

ROARING DAYS

A large group of men, likely miners, are posed on a wooden structure, possibly a mine shaft or a large staircase. They are wearing various types of hats, including fedoras and bowlers, and are dressed in heavy, dark clothing. The background is a dark, textured wall, possibly the interior of a mine. The overall tone is historical and somber.

Roaring Days Rosslands Mines And The History Of British Columbia

Jeremy Mouat

Roaring Days Rosslands Mines And The History Of British Columbia:

Roaring Days Jeremy Mouat,1995 In the 1890s Rossland was the most important mining centre in southeastern British Columbia In **Roaring Days** Jeremy Mouat examines many different aspects of mining from work underground to corporate strategies He also brings to life the unique individuals who were a part of this history the miners who toiled long hours under unimaginable working conditions the citizens of Rossland who built a bustling town out of the wilderness and the mine owners and entrepreneurs who became wealthy beyond all expectations

Roaring Days Jeremy Mouat,2011-11-01 In the 1890s Rossland was the most important mining centre in southeastern British Columbia In **Roaring Days** Jeremy Mouat examines many different aspects of mining from work underground to corporate strategies He also brings to life the unique individuals who were a part of this history the miners who toiled long hours under unimaginable working conditions the citizens of Rossland who built a bustling town out of the wilderness and the mine owners and entrepreneurs who became wealthy beyond all expectations

Roaring Days Jeremy Mouat,1995 **Mining Tycoons in the Age of Empire, 1870-1945** Raymond E. Dumett,2016-12-05 The years of the late nineteenth and early twentieth centuries aptly described by Mark Twain as the Gilded Age witnessed an unprecedented level of technological change material excess untrammled pursuit of profit and imperial expansion Within this dynamic and often ruthless environment many colorful characters strode across the world stage among them the great mining tycoons who with the thousands of prospectors diggers shift bosses timbermen blastmen and muckers in mining enterprise constituted one of the major spearheads of global capitalistic expansion and colonial exploitation This volume which carries the epic story to the mid twentieth century provides a truly international perspective on the role of mining entrepreneurs investors and engineers in shaping the economic and political map of the globe in testing management techniques and in setting a vogue for extravagant displays of wealth among the world's rich Each chapter is loosely focussed on a biographical account of a particular mining tycoon that allows for broad and comparative accounts to be made about the individuals their business interests the technologies they employed and the national and international political considerations under which they operated Furthermore this structure also allows for consideration of the effect that these tycoons had on the countries and territories in which they worked particularly the often long lasting impact on indigenous populations the environment transport links and economic development By approaching the subject matter through this stimulating mix of cultural social economic business and colonial history many intriguing and thought provoking conclusions are reached that will reward any scholars with an interest late nineteenth and early twentieth century history

Cobalt Charlie Angus,2022-02-01 Finalist for the 2023 Trillium Book Award The world is desperate for cobalt It drives the proliferation of digital and clean technologies But this demon metal has a horrific present and a troubled history The modern search for cobalt has brought investors back to a small town in Northern Canada a place called Cobalt Like the demon metal this town has a dark and turbulent history The tale of the early twentieth century mining rush at Cobalt

has been told as a settler's adventure but Indigenous people had already been trading in metals from the region for two thousand years. And the events that happened here—the theft of Indigenous lands, the exploitation of a multicultural workforce, and the destruction of the natural environment—established a template for resource extraction that has been exported around the world. Charlie Angus reframes the complex and intersectional history of Cobalt within a broader international frame, from the conquistadores to the Western gold rush to the struggles in the Democratic Republic of Congo today. He demonstrates how Cobalt set Canada on its path to become the world's dominant mining superpower. **Ultimate Folly** Henry Macrory, 2018-06-12

A gripping story of greed, treachery, and ruthless ambition. Few people have led such an extraordinary life as Whitaker Wright. Few have died in such sensational circumstances. Beginning his career as an impoverished preacher, Wright crossed the Atlantic to prospect for gold, surviving a Native American massacre before he made his fortune. Then the bubble burst. Leaving behind a string of angry investors, he fled to England to start again. Soon he was one of the world's richest men. At his 10,000-acre estate in Surrey, he employed an entourage of seventy-seven staff, moved a hill that blocked his view, and built an underwater glass smoking room. On his vast steam yacht, he entertained the Prince of Wales, the Kaiser, and half of Britain's aristocracy. His downfall was as dramatic as his ascent. On the last trading day of the nineteenth century, his financial empire, which he had propped up by cooking the books, went belly up. This time, the trail of furious investors stretched all the way to the Prime Minister. With the police in hot pursuit, Wright fled to New York, but his escape was short-lived. At the end of what the press dubbed the most dramatic trial of modern times, he was sentenced to seven years in jail. Minutes later, he sprang a last, dreadful surprise. Other great swindlers have followed in Wright's footsteps, but none have surpassed him in daring and shamelessness. Drawing on family papers and archives from around the world, this compelling account of Wright's life reads like a thriller and offers an insight into the mind of the ultimate gambler and conman. The Atlas of U.S. and Canadian Environmental History Char Miller, 2003-08-08

