farlan's two room bachelor apartment wasn't particularly large In fact it measured three feet wide by four feet deep And by no stretch of the imagination could it have held three full grown men Not as full grown as these were Besides that the closet was already chock full of clothes half a dozen pair of shoes and two suitcases It happened about seven thirty Ben Farlan had finished an unsatisfactory day at the laboratory had his dinner at the automat and picked up a fifth of brandy on the way home Little Ben Farlan liked brandy He liked to sit at night in his hundred and fifty dollar chair and read something not too technical but not too light and have a snifter glass of brandy on the coffee table next to him On nights when he had nothing on his mind he could sit for hours that way get through a whole book and possibly a third of his bottle before it was time for bed This wasn't one of the nights when he had nothing on his mind Things were getting on the chaotic side at the lab Already he had enough work on his shoulders for three men and now the Army was taking young Robertson Now it was Robertson They let a man take eight long years of schooling eight years of work to become a scientist preparatory to assuming a useful place in society and then what happens They slap him into the Infantry for what would probably be an indefinite period the world situation being what it was Ben had gone through three ounces of brandy and was pouring himself another glass That was when the closet door opened and a six footer who must have weighed at least two hundred and twenty pounds stepped into the room

He was wearing a uniform that wouldn't have been out of place on a Guatemalan Rear Admiral and he didn't look particularly friendly. Not half an hour earlier Ben Farlan had hung his coat in that closet and since then he hadn't left the room. He blinked reproachfully through his thick lenses at his brandy glass. The newcomer took him in with one sweep of his eyes then strode quickly to the bedroom, opened its door and gave a quick look around inside. Hey Ben protested. Another six footer cut in the same model as the first stepped from the closet. This was really out of the question. You couldn't have got the two of them in there with a shoehorn. But that didn't prevent a third one from pressing after the second. While the third brute was giving the room the onceover the second headed for the bathroom and gave it a quick glance. They evidently wanted to be sure Ben Farlan was alone. The first had meantime checked the tiny kitchenette. Ben Farlan let loose with another weak Hey.

I. Q. Mack Reynolds, 2011-05-09 In a time when teaching machines and batteries of educational tests seem to be determining the intellectual nobility of the next generation this story has meaning for all of us. *The Rival Rigelians and Planetary Agent X* Mack Reynolds, 1967 **The Five-Way Secret Agent** Mack Reynolds, 2011-09-29 The world situation has become so confused that a young American living on Negative Income Tax finds himself drafted into an international espionage assignment by no less than 5 opposing interests. It is a story of humour and adventure that will be hard to forget.

Towers of Utopia Mack Reynolds, 2017-03-29 The enemy has no face. It does not show on the scanners. It avoids the world's most sophisticated surveillance system. But it leaves a wake of profitless crime and motiveless murder and puts the future of mankind's paradise on earth in peril. *Science Fiction and Fantasy Literature, Vol 1* R. Reginald, 2010-09-01 Science Fiction and Fantasy Literature A Checklist 1700-1974 Volume one of Two contains an Author Index Title Index Series Index Awards Index and the Ace and Belmont Doubles Index **Rolltown** Mack Reynolds, 2012-12-14 In Rolltown Reynolds has turned his productive imagination towards the growing phenomenon of mobile living in America. Taking us decades into the future he tells the story of a world where people have taken to the road en masse in huge mobile towns composed of hundreds or even thousands of inhabitants attempting to deal with a hostile and over-organized world. *Commune 2000 AD* Mack Reynolds, 2017-03-29 It was the future perfect: the greatest society in human history with peace and plenty and total sexual freedom. Utopia paid you the Universal Guaranteed Income whether you worked or not. Yet something was wrong. It was a fractured Utopia. By the thousands the disenchanted fled the cities to join tiny mobile towns that sprang up wildly. It was called The Commune Phenomenon. Super leaders of the super future challenged Swain to locate the worm of discontent. Strange because Swain himself felt gnawed by corruption, distracted by lust, troubled by danger. *Trample an Empire Down* Mack Reynolds, 2012-12-14 UTOPIA WAS NO FUN. They had a Guaranteed Annual Income and an automated world where no one had to work but there was nothing to do. When Morris and his friends ran out of beer there was only one alternative: they decided to overthrow the government. **Computer War** Mack Reynolds, 2011-09-29 The odds were right for victory. The problem with computer warfare is that the computer is always logical while the human enemy is not or doesn't have to be.

