Road To War 1967:

The Road to War, 1967. The Road to War: the Origin and Aftermath of the Arab-Israeli Conflict, 1967/8 Walter Ze'ev LAQUEUR,1969 **The road to war, 1967** Walter Laqueur,1969 **The Road to War** Walter Laqueur,1969 S geord U Thant Suez Sinai Golan *Israel's Wars* Ahron Bregman,2003-09-02 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **Israel's Way of War** Ehud Eilam,2016-01-13 Israel has fought many wars since its founding in 1948 from conventional military conflicts with Arab forces to irregular clashes with guerrilla and terror groups A study of these confrontations reveals strategic and military patterns Written by a former member of the Israel Defense Forces this book compares the wars fought in Lebanon against the Palestine Liberation Organization 1982 and against Hezbollah 2006 and in the Gaza Strip 1956 1967 2008 2009 and 2014 The author draws similarities between Israel and Western nations mainly the United States and Britain in their waging of conventional and irregular warfare and offers a comparison of the Vietnam War to Israel's struggle with Hezbollah in the 1990s **Israel's Wars** ,1990 **The Sword And The Olive** Martin Van Creveld,2008-08-06 Combining razor sharp analysis with dramatic narrative vivid portraits of soldiers and commanders with illuminating discussions of battle tactics and covert actions The Sword and the Olive traces the history of the IDF from its beginnings in Palestine to today The book also goes beyond chronology to wrestle with the political and ethical struggles that have shaped the IDF and the country it serves struggles that are manifesting themselves in the recent tragic escalation of the Palestinian Israeli conflict Often revisionist in attitude surprising in many of its conclusions this book casts new light on the struggle for peace in the Middle East **Power and Conflict in the Age of Transparency** B. Finel,K. Lord,2002-10-03 The twenty first century will feature unprecedented global transparency From the advent of the Internet to the rise of global media to the proliferation of commercial satellites more information will be available to more people about more things than ever before in human history This increase in transparency is certain to have a major effect on international politics and particularly on the possibility of armed conflict in the next millennium This volume represents the first comprehensive collection of articles written by leading scholars and policy analysts examining the effects of transparency on world politics **Fighting Words** John Renard,2012-12-31 One of the critical issues in interreligious relations today is the connection both actual and perceived between sacred sources and the justification of violent acts as divinely mandated Fighting Words makes solid text based scholarship accessible to the general public beginning with the premise that a balanced approach to religious pluralism in our world must build on a measured well informed response to the increasingly publicized and sensationalized association of terrorism and large scale violence with religion In his introduction Renard provides background on the major scriptures of seven religious traditions Jewish Christian including both the Old and New Testaments Islamic Baha i Zoroastrian Hindu and Sikh Eight chapters then explore the interpretation of select facets of these scriptures focusing on those texts so often claimed both historically and more recently

as inspiration and justification for every kind of violence from individual assassination to mass murder With its nuanced consideration of a complex topic this book is not merely about the religious sanctioning of violence but also about diverse ways of reading sacred textual sources Historical Dictionary of Israel Bernard Reich, David H. Goldberg, 2016-08-30 Since its creation the State of Israel has been a magnet for attention A country beset by conflict in its region and faced with the need to integrate mainly Jewish immigrants of disparate backgrounds into a modern and advanced democratic state and society Israel has preoccupied observers scholars and journalists since its independence in May 1948 Although a Jewish state Israel is also a democratic state that guarantees the rights of all of its citizens including its large Arab and Moslem minority in law and in practice Israel and its modern history and politics have been the subject of substantial and often highly partisan literature being hotly and vigorously debated both at home and abroad This third edition of Historical Dictionary of Israel contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1100 cross referenced entries on significant persons places events government institutions political parties and battles as well as entries on Israel's economy society and culture This book is an excellent access point for students researchers and anyone wanting to know more about the various diplomatic and political personalities institutions organizations events concepts and documents that together define the political life of the Jewish state of Israel Holy War in Judaism Reuven Firestone, 2012-07-02 Holy War in Judaism is the first book to consider how the concept of holy war disappeared from Jewish thought for almost 2000 years only to reemerge with renewed vigor in modern times **Britain, the Six-day War and Its Aftermath** Frank Brenchley, 2005-02-25 Britain's reputation in the Middle East had been reduced to shreds by the fiasco of the Suez War in 1956 but by 1967 as a result of quiet diplomacy and long standing contact with the region recovery seemed possible But all seemed shattered by the Six Day War and especially by the Big Lie alleging that Britain and the USA colluded with Israel in the war and were thus vital in defeating the Arab side Britain the Six Day War and its Aftermath is a cool detailed and detached account by a top mandarin at the heart of British policy who refutes the allegations and shows Britain as pursuing an even handed policy while promoting long standing British diplomatic and vitally for Britain's flagging economy and global position economic interests Knowing Your Friends Martin S. Alexander, 2013-01-11 Little attention has been paid to the murky ultra business of gathering intelligence among and forming estimates about friendly powers and friendly or allied military forces How rarely have scholars troubled to discover when states entered into coalitions or alliances mainly and explicitly because their intelligence evaluation of the potential partner concluded that making the alliance was from the originator's national security interest the best game in town The twentieth century has been chosen to enhance the coherence of and connections between the subject matter of this under explored part of intelligence studies

Technology and the American Way of War Since 1945 Thomas G. Mahnken, 2010-06-24 No nation in recent history has placed greater emphasis on the role of technology in planning and waging war than the United States In World War II the wholesale mobilization of American science and technology culminated in the detonation of the atomic bomb Competition with the Soviet Union during the Cold War combined with the U S Navy s culture of distributed command and the rapid growth of information technology spawned the concept of network centric warfare And America s post Cold War conflicts in Iraq the former Yugoslavia and Afghanistan have highlighted America s edge From the atom bomb to the spy satellites of the Cold War the strategic limitations of the Vietnam War and the technological triumphs of the Gulf war Thomas G Mahnken follows the development and integration of new technologies into the military and emphasizes their influence on the organization mission and culture of the armed services In some cases advancements in technology have forced different branches of the military to develop competing or superior weaponry but more often than not the armed services have molded technology to suit their own purposes remaining resilient in the face of technological challenges Mahnken concludes with an examination of the reemergence of the traditional American way of war which uses massive force to engage the enemy Tying together six decades of debate concerning U S military affairs he discusses how the armed forces might exploit the unique opportunities of the information revolution in the future

Israeli Culture on the Road to the Yom Kippur War Dalia Gavriely-Nuri, 2014-02-27 The surprise of the Yom Kippur War 1973 rivals that of the other two major strategic surprises in the twentieth century Operation Barbarossa the German surprise attack on the Soviet Union and the bombing of Pearl Harbor The major difference between these events is that Israeli intelligence had a lot more and better quality information leading up to the attack than did the Soviet Union or the United States prior to those attacks Why then was the beginning of the Yom Kippur War such a surprise While many scholars have tried to explain why Israel was caught unawares despite its sophisticated military intelligence services Dalia Gavriely Nuri looks beyond the military intelligence and political explanations to a cultural explanation *Israeli Culture on the Road to the Yom Kippur War* reveals that the culture that evolved in Israel between the Six Day War and the Yom Kippur War played a large role in the surprise Gavriely Nuri s analysis provides new and innovative insights into the relationship between culture and socio political phenomena and security
