**Rob Loves Stell** Audrey O'Hearn,1989      **Robert Love's Warnings** Cornelia H. Dayton, Sharon V. Salinger, 2014-02-18

In colonial America the system of warning out was distinctive to New England a way for a community to regulate those to whom it would extend welfare Robert Love's *Warnings* animates this nearly forgotten aspect of colonial life richly detailing the moral and legal basis of the practice and the religious and humanistic vision of those who enforced it Historians Cornelia H Dayton and Sharon V Salinger follow one otherwise obscure town clerk Robert Love as he walked through Boston's streets to tell sojourners in His Majesty's Name that they were warned to depart the town in fourteen days This declaration meant not that newcomers literally had to leave but that they could not claim legal settlement or rely on town poor relief Warned youths and adults could reside work marry or buy a house in the city If they became needy their relief was paid for by the province treasurer Warning thus functioned as a registration system encouraging the flow of labor and protecting town coffers Between 1765 and 1774 Robert Love warned four thousand itinerants including youthful migrant workers demobilized British soldiers recently exiled Acadians and women following the redcoats who occupied Boston in 1768 Appointed warner at age sixty eight owing to his unusual capacity for remembering faces Love kept meticulous records of the sojourners he spoke to including where they lodged and whether they were lame ragged drunk impudent homeless or begging Through these documents Dayton and Salinger reconstruct the biographies of travelers exploring why so many people were on the move throughout the British Atlantic and why they came to Boston With a fresh interpretation of the role that warning played in Boston's civic structure and street life Robert Love's *Warnings* reveals the complex legal social and political landscape of New England in the decade before the Revolution      **Quill & Quire**, 1990      *Robert Lepage's original stage productions* Karen Fricker, 2020-07-28 This book explores the development of Robert Lepage's distinctive approach to stage direction in the early 1984 1994 and middle 1995 2008 stages of his career arguing that globalisation had a defining effect on shaping his aesthetic and his professional trajectory In addition to globalisation theory the book draws on cinema studies queer theory and theories of affect and reception Each of six chapters treats a particular aspect of globalisation using this as a means to explore one or more of Lepage's productions Productions discussed include *The Dragon's Trilogy* *Needles and Opium* and *The Far Side of the Moon* Making theatre global Robert Lepage's original stage productions will be of interest to scholars of contemporary theatre advanced level undergraduates and arts lovers keen for new perspectives on one of the most talked about theatre artists of the early 21st century      **The Reviewing of Canadian Juvenile Trade Books as Listed in Canadiana 1988 Through 1990 in Four Selected American Journals 1988 Through 1992** Kathryn Danelle Watson, 1994      **Death in Berlin** M.
