Research Guide to Biography and Criticism Walton Beacham, 1986 Description and evaluation of the most important biographical autobiographical and critical sources for 146 dramatics worldwide *The London Philatelist*, 1900 Photography in Argentina Idurre Alonso, Judith Keller, 2017-09-15 From its independence in 1810 until the economic crisis of 2001 Argentina has been seen in the national and international collective imaginary as a modern country with a powerful economic system a massive European immigrant population an especially strong middle class and an almost nonexistent indigenous culture In some ways the early history of Argentina strongly resembles that of the United States with its march to the prairies and frontier ideology the image of the cowboy as a national symbol equivalent to the Argentine gaucho the importance of the immigrant population and the advanced and liberal ideas of the founding fathers But did Argentine history truly follow a linear path toward modernization How did photography help shape or deconstruct notions associated with Argentina Photography in Argentina examines the complexities of this country's history stressing the heterogeneity of its realities and especially the power of constructed photographic images that is the practice of altering reality for artistic expression an important vein in Argentine photography Influential specialists from Argentina have contributed essays on various topics such as the shaping of national myths the adaptation of gesture as related to the disappeared during the dictatorship period the role of contemporary photography in the context of recent sociopolitical events and the reinterpreting of traditional notions of documentary photography in Argentina and the rest of Latin America *Adolfo Bioy Casares* Karl Posso, 2012-11-15 Best known as Jorge Luis Borges's right hand man Adolfo Bioy Casares 1914 1999 was in his own right an inventive writer of considerable skill His works often dismissed summarily as fantastic fiction are now ripe for reassessment This volume looks at Bioy's extensive oeuvre which offers many surprising reflections on the twentieth century's cultural social and political transformations both in Argentina and farther afield Topics covered include Bioy's meditations on isolation and logic and his enduring fascination with the impact of photography on all artistic representation