This visually dynamic historical atlas chronologically covers American environmental history through the use of four-color maps, photos, and diagrams, and in written entries from well-known scholars. Organized into seven categories, each chapter covers agriculture, wildlife, and forestry, land use and management, technology, and industry, pollution. *Becoming British Columbia* John Belshaw, 2009-07-01

Becoming British Columbia is the first comprehensive demographic history of British Columbia. Investigating critical moments in the demographic record and linking demographic patterns to larger social and political questions, it shows how biology, politics, and history conspired with sex, death, and migration to create a particular kind of society. John Belshaw overturns the widespread tendency to associate population growth with progress. He reveals that the province has a long tradition of thinking and acting vigorously in ways meant to control and shape biological communities of humans, and suggests that imperialism, race, class, and gender have historically situated population issues at the centre of public consciousness in British Columbia. A Nation of Immigrants Franca Iacovetta, Paula Draper, Robert Ventresca, 2017-06-22

This collection brings together a wide array of writings on Canadian immigrant history including many highly regarded influential essays. Though most of the chapters have been previously published, the editors have also commissioned original contributions on understudied topics in the field. The readings highlight the social history of immigrants: their pre-migration traditions as well as migration strategies and Canadian experiences; their work and family worlds and their political, cultural, and community lives. They explore the public display of ethno-religious rituals, race riots, and union protests; the quasi-private worlds of all-male boarding houses and of female domestics toiling in isolated workplaces; and the intrusive power that government and even well-intentioned social reformers have wielded over immigrants deemed dangerous or otherwise in need of supervision. Organized partly chronologically and largely by theme, the topical sections will offer students a glimpse into Canada's complex immigrant past. In order to facilitate classroom discussion, each section contains an introduction that contextualizes the readings and raises some questions for debate. *A Nation of Immigrants* will be useful both in specialized courses in Canadian immigration history and in courses on broader themes in Canadian history.

A Global History of Gold Rushes Benjamin Mountford, Stephen Tuffnell, 2018-10-16. Nothing set the world in motion like gold. Between the discovery of California placer gold in 1848 and the rush to Alaska fifty years later, the search for the precious yellow metal accelerated worldwide circulations of people, goods, capital, and technologies. *A Global History of Gold Rushes* brings together historians of the United States, Africa, Australasia, and the Pacific World to tell the rich story of these nineteenth-century gold rushes from a global perspective. Gold was central to the growth of capitalism; it whetted the appetites of empire builders, mobilized the integration of global markets, and economies profoundly affected the environment and transformed large-scale migration patterns. Together, these essays tell the story of fifty years that changed the world.

The book delves into Roaring Days Rosslands Mines And The History Of British Columbia. Roaring Days Rosslands Mines And The History Of British Columbia is a crucial topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Roaring Days Rosslands Mines And The History Of British Columbia, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Roaring Days Rosslands Mines And The History Of British Columbia
 - Chapter 2: Essential Elements of Roaring Days Rosslands Mines And The History Of British Columbia
 - Chapter 3: Roaring Days Rosslands Mines And The History Of British Columbia in Everyday Life
 - Chapter 4: Roaring Days Rosslands Mines And The History Of British Columbia in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Roaring Days Rosslands Mines And The History Of British Columbia. The first chapter will explore what Roaring Days Rosslands Mines And The History Of British Columbia is, why Roaring Days Rosslands Mines And The History Of British Columbia is vital, and how to effectively learn about Roaring Days Rosslands Mines And The History Of British Columbia.
 3. In chapter 2, the author will delve into the foundational concepts of Roaring Days Rosslands Mines And The History Of British Columbia. The second chapter will elucidate the essential principles that need to be understood to grasp Roaring Days Rosslands Mines And The History Of British Columbia in its entirety.
 4. In chapter 3, the author will examine the practical applications of Roaring Days Rosslands Mines And The History Of British Columbia in daily life. The third chapter will showcase real-world examples of how Roaring Days Rosslands Mines And The History Of British Columbia can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Roaring Days Rosslands Mines And The History Of British Columbia in specific contexts. The fourth chapter will explore how Roaring Days Rosslands Mines And The History Of British Columbia is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Roaring Days Rosslands Mines And The History Of British Columbia. The final chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Roaring Days Rosslands Mines And The History Of British Columbia.
