## **Romantic Quest Modern Query A History Of The Modern Theater:**

*Romantic Quest and Modern Query* Tom F. Driver, 1971

**Romantic Quest and Modern Query** Tom Faw Driver, 1970

This far reaching and revelatory study traces across the nineteenth and twentieth centuries the history of the modern theater in what is a remarkably intriguing and suggestive exploration of the roots and bases of man's search for self understanding. The author contends that as man has perceived the richness of experience and found much of it to be incomprehensible, diverse points of view have emerged and culminated in a spirit of self alienation. This struggle is reflected in what man has produced on the stage and Tom F. Driver, by highlighting the works of its great dramatists among the Goethe and Kleist, Ibsen and Strindberg, Chekhov, George Bernard Shaw and Pirandello, Brecht and Genet, has produced a stimulating account of the modern spirit in the theatre and its meaning for contemporary culture. Covering the period 1879 to 1959 and taking in everything from Ibsen to Beckett, this book is volume one of a two part comprehensive examination of the plays, dramatists and movements that comprise modern world drama. Contains detailed analysis of plays and playwrights, connecting themes and offering original interpretations. Includes coverage of non English works and traditions to create a global view of modern drama. Considers the influence of modernism in art, music, literature, architecture, society and politics on the formation of modern dramatic literature. Takes an interpretative and analytical approach to modern dramatic texts rather than focusing on production history. Includes coverage of the ways in which staging practices, design concepts and acting styles informed the construction of the dramas.

**Social Change: Herman Heijermans' Plays as Compared with Selected Dramas by Ibsen, Hauptmann and Chekhov**

Hilda van Neck Yoder, 2013-11-11. Herman Heijermans (1864-1924) was convinced that he lived in an overgangstijdperk, a transitional period. As a young man in the eighteen nineties, he rejected those values and life styles which he felt belonged to the past period dominated by the bourgeoisie and sought out situations and a profession which would attune him to the future when he hoped the proletariat would be in power. He left the conservative business milieu of Rotterdam in 1892 and went to Amsterdam, then teeming with radical ideas. At first Heijermans was attracted to a group of poets, de tachtigers, who were claiming to have enlivened the stale tradition of Dutch poetry by discovering language and beauty in a totally new way, but soon he felt them to be elitist. Then in 1895 he became a member of the newly founded Dutch Social Democratic Workers Party. He alienated himself from the literary circles by claiming that art should be socialistic and by rejecting the class separation between artists and workers. He felt himself to be one with the proletariat and through them with The New Life and The New Humanity. Stimulated by the ongoing theater revival which he interpreted as an attempt to challenge the bourgeois smugness and moral self righteousness, he had started to write plays before becoming interested in the Socialist

**They Watch Me as They Watch This** Jane Palatini Bowers, 2016-11-11 Selected by Choice magazine as an Outstanding Academic Title Gertrude Stein wrote almost one hundred plays many of which were published and performed during her lifetime In *They Watch Me as They Watch This* the first full length study of Stein's plays Jane Palatini Bowers focuses on the author's contributions to the genre and offers individual and clarifying readings of these often difficult texts In writing about Stein's plays Bowers employs both semiotic and structuralist concepts but avoids the excessively abstract language and scientific approach often associated with this kind of criticism When compared with conventional drama Stein's plays may appear so strange as to hardly seem like plays at all Their extreme unconventionality arises from the role language takes in them Conventional plays allow us to look through the language at the dramatic world created by it Stein's plays force us to concentrate on the drama inherent in language and language making They record and reenact the poet's experiments with language and with theatrical conventions they also preserve the improvisational writing process in the printed and enacted product Furthermore Stein's plays embody her critique of and her ideas about the conventional forms of drama Thus the plays are metadramatic dramas about drama Stein's belief in the theatricality and performability of language her metatextual explorations of the interplay between poesis textuality and performance and her violations of the boundaries between literary criticism and practice have influenced postmodernist playwrights and poets such as David Antin Richard Foreman Dick Higgins Jackson MacLow and Jerome Rothenberg *They Watch Me as They Watch This* provides critical analyses of key plays which illuminate the process of Stein's experimentation during her lifetime of playwriting Stein's recent critics have eschewed a generic approach to her writing they overlook her intense interest in genre and therefore they do not consider the ways in which her texts oppose subvert and disrupt generic conventions Bowers's approach to Stein's work yields rich insights into her writing and into the genre she used It will be an important contribution to Stein scholarship and to drama

criticism as well      *The Modern Stage and Other Worlds (Routledge Revivals)* Austin E. Quigley, 2015-08-11 Modern plays are strikingly diverse and as a result any attempt to locate an underlying unity between them encounters difficulties to focus on what they have in common is often to overlook what is of primary importance in particular plays to focus on their differences is to note the novelty of the plays without increasing their accessibility In this study first published in 1985 Austin E Quigley takes as his paradigm case the relationship between the world of the stage and the world of the audience and explores various modes of communication between domains He asks how changes in the structure of the drama relate to changes in the structure of the theatre and changes in the role of the audience Detailed interpretations of plays by Pinero Ibsen Strindberg Brecht Ionesco Beckett and Pinter question principles about the modern theatre and establish links between drama structure and theatre structure theme and performance space      *Liberating Rites* Tom F.
