Joseph, 2014-06-02 When scholars have set Jesus against various conceptions of the messiah and other redemptive figures in early Jewish expectation those questions have been bound up with the problem of violence whether the political violence of a militant messiah or the divine violence carried out by a heavenly or angelic figure Missing from those discussions Simon J Joseph contends are the unique conceptions of an Adamic redeemer figure in the Enochic material conceptions that informed the Q tradition and he argues Jesus own self understanding *Roman Masculinity and Politics from Republic to Empire* Charles Goldberg, 2020-12-30 This volume explores the role that republican political participation played in forging elite Roman masculinity It situates familiarly manly traits like militarism aggressive sexuality and the pursuit of power within a political system based on power sharing and cooperation In deliberations in the Senate at social gatherings and on military campaign displays of consensus with other men greased the wheels of social discourse and built elite comradeship Through literary sources and inscriptions that offer censorious or affirmative appraisal of male behavior from the Middle and Late Republic ca 300 31 BCE to the Principate or Early Empire ca 100 CE this book shows how the vir bonus or good man the Roman persona of male aristocratic excellence modulated imperatives for personal distinction and military and sexual violence with political cooperation and moral exemplarity While the advent of one man rule in the Empire transformed political power relations ideals forged in the Republic adapted to the new climate and provided a coherent model of masculinity for emperor and senator alike Scholars often paint a picture of Republic and Principate as distinct landscapes but enduring ideals of male self fashioning constitute an important continuity Roman Masculinity and Politics from Republic to Empire provides a fascinating insight into the intertwined nature of masculinity and political power for anyone interested in Roman political and social history and those working on gender in the ancient world more broadly *The Roman Empire* H. Stuart Jones, 2018-01-25 ON the thirteenth of August B C 29 and the two following days almost two years after the victory of Actium Augustus celebrated the triple triumph which proclaimed the subjection of three continents On the first day a train of Gallic and Illyrian captives marched behind the conqueror on the second the beaks of Antony s ships were borne in procession and some Asiatic potentates who had been his allies were led in golden chains the climax was reached in the African triumph graced by Cleopatra s two children the last of the Ptolemies and the priceless spoils of Egypt The scene recalled the quadruple triumph of the great Dictator celebrated seventeen years before but the Romans were spared the humiliation of seeing their fellow citizens amongst the captives Yet it was noted that the fellow magistrates of Augustus instead of leading the procession according to custom followed in his train In name the first citizen of a Republic he was in reality the undisputed master of the Roman world already worshipped as God incarnate by Greeks and Orientals reigning over Egypt as the legitimate successor of the Pharaohs and the Ptolemies and above all commanding the sworn allegiance of
