 Martin Brett, David A. Woodman, 2016-03-03 Scholars have long been interested in the extent to which the Anglo Saxon past can be understood using material written and produced in the twelfth century and simultaneously in the continued importance or otherwise of the Anglo Saxon past in the generations following the Norman Conquest of England In order to better understand these issues this volume provides a series of essays that moves scholarship forward in two significant ways Firstly it scrutinises how the Anglo Saxon past continued to be reused and recycled throughout the longue dur e of the twelfth century as opposed to the early decades that are usually covered Secondly by bringing together scholars who are experts in various different scholarly disciplines the volume deals with a much broader range of historical linguistic legal artistic palaeographical and cultic evidence than has hitherto been the case Divided into four main parts The Anglo Saxon Saints Anglo Saxon England in the Narrative of Britain Anglo Saxon Law and Charter and Art history and the French Vernacular it scrutinises the majority of different genres of source material that are vital in any study of early medieval British history In so doing the resultant volume will become a standard reference point for students and scholars alike interested in the ways in which the Anglo Saxon past continued to be of importance and interest throughout the twelfth century *Migrants in Medieval England, c. 500-c. 1500* W. audience This book looks at three areas of primary concern around baptism as a sacrament incarnation initiation and the practice of baptism within the institution of the Church and the images that embody that religious discussion Baptismal fonts have been recognized as part of the stylistic production of the Romanesque period and their iconography has been generally explored as moral and didactic Here the message of these fonts is set within a very specific history of medieval Catholic sacramental theology connecting erudite thinkers and lay users through their decoration and use
