magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the  
trusted resource for readers across the country With award winning writing and photography covering everything from  
politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy  
and excitement of the city itself while celebrating New York as both a place and an idea      Recipient of the Alexej von  
Jawlensky-Award Robert Mangold,1998 This catalogue to the exhibition at the Kunstverein St Gallen focuses on the work of  
American artist Robert Mangold who occupies a key position in today s painting world This broad survey is of considerable  
significance within the context of discourse on contemporary non relational painting and presents the Mangold s paintings  
from 1984 to 1997 in full color well reproduced plates      **Robert Mangold. Zone Paintings** ,1997      Bibliographic Guide

Painting has often been declared dead since the 1960s and yet it refuses to die Even the status and continued legitimacy of  
the medium has been repeatedly placed in question As such painting has had to continually redefine its own parameters and  
re negotiate for itself a critical position within a broader more discursive set of discourses Taking the American Clement  
Greenberg s Modernist Painting as a point of departure After Modernist Painting will be both a historical survey and a  
critical re evaluation of the contested and contingent nature of the medium of painting over the last 50 years Presenting the  
first critical account of painting rather than art generally this book provides a timely exploration of what has remained a  
persistent and protean medium Craig Staff focuses on certain developments including the relationship of painting to  
Conceptual Art and Minimalism the pronouncement of paintings alleged death its response to Installation Art s foregrounding  
of site how it was able to interpret ideas around appropriation simulation and hybridity and how today painting can be  
understood as both imaging and imagining the digital After Modernist Painting is an invaluable resource for those seeking to  
understand the themes and issues that have pertained to painting within the context of postmodernism and contemporary  
artistic practice      **New York Magazine** ,1984-05-07 New York magazine was born in 1968 after a run as an insert of the
