Roman Life in Pliny's Time (Classic Reprint) Maurice Pellisson,2017-12-19 Excerpt from Roman Life in Pliny s Time The story of growth from a group of unconnected hill top settlements upon the Tiber to a political organ ization with world wide dominion Seems hardly to belong to sober history Great national development has mostly come from the union of nations already

existing or from the powerful impetus contributed by parent nations to colonial stocks But the Roman Empire was unique in this It sprung from a Single city which though it extended its sway over the whole known world never ceased to be not alone the seat of govern ment but the government itself Rome was the nation From her forum radiated to every land those military roads the highways of commerce and dominion that made her rule a vital thing wherever her conquering legions found their way This masterful city not only absorbed all real power but gathered up all the learning the art the customs and religions of the nations and made them her own until to be a Roman came to mean to be a citizen of the world and Roman citizen ship was a coveted prize to be attained at any cost of blood or treasure About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Roman Life in Pliny's Time* Maurice Pellisson,Maud Wilkinson,2023-07-18 In this comprehensive survey of daily life in ancient Rome authors Maud Wilkinson and Maurice Pellisson explore everything from food and drink to religion and entertainment Drawing on first hand accounts and other primary sources this book paints a vivid picture of what it was like to live in one of the greatest civilizations in history For students of ancient history or those simply curious about life in Roman times *Roman Life in Pliny's Time* is an essential resource This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
