Robert Creeley Edward Dorn And Robert Duncan:

Robert Creeley, Edward Dorn, and Robert Duncan Willard Fox, 1989 **The Lost America of Love** Sherman Paul, 1981-01-01 **Beyond Maximus** Anne Day Dewey, 2007 Beyond Maximus shows how field poetics influenced the construction of the public voices of five Black Mountain poets Charles Olson Robert Creeley Robert Duncan Denise Levertov and Ed Dorn in order to explain their association in the 1950s and 60s as well as their break up as a result of the political and poetic crises of the Vietnam War era Understanding the Black Mountain Poets Edward Halsey Foster, 1995 An experimental school of poetry its leading proponents *Beyond Maximus* Anne Day Dewey, 2007 Beyond Maximus shows how field poetics influenced the construction of the public voices of five Black Mountain poets Charles Olson Robert Creeley Robert Duncan Denise Levertov and Ed Dorn in order to explain their association in the 1950s and 60s as well as their break up as a result of the political and poetic crises of the Vietnam War era *Beginning Postmodernism* Tim Woods, 1999-08-20 Postmodernism has become the buzzword of contemporary society Yet it remains baffling in its variety of definitions contexts and associations Beginning Postmodernism aims to offer clear accessible and step by step introductions to postmodernism across a wide range of subjects It encourages readers to explore how the debates about postmodernism have emerged from basic philosophical and cultural ideas With its emphasis firmly on postmodernism in practice the book contains exercises and questions designed to help readers understand and reflect upon a variety of positions in the following areas of contemporary culture philosophy and cultural theory architecture and concepts of space visual art sculpture and the design arts popular culture and music film video and television culture and the social sciences *The New American Poetry, 1945-1960* Donald Allen, 1999 Donald Allen s prophetic anthology had an electrifying effect on two generations at least of American poets and readers More than the repetition of familiar names and ideas that most anthologies seem to be about here was the declaration of a collective intelligent and thoroughly visionary work in progress the primary example for its time of the anthology as manifesto Its republication today complete with poems statements on poetics and autobiographical projections provides us again with a model of how a contemporary anthology can and should be shaped In these essentials it remains as fresh and useful a guide as it was in 1960 Jerome Rothenberg editor of *Poems for the Millennium* *The New American Poetry* is a crucial cultural document central to defining the poetics and the broader cultural dynamics of a particular historical moment Alan Golding author of *From Outlaw to Classic Canons in American Poetry* **The Postmoderns** Donald Allen, George F. Butterick, 1982 This anthology includes many of the major poets to have emerged and gained pre eminence since World War II and whose writing reflects not only the significant changes in this nation s postwar history and the coming to grips with a nuclear age but also an entirely new way of looking at and structuring reality United by their postmodernist concerns with spontaneity instantism formal and syntactic flexibility and the revelation of both the creator and the process through the writing itself these 38 poets represent very diverse strains of an essential American individualism

Included are many of the poets whose work first gained widespread national attention with the 1960 publication of *The New American Poetry* Charles Olson Allen Ginsberg Paul Blackburn LeRoi Jones Amiri Baraka Denise Levertov Robert Duncan and others Among the poets included here for the first time are Anne Waldman Diane di Prima Ed Sanders Jerome Rothenberg and James Koller In addition to a new preface by Allen and Butterick the book provides autobiographical notes of all the poets and listings of their major works **Reader's Guide to Literature in English** Mark Hawkins-Dady,2012-12-06

Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *The New American Poetry* John R. Woznicki,2013-12-24 *The New American Poetry Fifty Years Later* is a collection of critical essays on Donald Allen's 1960 seminal anthology *The New American Poetry* an anthology that Marjorie Perloff once called the fountainhead of radical American poetics *The New American Poetry* is referred to in every literary history of post World War II American poetry Allen's anthology has reached its fiftieth anniversary providing a unique time for reflection and reevaluation of this preeminent collection As we know Allen's anthology was groundbreaking it was the first to distribute widely the poetry and theoretical positions of poets such as Charles Olson Allen Ginsberg and the Beats and it was the first to categorize these poets by the schools Black Mountain New York School San Francisco Renaissance and the Beats by which they are known today Over the course of fifty years this categorization of poets into schools has become one of the major if not only way that *The New American Poetry* is remembered or valued one certain goal of this volume as one reviewer invites is to pry *The New American Poetry* out from the hoary platitudes that have encrusted it To this point critics mostly have examined *The New American Poetry* as an anthology former treatments of *The New American Poetry* look at it intently as a whole Though the almost singularly focused study of its construction and less often reception has lent a great deal of documented highly visible and debated material in which to consider we have been left with certain notions about its relevance that have become imbued ultimately in the collective critical consciousness of postmodernity This volume however goes beyond the analysis of construction and reception and achieves something distinctive extending those former treatments by treading on the paths they create This volume aims to discover another sense of radical that Perloff articulated rather than a radical that departs markedly from the usual we invite consideration of *The New American Poetry* that is radical in the sense of root of harboring something fundamental something inherent as we uncover and trace further elements correlated with its widespread influence over the last fifty years *Irish Americans* William E. Watson,Eugene J. Halus Jr.,2014-11-25 Virtually every aspect of American culture has been influenced by Irish immigrants and their descendants This encyclopedia tells the full story of the Irish American experience covering immigration assimilation and achievement The Irish have had a significant impact on America across three centuries helping to shape politics law labor war literature journalism

entertainment business sports and science This encyclopedia explores why the Irish came to America where they settled and how their distinctive Irish American identity was formed Well known Irish Americans are profiled but the work also captures the essence of everyday life for Irish Americans as they have assimilated established communities and interacted with other ethnic groups The approximately 200 entries in this comprehensive one stop reference are organized into four themes the context of Irish American emigration political and economic life cultural and religious life and literature the arts and popular culture Each section offers a historical overview of the subject matter and the work is enriched by a selection of primary documents

The Cambridge Companion to American Poets Mark Richardson,2015-10-14 The Cambridge Companion to American Poets brings together thirty one essays on some fifty four American poets spanning nearly 400 years from Anne Bradstreet to contemporary performance poetry This book also examines such movements in American poetry as modernism the Harlem or New Negro Renaissance confessional poetry the Black Mountain School the New York School the Beats and L A N G U A G E poetry Its reputable host of contributors approach American poetry from perspectives as diverse as the poetry itself The result is a Companion concise enough to be read with pleasure yet expansive enough to do justice to the many traditions American poets have modified inaugurated and made their own

Encyclopedia of American Poetry: The Twentieth Century Eric L. Haralson,2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author s career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States

The Anthology of Black Mountain College Poetry Blake Hobby,Alessandro Porco,Joseph Bathanti,2025-02-05 Founded in 1933 near Asheville North Carolina Black Mountain College fostered experimentation and interdisciplinary learning placing the arts at the heart of its curriculum As such the college was home to and served as inspiration for many modern and postmodern American poets Some of them including Charles Olson Robert Creeley and Denise Levertov appeared in Donald Allen s groundbreaking New American Poetry anthology published in 1960 later becoming part of the American poetry canon However many writers affiliated with Black Mountain College have been overlooked The Anthology of Black Mountain College Poetry features over fifty poets selected with an expansive historical and critical lens including those not typically considered as poets such as composer John Cage architect Buckminster Fuller and visual artist Josef Albers Many years in the making this book presents the clearest picture of the poetry and poetics of Black Mountain College yet
