Robert Harley, Earl of Oxford, Prime Minister 1710-1714 Edward Stanley Roscoe,1902 **A Political Biography of**

Richard Steele Charles A Knight,2015-09-30 Richard Steele is famous as an early writer of sentimental drama and as half of the writing team Addison and Steele He is notable both for the indirect propaganda he developed with Addison and for the open partisanship of his own periodicals He wrote extensively about responsible economics but was famously irresponsible in his own affairs **1650-1850** Kevin L. Cope,2019-04-01 With issue twenty four of 1650 1850 this annual enters its second

quarter century with a new publisher a new look a new editorial board and a new commitment to intellectual and artistic exploration As the diversely inventive essays in this first issue from the Bucknell University Press demonstrate the energy and open mindedness that made 1650 1850 a success continue to intensify This first Bucknell issue includes a special feature that explores the use of sacred space in what was once incautiously called the age of reason A suite of book reviews renews the 1650 1850 legacy of full length and unbridled evaluation of the best in contemporary Enlightenment scholarship These lively and informative reviews celebrate the many years that book review editor Baerbel Czennia has served 1650 1850 and also make for an able handoff to Samara Anne Cahill of Nanyang Technological University who will edit the book review section beginning with our next volume Most important of all this issue serves as an invitation to scholars to offer their most creative and thoughtful work for consideration for publication in 1650 1850 About the annual journal 1650 1850 1650 1850 publishes essays and reviews from and about a wide range of academic disciplines literature both in English and other languages philosophy art history history religion and science Interdisciplinary in scope and approach 1650 1850 emphasizes aesthetic manifestations and applications of ideas and encourages studies that move between the arts and the sciences between the hard and the humane disciplines The editors encourage proposals for special features that bring together five to seven essays on focused themes within its historical range from the Interregnum to the end of the first generation of Romantic writers While also being open to more specialized or particular studies that match up with the general themes and goals of the journal 1650 1850 is in the first instance a journal about the artful presentation of ideas that welcomes good writing from its contributors First published in 1994 1650 1850 is currently in its 24th volume ISSN 1065 3112 Published by Bucknell University Press Distributed worldwide by Rutgers University Press *Pillar of the Constitution* Clyve

Jones,2010-07-15 This collection of original essays deals with aspects of the history of the House of Lords in the seventeenth and eighteenth centuries including the internal management of the Lords and its external influence The Secularization of Early Modern England Charles John Sommerville,1992 This study overcomes the ambiguity and daunting scale of the subject of secularization by using the insights of anthropology and sociology and by examining an earlier period than usually considered Concentrating not only on a decline of religious belief which is the last aspect of secularization this study shows

that a transformation of England's cultural grammar had to precede that loosening of belief and that this was largely accomplished between 1500 and 1700. Only when definitions of space and time changed and language and technology were transformed as well as art and play could a secular world view be sustained. As aspects of daily life became divorced from religious values and controls, religious culture was supplanted by religious faith, a reasoned rather than an unquestioned belief in the supernatural. Sommerville shows that this process was more political and theological than economic or social.

Birth of the Leviathan Thomas Ertman, 1997-01-13 Ertman presents a new theory to explain the variation in political regimes and state infrastructures in pre-French Revolution Europe. The Stuart Age Barry Coward, Peter Gaunt, 2017-02-16 The Stuart Age provides an accessible introduction to England's century of civil war and revolution, including the causes of the English Civil War, the nature of the English Revolution, the aims and achievements of Oliver Cromwell, the continuation of religious passion in the politics of Restoration England, and the impact of the Glorious Revolution on Britain. The fifth edition has been thoroughly revised and updated by Peter Gaunt to reflect new work and changing trends in research on the Stuart age. It expands on key areas including the early Stuart economic, religious, and social context, key military events and debates surrounding the English Civil War, colonial expansion, foreign policy, and overseas wars, and significant developments in Scotland and Ireland. A new opening chapter provides an important overview of current historiographical trends in Stuart history, introducing readers to key recent work on the topic. The Stuart Age is a long-standing favourite of lecturers and students of early modern British history, and this new edition is essential reading for those studying Stuart Britain.

Armies and Political Change in Britain, 1660-1750 Hannah Smith, 2021 Armies and Political Change in Britain 1660-1750 explores significant continuities and developments in the armed forces across the reigns of seven monarchs, using a vivid and extensive array of archival, literary, and artistic material to present a new perspective on the political and military history of Britain.
