Roads To Russia United States Lend Lease:

The Rads to Russia Robert Huhn Jones, Edgar L. Erickson, 1969 *The Roads to Russia: United States Lend-lease to the Soviet Union. With a Foreword by Edgar L. Erickson* Robert Huhn Jones, 1969 **The Red Warrior: U.S. Perceptions of Stalin's Strategic Role in the Allied Journey to Victory in The Second World War** Reagan Fancher, 2024-09-24

Through U S President Franklin D Roosevelt s Lend Lease program American leaders sought to keep Joseph Stalin s Red Army in the field and fighting Adolf Hitler s forces in the Second World War from 1941 forward Delivered by the Anglo American Arctic naval convoys overland through the Iranian deserts and mountains and through the skies from Alaska to Siberia this much needed material aid helped Stalin s Red Army to continue fighting and thereby prevented a separate peace with Hitler s Germany and a mechanized repeat of the First World War s Brest Litovsk fiasco Yet Roosevelt and other U S officials due to their severe underestimation of Stalin s character and his rigid and fanatical devotion to exporting Communism at gunpoint gambled incorrectly that they could win the Soviet premier s heart and mind through several excessive wartime aid gestures including the furnishing of atomic bomb materials to the Soviet regime By 1945 American leaders had succeeded in their strategic goal of keeping Stalin and his Red Army in the war and hastening victory but failed in their efforts to purchase the Soviet premier s goodwill and commitment to postwar peace heralding the global Cold War and setting the stage for later U S martial aid programs to those resisting aggression abroad In addition to its primary focus on the American leadership s perceptions of Stalin s strategic importance to the Allied war effort in the Second World War this work also includes a detailed assessment of Roosevelt s Soviet Lend Lease program alongside U S President Ronald Reagan s later support for the Afghan Islamic guerrillas resisting Soviet occupation during the Soviet Afghan War of the 1980s and a comparison of both martial aid programs with Washington s recent revival of Lend Lease aid for the Ukrainian war effort It offers today s American leaders and policymakers a chance to consult the lessons of history and apply them in the present **The big 'L' : American logistics in World War II** , *Professional Journal of the United States Army* , 1985 **US Intelligence Perceptions of Soviet Power, 1921-1946** Leonard Leshuk, 2003 Leonard Leshuk begins this study by commenting on the unusual situation whereby a nation as seemingly weak and backward before World War II as the Soviet Union could in the space of a few years challenge the USA militarily on a global scale Hitler's Fatal Miscalculation Klaus Schmider, 2021-01-28 Challenges long held assumptions regarding the German declaration of war on the United States in December 1941 **America and the Cold War, 1941-1991** Norman A. Graebner, Richard Dean Burns, Joseph M. Siracusa, 2010-05-05 Three distinguished diplomatic historians offer an assessment of the Cold War in the realist tradition that focuses on balancing the objectives of foreign policy with the means of accomplishing them America and the Cold War 1941 1991 A Realist Interpretation is a sweeping historical account that focuses on the policy differences at the center of this conflict In its pages three preeminent authors offer an examination of contemporary criticism of the Cold War documenting

the views of observers who appreciated that many policies of the period were not only dangerous but could not resolve the problems they contemplated The study offers a comprehensive chronicle of U S Soviet relations broadly conceived from World War II to the collapse of the Soviet Union It places the origins of the Cold War as related to the contentious issues of World War II and stresses the failure of Washington to understand or seriously seek settlement of those issues It points out how nuclear weaponry gradually assumed political stature and came to dominate high level Soviet American diplomatic activity at the same time discounting the notion that the Cold War was a global ideological confrontation for the future of civilization A concluding chapter draws lessons from the Cold War decades showing how they apply to dealing with nation states and terrorist groups today [The Soviet Partisan Movement, 1941-1944](#) Leonid D. Grenkevich, 2013-01-11 Partisans and terrorists have dominated military history during the second half of the 20th century Leonid Grenkevich offers an account of the shadowy partisan struggle that accompanied the Soviet Union's Great Patriotic War 1941-1945 **The Role of the Soviet Union in the Second World War** Boris Sokolov, 2013-04-24 This book investigates several controversial issues regarding the role of the Soviet Union and the performance of the Soviet government and Red Army to which the author provides some provocative answers The primary question explored by the author however regards the effectiveness of both the Red Army and of the Soviet military economy Dr Sokolov argues that the chief defect of the Soviet military economy was the disproportionate emphasis on the production of tanks and aircraft at the expense of transportation means and the means of command and control This leads the author to look at the role of Lend Lease during the war Through the delivery of radio sets trucks jeeps locomotives fuel explosives and so on the author concludes that Lend Lease was critical to the Red Army and that the Soviet Union would not have been able to wage a long war against Germany without the Lend Lease supplies a conclusion that defies decades of Soviet claims to the contrary Finally the author looks at the still very controversial and hot topic of Red Army losses in the war which was taboo for decades arguing that this is an effective measure of the Red Army's military performance He and other scholars have estimated that the Red Army's losses were on the scale of 27 million three times larger than the official estimates and approximately 10 times greater than the German losses on the Eastern Front He argues that such horrendous casualties and such an unfavorable ratio for the Red Army were the result of the relatively low value placed on human life in both the Russian Empire and the Soviet Union and the much more destructive nature of the Soviet totalitarian regime as compared with the Third Reich which cowed the Soviet generals and officers into total subservience Due to the elimination of all political opposition and the total control over people's lives soldiers and civilians could not protest against the crude tactics that resulted in such a very high rate of losses Dr Boris Sokolov is a prolific author and a member of the Russian branch of PEN International which celebrates literature and promotes freedom of expression In 2008 Dr Sokolov was forced to resign as Professor of Social Anthropology from his post at the Russian State Social University in Moscow at the demand of President Medvedev's administration after publishing an

article about the 2008 Russian Georgian War The author of 69 books as of 2012 his work has focused on the history of the Second World War and has also written biographies of such prominent military and political leaders as Bulgakov Stalin Molotov Beria Tukhachevsky Rokossovsky and Zhukov In addition he has written numerous articles on history philology political science and economics A prominent specialist in the problems of military losses military economy and strategy he has given lectures in Russia Estonia Latvia and Denmark and his books and articles have been translated into numerous languages He currently resides in Moscow and is working on a biography of Marshal Rodion Malinovsky Stuart Britton is a freelance translator and editor residing in Cedar Rapids Iowa He has been responsible for making a growing number of Russian titles available to readers of the English language consisting primarily of memoirs by Red Army veterans and recent historical research concerning the Eastern Front of the Second World War and Soviet air operations in the Korean War Notable recent titles include Valeriy Zamulin s award winning Demolishing the Myth The Tank Battle at Prokhorovka Kursk July 1943 An Operational Narrative Helion 2011 Boris Gorbachevsky s Through the Maelstrom A Red Army Soldier s War on the Eastern Front 1942 45 University Press of Kansas 2008 and Yuri Sutiagin s and Igor Seidov s MiG Menace Over Korea The Story of Soviet Fighter Ace Nikolai Sutiagin Pen Sword Aviation 2009 Future books will include Svetlana Gerasimova s analysis of the prolonged and savage fighting against Army Group Center in 1942 43 to liberate the city of Rzhev and more of Igor Seidov s studies of the Soviet side of the air war in Korea 1951 1953