And that's what the Betastani enemy were doing nothing that the Alphaland computers said they would Those treacherous foemen were avoiding logic and using such unheard of devices as surprise and sabotage treason and trickery They even had Alphaland's Deputy of Information believing Betastani propaganda without even realizing it Of course he still thought he was being loyal to Alphaland because he thought that one and one must logically add up to two And that kind of thinking could make him the biggest traitor of them all

The Fracas Factor Mack Reynolds, 2011-09-29 GUNS WERE ILLEGAL Unless you were a member of Category Military no one on Earth could own a gun So who was shooting at Joe Mauser And why He'd been a mercenary but he'd been thrown out when he saved Field Marshal Cogswell's life Whose enemies were after him now his own or Cogswell's In a world where the computers kept track of you Mauser had to disappear and stay alive long enough to reach the Field Marshal

Mercenary From Tomorrow Mack Reynolds, 2011-09-29 Is the story of 21st Century Earth a world where work is forgotten where the masses fight boredom with trunk pills and telly and where it is almost impossible to leave the social class you were born in You could break the class barrier only by hiring yourself out as a mercenary to fight in the prime time wars that are fought to keep the telly viewing public satisfied That is the only way to move up the ladder if you could stay alive long enough

Police Patrol Mack Reynolds, 2011-09-29 Mack Reynolds has always been admired for his ability to portray the world of the future in its varied aspects social political scientific and economic Now he presents his readers with an imaginative and action packed look into the everyday life of a twenty first century policeman

Ability Quotient Mack Reynolds, 2011-09-29 When the Asian Wars were over Major Bert Alshuler had few prospects until Mid West University asked him to take part in an educational experiment that would test the effect of certain drugs on his I Q

Contemporary Science Fiction Authors Robert Reginald, 2009-01-01 This bio bibliography of the golden age of the science fiction field includes 308 biographies compiled from questionnaires sent to the authors and chronological lists of 483 writers published works This facsimile reprint of the 1975 edition includes a title index introduction and minor corrections A now classic guide to the major and minor SF writers active in the early 1970s

Dawnman Planet Mack Reynolds, 2012-12-14 Ron Bronston was sworn to protect the United Planets dream the pursuit of freedom and progress on all of the 3000 human inhabited planets of the galaxy As an operative of the secret section of the United Planets Bureau of Investigation Bronston was called upon for some very unusual missions But the present crisis was without precedent Man's sovereignty in his galaxy was challenged by a single madman and the super weapons of the Dawnmen the mysterious aliens from the unexplored vastness of the galaxy's center Bronston alone had to find a way to stop them

After Utopia Mack Reynolds, 2011-09-29 It is the far future Earth is beautifully planned efficiently run and happily united It is the world that dreamers have envisioned since the beginning of time no slums no crime no poverty no disease no shortages But still it is a world with problems people have become so lazy so self satisfied that human progress has all but ceased To make matters worse addicts of the newly developed programmed dreams are increasing at an enormous rate Only a few individuals

understand the far reaching consequences of these problems only a few realize that the human race is destroying itself

Tomorrow Might Be Different Mack Reynolds, 2011-09-29 What would the world be like if the Russians discovered how to beat us at our own capitalistic game and began dumping inexpensive quality goods on the world market In this brand new novel Mack Reynolds deposits us into just such a future It is a world where America is rapidly being turned into a second rate power as its industries go bankrupt A world that is falling under the wheels of the Soviet juggernaut peacefully and passively It is a world where the U S has only one way to retaliate by bringing a little religion into the Soviet Union a very special religion
