Romanticism and Realism ,1971 **Romanticism and realism** Charles Rosen,Henri Zerner,1985 Painting and Sculpture in Europe 1780-1880 Fritz Novotny,1995-01-01 From the Classicism of Jacques Louis David to the Realism of Courbet and the Early Impressionism of Renoir this book outlines the course taken by painting and sculpture in Europe during the 19th century Faced with the untidy sprawl of individualism which followed the French Revolution and threw up isolated geniuses like Goya the author nevertheless charts the currents in what was predominantly a century of Naturalism and also whilst artists were increasingly preoccupied with the inner man of great landscape painting when Friedrich Corot and the Impressionists proper added light and atmosphere to the former achievements of the great Dutch masters

McCarthy,Chris Washington,2019 Romanticism and Speculative Realism features a range of scholars working at the intersection of literary poetics and philosophy It considers how the writing of the Romantic era reconceptualizes the human imagination the natural world and the language that correlates them in radical ways that can advance current speculative debates concerning new ontologies and new materialisms In their wide ranging examinations of canonical and non canonical romantic writers the scholars gathered here rethink the connections between the human and non human world to envision speculative modes of social being and ecological politics Spanning historical and national frameworks from historical romanticism to contemporary post romantic ecology and from British and German romanticism to global modernity these essays examine life in all its varied forms in and beyond the Anthropocene Bloomsbury Publishing

Emma Goldman Kathy E. Ferguson, 2011-04-16 Emma Goldman has often been read for her colorful life story her lively if troubled sex life and her wide ranging political activism Few have taken her seriously as a political thinker even though in her lifetime she was a vigorous public intellectual within a global network of progressive politics Engaging Goldman as a political thinker allows us to rethink the common dualism between theory and practice scrutinize stereotypes of anarchism by placing Goldman within a fuller historical context recognize the remarkable contributions of anarchism in creating public life and open up contemporary politics to the possibilities of transformative feminism

Rebecca Harding Davis and American Realism Sharon M. Harris, 1991-06 From the late 1860s until her death in 1910 Rebecca Harding Davis was one of the best known writers in America She broke into print as a young woman in the 1860s with *Life in the Iron Mills* which established her as one of the pioneers of American realism She developed a literary theory of the commonplace nearly two decades before William Dean Howells shaped his own version of the concept Yet in spite of her importance to the literary and popular culture of her time she has been for the most part ignored by scholars Rebecca Harding Davis and American Realism helps to change that

Romantic Era Marcel Brion, 1966 **Art of the Romantic Era**, 1966 Romanticism, Realism and the Lines of Mimesis Polly Dickson, 2024-07-31 Examines the role occupied by the senses and the self in approaches to literary mimesis in nineteenth century European literature Offers the first full set of comparative readings of works by E T A Hoffmann and Honoré de Balzac arguing that Balzac was a keen and sensitive reader of Hoffmann's works Introduces little known primary materials by these two canonical authors including visual material such as a hand drawn line copied out by both Hoffmann and Balzac from Laurence Sterne's *Tristram Shandy* Makes the case for a new phenomenological reading of mimesis emphasizing the role of the senses and the self in representation by arguing simultaneously for a renewed understanding of the relationship between Romanticism and Realism Brings its focus to the motif of the line in order to open up an interdisciplinary approach to mimesis understanding writing as a practice that lies alongside and crosses over with the act of drawing and other forms of mark making Since Plato's *Republic* mimesis the artwork's tacit claim to reflect or imitate real life has faced a near constant stream of assaults being accused of naturalising a supposedly uncomplicated relationship between world and fiction *Lines of Mimesis* offers a revisionary account of mimesis Specifically it proposes a rethinking of the representational attitudes of two literary schools usually understood to be at odds with one another Romanticism and Realism through close readings of writings and drawings made by two figures usually taken to be proponents of those schools respectively E T A Hoffmann and Honoré de Balzac Across these readings

Dickson argues that a more capacious understanding of mimesis is achieved when we understand it to pertain not to the reduplication of objects in the world but to a negotiation of the subject's sensory entwinement with those objects. This new understanding can in turn more closely illuminate an artwork's own reflections on its relationship to the world, shedding light on the entanglements and crossovers between Romanticism and Realism.
