Handbook of Rhetorical Studies Michael J. MacDonald, 2017-09-20 Featuring roughly sixty specially commissioned essays by an international cast of leading rhetoric experts from North America Europe and Great Britain the Handbook will offer readers a comprehensive topical and historical survey of the theory and practice of rhetoric from ancient Greece and Rome through the Middle Ages and Enlightenment up to the present day **The Cambridge Companion to Ovid** Philip R.

Hardie, 2002-05-02 Ovid was one of the greatest writers of classical antiquity and arguably the single most influential ancient poet for post classical literature and culture In this Cambridge Companion chapters by leading authorities from Europe and North America discuss the backgrounds and contexts for Ovid the individual works and his influence on later literature and art Coverage of essential information is combined with exciting critical approaches This Companion is designed both as an accessible handbook for the general reader who wishes to learn about Ovid and as a series of stimulating essays for students of Latin poetry and of the classical tradition Cicero, Philippic 2, 44-50, 78-92, 100-119 Ingo Gildenhard, 2018-09-03

Cicero composed his incendiary Philippics only a few months after Rome was rocked by the brutal assassination of Julius Caesar In the tumultuous aftermath of Caesar's death Cicero and Mark Antony found themselves on opposing sides of an increasingly bitter and dangerous battle for control Philippic 2 was a weapon in that war Conceived as Cicero's response to a verbal attack from Antony in the Senate Philippic 2 is a rhetorical firework that ranges from abusive references to Antony's supposedly sordid sex life to a sustained critique of what Cicero saw as Antony's tyrannical ambitions Vituperatively brilliant and politically committed it is both a carefully crafted literary artefact and an explosive example of crisis rhetoric It ultimately led to Cicero's own gruesome death This course book offers a portion of the original Latin text vocabulary aids study questions and an extensive commentary Designed to stretch and stimulate readers Ingo Gildenhard's volume will be of particular interest to students of Latin studying for A Level or on undergraduate courses It extends beyond detailed linguistic analysis to encourage critical engagement with Cicero his oratory the politics of late republican Rome and the transhistorical

import of Cicero's politics of verbal and physical violence The World of Tacitus' Dialogus de Oratoribus Christopher S. van den Berg, 2014-09-11 Coming to terms with the rhetorical arts of antiquity necessarily illuminates our own ideas of public discourse and the habits of speech to which they have led Tacitus wrote the *Dialogus* at a time ca 100 CE when intense scrutiny of the history the definitions and the immediate relevance of public speech were all being challenged and refashioned by a host of vibrant intellects and ambitious practitioners This book challenges the notion that Tacitus sought to explain the decline of oratory under the Principate Rather from examination of the dynamics of argument in the dialogue and the underlying literary traditions there emerges a sophisticated consideration of eloquentia in the Roman Empire Tacitus emulates Cicero's legacy and challenges his position at the top of Rome's oratorical canon He further shows that eloquentia is a means by which to compete with the power of the Principate Poet and Orator Andreas Markantonatos, Eleni Volonaki, 2019-04-01 This multiauthored volume as well as bringing into clearer focus the notion of drama and oratory as important media of public inquiry and critique aims to generate significant attention to the unified intentions of the dramatist and the orator to establish favourable conditions of internal stability in democratic Athens We hope that readers both enjoy and find valuable their engagement with these ideas and beliefs regarding the indissoluble bond between oratorical expertise and dramatic artistry This exciting collection of studies by worldwide acclaimed classicists and acute younger Hellenists is envisaged as part of the general effort almost unanimously acknowledged as valid and productive to explore the impact of formalized speech in particular and craftsmanship rhetoric in general upon Attic drama as a moral and educational force in the Athenian city state Both poet and orator seek to deepen the central tensions of their work and to enlarge the main themes of their texts to even broader terms by investing in the art of rhetoric whilst at the same time through a skillful handling of events evaluating the past and establishing standards or ideology **Juvenal and the Satiric Emotions** Catherine Keane, 2015-02-23 This text reveals Juvenal's creative exploitation of Greco Roman ideas about the emotions in this new analysis of his Satires and their arrangement *The SAGE Handbook of Gender and Communication* Bonnie J. Dow, Julia T. Wood, 2006-07-19 Publisher Description *The Rhetorical Arts in Late Antique and Early Medieval Ireland* Brian James Stone, 2025-10-01 The *Rhetorical Arts in Late Antique and Early Medieval Ireland* represents the first study of the art of rhetoric in medieval Ireland a culture often neglected by medieval rhetorical studies In a series of three case studies Brian James Stone traces the textual transmission of rhetorical theories and practices from the late Roman period to those early Irish monastic communities who would not only preserve and pass on the light of learning but adapt an ancient tradition to their own cultural needs contributing to the history of rhetoric in important ways The manuscript tradition of early Ireland which gave us the largest body of vernacular literature in the medieval period and is already appreciated for its literary contributions is also a site of rhetorical innovation and creative practice *Flavian Rome* Anthony Boyle, William J. Reading Acts William Shiell, 2021-11-15 William Shiell proposes that the book of Acts was performed orally by a lector in the early church following Greco Roman rhetorical conventions for recitation and delivery rather than directly read by an audience that was minimally literate Shiell s study outlines the function of the lector in Greco Roman times as a filter through which an audience would receive a text He describes the conventions for performers gestures facial expressions and vocal inflections found in material from Greco Roman literature and art that are mirrored in the book of Acts He examines how a reading of Acts in this light can fill interpretive gaps left by literary and rhetorical critical studies that focus on the reading rather than the hearing of biblical texts Classical Rhetoric and Its Christian and Secular Tradition from Ancient to Modern Times George A. An Exemplary Man Bonnie J. Flessen, 2011-09-08 While most scholars focus on the character of Cornelius as a model Gentile Bonnie Flessen argues that Cornelius is also a model male figure for Luke's audience When analyzed closely the characterization of Cornelius reveals a

