Robber Rocks Letters Memories Of Hart:

Hart Crane Clive Fisher, 2002-01-01 Malcolm Cowley Hart Crane's life was notoriously turbulent persistently nonconformist and tragically short This new biography presents for the first time a full frank portrait of the real Hart Crane a poet attractive both for his flamboyance and passion for life and for the magnificent sonorities of his work 18 illustrations

Hart Crane's Poetry John T. Irwin, 2011-11-17 In one of his letters Hart Crane wrote Appollinaire lived in Paris I live in Cleveland Ohio comparing misspelling and all the great French poet's cosmopolitan roots to his own more modest ones in the midwestern United States Rebelling against the notion that his work should relate to some European school of thought Crane defiantly asserted his freedom to be himself a true American writer John T. Irwin long a passionate and brilliant critic of Crane gives readers the first major interpretation of the poet's work in decades Irwin aims to show that Hart Crane's epic The Bridge is the best twentieth century long poem in English Irwin convincingly argues that compared to other long poems of the century The Bridge is the richest and most wide ranging in its mythic and historical resonances the most inventive in its combination of literary and visual structures the most subtle and compelling in its psychological underpinnings Irwin brings a wealth of new and varied scholarship to bear on his critical reading of the work from art history to biography to classical literature to philosophy revealing The Bridge to be the near perfect synthesis of American myth and history that Crane intended Irwin contends that the most successful entryway to Crane's notoriously difficult shorter poems is through a close reading of The Bridge Having admirably accomplished this Irwin analyzes Crane's poems in White Buildings and his last poem The Broken Tower through the larger context of his epic showing how Crane in the best of these worked out the structures and images that were fully developed in The Bridge Thoughtful deliberate and extraordinarily learned this is the most complete and careful reading of Crane's poetry available Hart Crane may have lived in Cleveland Ohio but as Irwin masterfully shows his poems stand among the greatest written in the English language **Kenneth Burke in Greenwich**

Village Jack Selzer, 1996-12-01 Capturing the lively modernist milieu of Kenneth Burke's early career in Greenwich Village where Burke arrived in 1915 fresh from high school in Pittsburgh this book discovers him as an intellectual apprentice conversing with the moderns Burke found himself in the midst of an avant garde peopled by Malcolm Cowley Marianne Moore Jean Toomer Katherine Anne Porter William Carlos Williams Allen Tate Hart Crane Alfred Stieglitz and a host of other fascinating figures Burke himself who died in 1993 at the age of 96 has been hailed as America's most brilliant and suggestive critic and the most significant theorist of rhetoric since Cicero Many schools of thought have claimed him as their own but Burke has defied classification and indeed has often been considered a solitary eccentric genius immune to intellectual fashions But Burke's formative work of the 1920s when he first defined himself and his work in the context of the modernist conversation has gone relatively unexamined Here we see Burke living and working with the crowd of poets painters and dramatists affiliated with Others magazine Stieglitz's 291 gallery and Eugene O'Neill's Provincetown Players

the leftists associated with the magazines *The Masses* and *Seven Arts* the Dadaists and the modernist writers working on literary journals like *The Dial* where Burke in his capacity as an associate editor saw T S Eliot's *The Wasteland* into print for the first time and provided other editorial services for Thomas Mann e e cummings Ezra Pound and many other writers of note Burke also met the iconoclasts of the older generation represented by Theodore Dreiser and H L Mencken the New Humanists and the literary nationalists who founded *Contact* and *The New Republic* Jack Selzer shows how Burke's own early poems fiction and essays emerged from and contributed to the modernist conversation in Greenwich Village He draws on a wonderfully rich array of letters between Burke and his modernist friends and on the memoirs of his associates to create a vibrant portrait of the young Burke's transformation from aesthete to social critic **The Long Voyage** Malcolm Cowley, 2014-01-06 Critic poet editor chronicler of the Lost Generation elder statesman of the Republic of Letters Malcolm Cowley 1898-1989 was an eloquent witness to American literary and political life His letters mostly unpublished provide a self portrait of Cowley and his time and make possible a full appreciation of his long varied career **Midnight Rambles** David J. Goodwin, 2023-11-07 A micro biography of horror fiction's most influential author and his love hate relationship with New York City By the end of his life and near financial ruin pulp horror writer Howard Phillips Lovecraft resigned himself to the likelihood that his writing would be forgotten Today Lovecraft stands alongside J R R Tolkien as the most influential genre writer of the twentieth century His reputation as an unreformed racist and bigot however leaves readers to grapple with his legacy *Midnight Rambles* explores Lovecraft's time in New York City a crucial yet often overlooked chapter in his life that shaped his literary career and the inextricable racism in his work Initially New York stood as a place of liberation for Lovecraft During the brief period between 1924 and 1926 when he lived there Lovecraft joined a creative community and experimented with bohemian living in the publishing and cultural capital of the United States He also married fellow writer Sonia H Greene a Ukrainian Jewish migr in the fashion industry However cascading personal setbacks and his own professional ineptitude soured him on New York As Lovecraft became more frustrated his xenophobia and racism became more pronounced New York's large immigrant population and minority communities disgusted him and this mindset soon became evident in his writing Many of his stories from this era are infused with racial and ethnic stereotypes and nativist themes most notably his overtly racist short story *The Horror at Red Hook* set in Red Hook Brooklyn His personal letters reveal an even darker bigotry Author David J Goodwin presents a chronological micro biography of Lovecraft's New York years emphasizing Lovecraft's exploration of the city environment the greater metropolitan region and other locales and how they molded him as a writer and as an individual Drawing from primary sources letters memoirs and published personal reflections and secondary sources biographies and scholarship *Midnight Rambles* develops a portrait of a talented and troubled author and offers insights into his unsettling beliefs on race ethnicity and immigration *Berenice Abbott* Julia Van Haaften, 2018-04-10 The comprehensive biography of the iconic twentieth century American photographer Berenice Abbott a

trailblazing documentary modernist author and inventor Berenice Abbott is to American photography as Georgia O Keeffe is to painting or Willa Cather to letters She was a photographer of astounding innovation and artistry a pioneer in both her personal and professional life Abbott's sixty year career established her not only as a master of American photography but also as a teacher writer archivist and inventor Famously reticent in public Abbott's fascinating life has long remained a mystery until now In *Berenice Abbott A Life in Photography* author archivist and curator Julia Van Haaften brings this iconic public figure to life alongside outlandish familiar characters from artist Man Ray to cybernetics founder Norbert Wiener A teenage rebel from Ohio Abbott escaped first to Greenwich Village and then to Paris photographing in Sylvia Beach's words everyone who was anyone As the Roaring Twenties ended Abbott returned to New York where she soon fell in love with art critic Elizabeth McCausland with whom she would spend thirty years In the 1930s Abbott began her best known work *Changing New York* in which she fearlessly documented the city's metamorphosis When warned by an older male supervisor that nice girls avoid the Bowery then Manhattan's skid row Abbott shot back I'm not a nice girl I'm a photographer I go anywhere This bold feminist attitude would characterize all Abbott's accomplishments including imaging techniques she invented in her influential space race era science photography and her tenure as The New School's first photography teacher With more than ninety stunning photos this sweeping cinematic biography secures Berenice Abbott's place in the histories of photography and modern art while framing her incredible accomplishments as a female artist and entrepreneur
