River Town Two Years On The Yangtze:

River Town Peter Hessler, 2002 Records the author's experiences as a Peace Corps English teacher in the small Chinese city of Fuling during which time he witnessed such events as the death of Deng Xiaoping the return of Hong Kong to the mainland and the construction of the Three Gorges Dam

River Town Peter Hessler, 2001 When Peter Hessler went to China in the late 1990s he expected to spend a couple of peaceful years teaching English in the town of Fuling on the Yangtze River But what he experienced the natural beauty cultural tension and complex process of understanding that takes place when one is thrust into a radically different society surpassed anything he could have imagined Hessler observes firsthand how major events such as the death of Deng Xiaoping the return of Hong Kong to the mainland and the controversial construction of the Three Gorges Dam have affected even the people of a remote town like Fuling Poignant thoughtful and utterly compelling River Town is an unforgettable portrait of a place caught mid river in time much like China itself a country seeking to understand both what it was and what it will one day become

River Town Peter Hessler, 2006 In the heart of China's Sichuan province tucked away amid the terraced hills of the Yangtze River valley lies the remote town of Fuling Like many other small cities in this vast and ever evolving country Fuling is shifting gears and heading down a new path one of change and vitality tension and reform disruption and growth Its position at the crossroads came into sharp focus when the author arrived as a Peace Corps volunteer marking the first time in more than half a century that the city had an American resident The author taught English and American literature at the local college but it was his students who taught him about the ways of Fuling and about the complex process of understanding that takes place when one is immersed in a radically different society This book is a portrait of a city that much like China itself is seeking to understand both what it was and what it someday will be Back cover

The "Inscrutably Chinese" Church Nathan Faries, 2010-09-23 The first half of the twenty first century promises to be a time of great change for the Christian church in the People's Republic of China The situation is complex and fluid and the information gap between those on the inside and those outside of China is still significant though shrinking The Inscrutably Chinese Church moves readers nearer to the Chinese Christian experience as Nathan Faries helps foreign readers to see with greater clarity just how Chinese Christians view their government and themselves in relation to those ruling powers There still exists a measure of inscrutability about China and its complex relationship with religion that must be explained to the outsider It is this gap in understanding between insider points of view within China and those outsiders seeking knowledge about the Christian faith in China that Faries seeks to close