multifaceted rhetorical strategy regarding both gender and empire This strategy lifts up a rather surprising portrait of an exemplary man who represents the Roman Empire and yet nevertheless manifests the virtues of submission piety and generosity Flessen also proposes a hermeneutic of masculinity as a means to exegete Acts and other New Testament texts This critical lens provides interpreters with a way of thinking about gender when female characters are absent or sparse Although constructs of gender are embedded in texts interpreters can use recent scholarship on masculinity along with extrabiblical evidence as tools to excavate the contours of the male figure in antiquity *Rhetoric of InSecurity* Victoria Baines,2021-07-13 This book demands that we question what we are told about security using tools we have had for thousands of years The work considers the history of security rhetoric in a number of distinct but related contexts including the United States security strategy the war on Big Tech and current concerns such as cybersecurity Focusing on the language of security discourse it draws common threads from the ancient world to the present day and the near future The book grounds recent comparisons of Donald Trump to the Emperor Nero in a linguistic evidence base It examines the potential impact on society of policy makers emphasis on the novelty of cybercrime their likening of the internet to the Wild West and their claims that criminals have gone dark It questions governments descriptions of technology companies in words normally reserved for terrorists and asks who might benefit Interdisciplinary in approach the book builds on existing literature in the Humanities and Social Sciences most notably studies on rhetoric in Greco Roman texts and on the articulation of security concerns in law international relations and public policy contexts It adds value to this body of research by offering new points of comparison and a fresh but tried and tested way of looking at problems that are often presented as unprecedented It will be essential to legal and policy practitioners students of Law Politics Media and Classics and all those interested in employing critical thinking **Daily Life of Women in Ancient Rome** Sara Elise Phang,2022-03-22 This book provides an invaluable introduction to the social economic and legal status of women in ancient Rome *Daily Life of Women in Ancient Rome* is an invaluable introduction to the lives of women in the late Roman Republic and first three centuries of the Roman Empire Arranged chronologically and thematically it examines how Roman women were born educated married and active in economic social public and religious life as well as how they were commemorated and honored after death Though they were excluded from formal public and military offices wealthy Roman women participated in public life as benefactors and in religious life as priestesses The book also acknowledges the status and occupations of women taking part in public life as textile producers retail workers and agricultural laborers as well as enslaved women The book provides a thorough introduction to the social history of women in the Roman world and gives students and aspiring scholars references to current scholarship and to primary literary and documentary sources including collected sources in translation **In Praise of Christian Origins** Todd Penner,2004-06-18 Almost all scholars look to Acts 6 1 8 3 as providing the bedrock of early Christian tradition The incident between the Hebrews and the Hellenists are

understood to reflect real historical and theological problems in the early Jerusalem community demonstrating the Hellenist role as a historical bridge between Jesus and Paul Penner's study challenges the fundamental assumptions of this approach Penner emphasizes the rhetorical and moral dimensions of ancient historiographical theory especially the centrality of narrative and plot the use of vivid description the application of comparison using various type scenes and the role of speeches in terms of characterization and the presentation of narrative style Todd Penner is the Assistant Professor of Religion at Austin College and the co editor with Caroline Vander Stichele of Contextualizing Acts Lukan Narrative and Greco Roman Discourse
