Robert Browning His Poetry And His Audiences:

Robert Browning Lee Erickson,1984 **The Poetry of Robert Browning** Britta Martens,2016-01-01 Robert Browning's pre eminent status amongst Victorian poets has endured despite the recent broadening of the literary canon He is the main practitioner of the period's most important poetic genre the dramatic monologue while his engagement with many aspects of nineteenth century culture makes him a key figure in the wider field of Victorian studies This stimulating introduction to Browning criticism provides an overview of the major responses to the poet's work over the last two hundred years It offers an insightful guide to criticism from various theoretical perspectives elucidating Browning's participation in Victorian debates about aesthetics history politics religion gender and psychology Robert Browning: His Poetry and His Audiences Lee Erickson,1980 The Plays of Robert Browning Thomas J. Collins,Richard J. Shroyer,2019-06-04 Published in 1988 and including all seven of Robert Browning's dramas Collins and Shroyer introduce this convenient and reliable reading text by discussing the plays with a history of criticism and giving insightful notes on each individual play in the book **Browning, Victorian Poetics and the Romantic Legacy** Dr Britta Martens,2013-05-28 Taking an original approach to Robert Browning's poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning's own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning's detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet's highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference Robert Browning's Romantic Irony in The Ring and the Book Patricia Diane Rigg,1999-06 This study is a reading of Robert Browning as an ironist in the tradition of the German Romanticist Friedrich Schlegel who coined the term Romantic irony Specifically Patricia Diane Rigg considers historicity or historical truth in Browning's *The Ring and the Book* by distinguishing between the processes of representation and representation within the context of Romantic irony Elizabeth Barrett and Robert Browning Mary Sanders Pollock,2016-04-28 First published in 2003 this book examines the creative partnership of Elizabeth Barrett and Robert

Browning and provides a critical analysis of the poems written by this famous couple during the 16 year period of their friendship courtship and marriage Even quite early in their relationship the Brownings shared a frame of reference similar themes narrative structures and details of phrasing resonate in their works and suggest dialogue rather than merely mutual influence Pollock traces parallels between the Brownings lives and works even before they met and then throughout their courtship and married life suggesting that their creative dialogue continued after Barrett Browning died in 1861 as her presence and themes continued to inform Browning s poetry for at least a decade afterward

Keats, Narrative and Audience Andrew Bennett,1994-03-24 Andrew Bennett s original study of Keats focuses on questions of narrative and audience as a means to offer new readings of the major poems It discusses ways in which reading is figured in Keats s poetry and suggests that such figures of reading have themselves determined certain modes of response to Keats s texts Together with important new readings of Keats s poetry the study presents a significant rethinking of the relationship between Romantic poetry and its audience Developing recent discussions in literary theory concerning narrative readers and reading the nature of the audience for poetry and the Romantic invention of posterity Bennett elaborates a sophisticated and historically specific reconceptualization of Romantic writing

The Female Sublime from Milton to Swinburne Catherine Maxwell,2001 This innovative study of vision gender and poetry traces Milton s mark on Shelley Tennyson Browning and Swinburne to show how the lyric male poet achieves vision at the cost of symbolic blindness and feminisation Drawing together a wide range of concerns including the use of myth the gender of the sublime the lyric fragment and the relation of pain to creativity this book is a major re evaluation of the male poet and the making of the English poetic tradition The female sublime from Milton to Swinburne examines the feminisation of the post Miltonic male poet not through cultural history but through a series of mythic or classical figures which include Philomela Orpheus and Sappho It recovers a disfiguring sublime imagined as an aggressive female force which feminises the male poet in an act that simultaneously deprives and energises him This book will be required reading for anyone with a serious interest in the English poetic tradition and Victorian poetry
