

# THE COLOSSEUM IN ROME

It is the greatest amphitheater of the whole antiquity with a circumference of 527 meters and a height of 57. Originally it was covered with marbles. In the 17<sup>th</sup> century it was declared from Pope Benedetto XIV monument to the memory of the Christian martyrs and he has been able to preserve the actual form. For the fun of the Romans fights were organized for the anniversary of the foundation in Rome in 249 A.D. with thousand of gladiators and hundreds of wilde beasts and exotic animals. Altogether the amphitheater could entertain around 50.000 people and it represents an exceptional architectural realization that testifies the wisdom and the building technique reached by the Romans.
