Sisyphus of Corinth has been one of the most compelling characters in world mythology. The iconic image of Sisyphus putting his shoulder to the boulder and pushing it to the summit of a mountain in the Underworld is recognizable the world over. To many poets and philosophers from Homer and Aeschylus to Lucille Clifton and Albert Camus, the rebel hero has been a powerful symbol for hard-earned wisdom and the struggle to transcend suffering, while more skeptical commentators have interpreted Sisyphus' defiance of the gods as futile and doomed. In this mythopoetic novel, Phil Cousineau reimagines Sisyphus as telling his own tale through notebooks he kept while enduring his notorious punishment, which include surprising revelations about the self-sacrifice he made for his fellow Corinthians, his bold fight against the injustice of the gods, and the unbounded love for his wife and sons that earned him a second chance at life. *The Lost Notebooks of Sisyphus* is a timeless allegory that helps us come to terms with our own daily struggles and shines new light on Camus' existential conclusion that we must imagine Sisyphus as happy. A glorious saga, a tale for the ages told with uncommon depth, poetry, and grace. To understand the myth of Sisyphus is to know that the long haul matters and that there is a kind of nobility in our suffering and a deeper meaning in our perseverance. We need this book to correct the shallow misconceptions about Sisyphus and initiate us into the mysteries of this archetypal story. Phil Cousineau is a devoted voyageur and writer. It has been a pleasure to read his great adventure about Sisyphus. I am happy to spend time with his always amazing work. *Hugo Von Hofmannsthal and His Time* Hermann Broch, 1984-08-15 Hermann Broch (1886-1951) is remembered among English-speaking readers for his novels *The Sleepwalkers* and *The Death of Virgil* and among German-speaking readers for his novels as well as his works on moral and political philosophy, his aesthetic theory, and his varied criticism. This study reveals Broch as a major historian as well as one who believes that true historical understanding requires the faculties of both poet and philosopher. Through an analysis of the changing thought and career of the Austrian poet, librettist, and essayist Hugo von Hofmannsthal (1874-1929), Broch attempts to define and analyze the major intellectual issues of the European fin de siècle, a period that he characterizes according to the Nietzschean concepts of the breakdown of rationality and the loss of a central value system. The result is a major examination of European thought as well as a comparative study of political systems and artistic styles. *Amy Adams: From Enchantment to Legacy* ChatStick Team, 2024-07-09 Amy Adams: From Enchantment to Legacy Immerse yourself in the enchanting story of Amy Adams with *From Enchantment to Legacy*, an insightful ebook meticulously crafted by the ChatStick Team. Off with Their Heads! Maria Tatar,1993-10-24 When fairy tales moved from workrooms taverns and the fireside into the nursery they not only lost much of their irreverent earthy humor but were also deprived of their contestatory stance to official culture Children s literature Maria Tatar maintains has always been more intent on producing docile minds than playful bodies From its inception it has openly endorsed a productive discipline that condemns idleness and disobedience along with most forms of social resistance *One Book at a Time: Teens Engaging Young Readers* , **Periagoge - Theory of Singularity and Philosophy as an Exercise of Transformation** Guido Cusinato,2023-11-07 This book returns to the question at the center of our existence a question that the narcissistic culture in which we are immersed systematically tends to remove Why The underlying thesis is that the answer must not be sought in success or social recognition but in a fragment of truth hidden somewhere inside each of us which reveals itself only if we detach ourselves from our ego and its certainties It is not therefore a matter of finding yet another philosophical theory of the meaning of existence but rather of shedding light on the conditions under which such meaning can emerge The author shows us that the ultimate source of our existential orientation lies in the affective sphere and that the current crisis of orientation is derived from the atrophy of the process of affective maturation on a large scale and from a lack of knowledge and experience about which techniques are best to reactivate it We are like glowworms that had once unlearned how to illuminate and have since begun to hover around the magic lantern of the ascetic ideal already criticized by Nietzsche and then around neon advertising signs We are glowworms that have forgotten that we have within our own affective structure a precious source of orientation The basic thesis is that this source of orientation can be reactivated through the care of desire and practices of emotional sharing Catalogue of the Books for Boys and Girls, with Additions to 30th June, 1910 [in the High Street Branch] Bolton (England).
