Robert The Robot:

Robert The Robot Stories Sid Cooper,2013-07-10 Professor Smart doesn't like doing housework so he invents and builds a robot to do it for him. It's only a structure made out of pieces of electronic equipment but gradually the professor adds more and more refinements. He teaches it to play chess but not too well because he doesn't want a robot to beat him all the time. As the robot becomes more familiar to him, the professor gives it a name, Robert, and Robert develops a personality. Robert and Professor Smart find themselves involved in all sorts of strange situations and adventures. Of course Robert doesn't get paid for his work. All he needs is a drop of oil and a little electricity.

Will Robert the robot regret asking this? Will Robert the robot actually get on well with new robot Robin? What will happen when Rowan's friend Dylan comes over with his two new robots from the toy store one day? Who out of the four robots will win the robot dance competition? Will it be Robert? Or will it be one of the other robots like Robin for example.

Six Foot and Some Change Jarod Kintz,2012-03 Thanks for taking an interest in my work. For the curious, here's a little about myself. I'm a published poet; my first accolade came in the second grade when the Tattered Cover in Denver honored a haiku I had written. I currently live in Florida with my cat, Cap'n. Judging from all the teeth marks on all my pens, I'd say that Cap'n is also an aspiring writer. I can't take Cap'n to the bookstore without him pawing through Dog Fancy magazine and meowing. His favorite singer is Cat Stevens; his favorite comedian is Kat Williams; and his favorite food is Chicken Lo Mein.
